Pihringer,2022-09-27 Why don t they believe the same things I do Why don t they see things my way We get frustrated when people hold differing opinions from ours or view life s major issues from conflicting angles Their system of belief their worldview seems foreign to us as they filter the events of this world in ways that we would never have imagined and then come to conclusions that we would never even consider When other peoples worldviews contradict ours both of us cannot be right Is there a way to account for the differences and determine if one is right and the other wrong For the Christian especially can we defend the Christian worldview in a way that upholds our entire system of belief and then opens the door to share the gospel with those who believe differently from us The method of worldview apologetics enables the Christian to expose the faults in other worldviews demonstrate the truth of the Christian worldview and build a bridge for others to hear the gospel of Jesus Christ Both scholarly and practical worldview apologetics equips the Christian to assess and critique differing belief systems and fulfill the call to Great Commission outreach The Oxford Handbook of Reformed Theology

Michael Allen,Scott R. Swain,2020 A comprehensive study of Reformed theology spanning historical contexts to contemporary discussions Contributors provide a range of theological essays to assess representative texts of the Reformed tradition Explores the intricate ties between patristic medieval and modern thought in Reformed theology Accessible authoritative and clearly organized Book jacket *Theology as the Science of God* Ximian Xu,2022-06-13 The revival of Calvinism in the nineteenth century Netherlands entailed the neo Calvinist movement With Abraham Kuyper Herman Bavinck became a brand name of neo Calvinism Nonetheless not until the first decade of the twenty first century was scholarly interest in Bavinck s work increasing The conventional two Bavincks model used to read his work for much of the twentieth century argues that some contradictory and irreconcilable themes do exist in Bavinck s system which makes Bavinck a self contradictory thinker This dualistic reading characterised most of Bavinck scholars in the second half of the twentieth century Since James Eglinton s new reading of Bavinck s organic motif the conventional model became untenable and scholars are seeking for a reunited Herman Bavinck Bavinck as a holistic theologian has become the industry standard of Bavinck studies Ximian Xu aims on the one hand to maintain one Bavinck on the other hand and more importantly to fill in a notable gap in Bavinck scholarship that is no single work hitherto has focused on Bavinck s idea of theology as the wetenschap science of God This study demonstrates that the idea of scientific wetenschappelijke theology furnishes the meta paradigm and cardinal model that incorporates the fundamental characteristics and themes of Bavinck s dogmatic system Moreover it argues that Bavinck s scientific theology makes an attempt to engage with the other sciences Given this Bavinck

s scientific theology is relevant today That is Bavinck s theological insights can be deployed to advance theology s engagement with the other sciences in contemporary secular universities
