Elisabeth Mouland, Michael Nowlan, 1995 This resource is highly acclaimed by educators and popular among students of the high school level It is a flexible text adaptable and culturally relevant of the Atlantic Region focusing on issues concerning all groups and using case studies to encourage student learning and interaction Deciphering the Enterprise Culture

(Routledge Revivals) Roger Burrows, 2015-07-24 The idea of the enterprise culture has been much vaunted over the last few decades the growth of self employment and small business ownership has been an important feature of the restructuring of the British economy Because it is a concept that is difficult to evaluate controversial and politically sensitive social scientists were slow to analyse it Consequently it had been caricatured and many questions about its impact on society and the economy had been left unanswered This collection which was first published in 1991 presents a critical analysis of the various manifestations of the enterprise culture Drawing upon a range of research it deals with a number of related topics The result is a powerful analysis of the material and ideological role of the petty bourgeoisie in contemporary capitalism Its multidisciplinary approach which contributions from leading scholars in the field makes this book of interest to anyone wanting to make sense of the socio economic restructuring of Britain **Creating an Enterprise Culture** Fred

Denty, Denty, Frederick Nelson, Elisabeth Anne Mouland, Russell, Fraser Woodrow, 1992 **Entrepreneurial Ecosystems in Cities and Regions** Robert Huggins, Fumi Kitagawa, Daniel Prokop, Christina Theodoraki, Piers Thompson, 2024 Entrepreneurial Ecosystems in Cities and Regions assembles original contributions from scholars across the world to provide an in depth analysis of a concept that has the capability to capture a dynamic global economy with entrepreneurial innovation at the crux of its future development **Creating an Enterprise Culture** Denty, Frederick Nelson, Elisabeth

Anne Mouland, Russell, Fraser Woodrow, 1992 **OECD Territorial Reviews: Mexico 2003** OECD, 2003-02-07 This review of Mexico evaluates emerging territorial development strategies as well as relevant changes in governance such as new horizontal and vertical coordination mechanisms being introduced in conjunction with improved federal arrangements

Handbook on the Entrepreneurial University Alain Fayolle, Dana T. Redford, 2014-01-01 This insightful Handbook offers a lens through which to view entrepreneurship strategy for higher education institutions as it becomes increasingly necessary for universities to consider changing their strategies culture and practices to become more entrepreneurial Is the idea of an entrepreneurial university a myth or a reality Is the university model capable of adapting to new evolving trends and a more complex professional world And what is the impact of entrepreneurship in education Through extensive research

and case studies from some of the leading entrepreneurial thinkers around the world Alain Fayolle and Dana Redford answer these questions and raise further issues for debate Particular focus is given to developing university strategy public policy and start up support as a means to foster graduate entrepreneurship Each contribution explores different perspectives related to the entrepreneurial university concept and its role in stimulating economic growth through cooperative relationships with business and government As a comprehensive study of the entrepreneurial university this Handbook will prove invaluable to business and entrepreneurship students and academics as well as university administrators researchers and others interested in the evolution of the university **Developing Entrepreneurship** Virginia Moori Koenig,2005

Just Trust Us J. Patrick Boyer,2014-09-26 J Patrick Boyer draws together new patterns that help explain why Canadians who care deeply about our country nevertheless feel perplexed angered and even embarrassed by the way we now govern ourselves Since the late 1700s representative government has been part of our Canadian birthright and since the 1800s responsible government has additionally been a constitutional foundation of our country That the forms of both endure but not their substance is the thesis of Boyer s book The result An absence of accountability in Canadian government Most of our country s pressing concerns and complex problems from regional economic disparities to the Quebec and Western Canadian separatist movements from tax evasion to voter apathy can be traced back to this fundamental lack of accountability A citizen who understands this absence sees that it makes sense to step back from a dysfunctional system Making this accountability connection is critical Boyer concludes because only when we clearly understand the root cause of the problems we face as a nation can we begin to develop workable long term solutions *Canada and the New World Economic Order* Thomas James Wesson,2007 **OECD Territorial Reviews: Finland 2005** OECD,2005-10-26 This book reviews Finland s success in achieving balanced development over the past decade and assesses the challenges that it faces in maintaining this success

Entrepreneurship and Community Economic Development Monica C. Diochon,2004-05 An exploration of the factors that influence a community s effectiveness in fostering entrepreneurship innovation and economic development

Resources in Education ,1997 **Journal of Small Business and Entrepreneurship** ,1988 *Index de Périodiques Canadiens* ,2001 **Marine Fisheries Review** ,1990 **Trade and Traders in Mid-Victorian Liverpool** Graeme Milne,2000-11-01 This book charts the development of Liverpool s trade shipping and business culture in the third quarter of the nineteenth century Using previously neglected evidence it assesses the causes and consequences of major changes in the port s economy and considers the activities of the international trading community that had to work in this complex business environment Shipowners and merchants confronted difficult choices whether in adopting the new steamship technology diversifying into new commodity trades competing for government contracts or managing their port through the elected Mersey Docks Harbour Board **House of Commons Debates, Official Report** Canada. Parliament. House of Commons,2007 *Tropical Leviathan* Aaron Graham,2025-01-24 The colonial Jamaican state was immensely

wealthy but it was a society consumed by fear The White population feared the possibility of enslaved rebellion and foreign invasion and the Black population feared their cruel treatment as overworked labourers on Jamaica's brutal but economically productive sugar plantations With the wealthy White population investing heavily in security to protect themselves from the rebelling enslaved majority it was a society at war The wealth of the plantation system meant that White Jamaicans and their imperial representatives were able to secure the finances for this until the last decade of the eighteenth century By the early nineteenth century however the cost was proving increasingly burdensome and the great slave rebellion of 1831-32 proved fatal to the financial and political viability of the colonial state leading to emancipation in the mid 1830s *Tropical Leviathan* re-evaluates the political and economic history of the colonial Jamaican state in the tumultuous age of revolution and abolition With a large body of previous unknown data it provides empirical evidence of a functioning colonial state that contrary to previous interpretations was far from declining in the years immediately before the abolition of the slave trade in 1807 Aaron Graham provides in-depth analysis of the ways in which Jamaica's economy attempted but eventually failed to provide the resources that would maintain Jamaica as a functioning plantation state and explains how the cost of securing the colonial state against enslaved opposition eventually led to near state bankruptcy and to enslaved emancipation *Tropical Leviathan* is a comprehensive study of the complex intersections between slavery and security in a slave society and an important re-evaluation of Jamaica in the age of revolution and abolition The making, breaking and remaking of the colonial state emerges as key in the rise and fall of slavery in Jamaica
