Designing Effective Organizations David K. Banner, T. Elaine Gagné, 1995 Takes a holistic approach that is often lost in

more narrow minded texts Great for graduate students Robert Kramer Department of Management Science George Washington University With its distinctive voice this is a basic text for all courses on organizational theory BUSINESS HORIZONS This book presents an avant garde approach to an important topic about which to my way of thinking no one else has written even a contemporary book The authors perspective readily allows the reader to comprehend and appreciate what is always present often hidden and almost always controversial the subjective side of organizational life The book you are about to read provides the rationalist and the veteran exactly what they each crave the most It provides synthesis and order within a structure that acknowledges the interaction between an individual s motivations and needs and the apparent order that individual perceives The use of cartoons and other right brain highlighters allow readers to look down as opposed to looking up to understand and critique a phenomenon that a theory purports to explain and to self reflect on the importance a theory holds for the field Certainly this is a book for the 1990s from the Foreword by Samuel A Culbert John E Anderson Graduate School of Management University of California Los Angeles What the authors are attempting is very difficult David K Banner and T Elaine Gagn are declaring the presence of a new paradigm of the organization before it has actually crystallized and become part of the mainstream of organization theory As such the book is an act of leadership Peter B Vaill Professor of Human Systems School of Business and Public Management The George Washington University A valuable resource to the students and instructors of organizational design and theory courses The comprehensive coverage of traditional organization theory topics coupled with the authors contemporary orientation and transformational perspective ensure this The organizational design and theory text by Banner and Gagn addresses an important fact of organizational life that is usually ignored or given superficial treatment at best in existing organization theory texts namely that our implicit assumptions worldviews metaphors paradigms and organizational culture are important determinants of why we organize the way we do Douglas Austrom President and Cofounder Turning Point Associates Indianapolis Indiana A valuable basic text for business related undergraduate or postgraduate programmes on organization theory and practice particularly from a transformational perspectives LONG RANGE PLANNING Providing a distinctive voice Designing Effective Organizations is the new basic text for the undergraduate or MBA level course on organization theory Although it contains the same comprehensive topical coverage as the leading traditional organization theory texts Designing Effective Organizations is definitely not a clone of the others in the field David K Banner and T Elaine Gagn develop a transformational perspective which sees the world of the organization as a projection of each organizational member s consciousness as opposed to the traditional rational perspective They thoroughly cover all the basics but in a manner that reflects today s changing management paradigms Designing Effective Organizations is the perfect text for scholars researchers professionals and graduate and undergraduate students in organization studies management sociology public administration and education

Creating Excellence: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Creating Excellence : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
