Creating Groups Sage Human Services Guides:

Creating Small Scale Social Programs Barbara Schram, 1997-10-14 Built around a single case study *Creating New Agency Programs* clearly illustrates how to effectively plan implement and evaluate a small scale social program Each step in the planning process is introduced and described in a way that allows the reader to vicariously participate in the evolution of the program Useful charts time lines and resource lists are included and can be easily referenced and utilized This book s emphasis on planning is important not only because it is a much used and generally under taught skill but because successful planning is the process that can turn the dreams of a community into concrete reality This book is geared toward designing programs to meet specific social needs and organizing the relevant and human resources to implement them The programs are specific detail and activity oriented but are designed to support long range goals which may be handed down by a parent organization or the community in general The author s strategy of using a case study serves as a creative learning tool that leads readers through each practical step toward successfully creating their own small scale social program Filling the void of literature on designing programs *Creating New Agency Programs* is ideal for professionals and students in a variety fields social work human services clinical counseling psychology drugs and alcohol psychology nursing and management who are faced with the task of planning designing and evaluating a program **Understand Social Agency** Armand

Lauffer, 1984-11 This revised and expanded Second Edition of the widely read *Understanding Your Social Agency* offers students and practitioners a simple yet comprehensive introduction to organizational theory and its meaning for social agencies Each of the first ten chapters is devoted to a particular perspective for understanding the agency The final chapter considers using each of the ten perspectives independently or in tandem to solve problems within or on behalf of the agency It will be a useful guide to solving problems of an organizational nature within an agency *Family Assessment* Adele

Holman, 1983-06 A practical guide for human service workers and students which describes and shows techniques for use in assessing families The author reviews a conceptual basis of family assessment in chapters that focus on the family as a system the family and its environment and the family life cycle She goes on to describe such methods of assessment as the ecomap the genogram family sculpture and the use of observation and checklists Throughout the guide case examples are used to illustrate concepts and show the techniques in use A special feature of particular value is the self teaching exercises designed to give the reader practice in applying these ideas and methods A concluding chapter relates family assessment to treatment or intervention Practice of Case Management David P. Moxley, 1989 The Practice of Case Management in the

Human Services offers a succinct yet comprehensive guide to carrying out a case manager s responsibilities The author explores assessment of the service needs of the client facilitating the client s contact with the appropriate institutions and services monitoring the quality of services provided to the client and taking action when the client s needs are not met He also considers the therapeutic role required when needs are not met because the problems are indigenous to the client

Providing an integrated look at practice technologies applicable to a variety of practice areas the volume is appropriate for both preservice and inservice education in the field of human service

Total Quality Management in Human Service Organizations Lawrence L. Martin, 1993-09-10 Now that business government and other fields are embracing Total Quality Management TQM as their management philosophy TQM may also hold the solution for problems that exist in human services organizations today After a brief history of TQM the author discusses the philosophy of management quality as an organizational goal the challenges of determining an organization's customers and collecting and using customer quality data He also describes how to achieve quality improvement through teamwork and shows how to use brainstorming cause and effect diagrams check sheets and pareto analysis Among the other topics examined are contractor involvement training top management personnel training middle managers and staff and selecting an implementation strategy All the examples used in this volume are drawn from the fields of public administration gerontology public health and management of nonprofit organizations Total Quality Management in Human Service Organizations is a good backgrounder for human service administrators and organizations prior to undergoing a more detailed agency discussion of or training in TQM It is also of great value to students and faculty in social work administration programs who are interested in the basics of TQM

Catalogue of Training Materials for Child Welfare Services, 1980 **Building Coalitions in the Human Services** Milan J. Dluhy, Sanford L. Kravitz, 1990-05 This book focuses positively on a particular kind of politics of scarcity how human service groups can join forces and work together in coalitions in order to manoeuvre government resources more effectively generate new non governmental resources and find substitute funds The book briefly reviews the experiences of thirteen coalitions and describes how to organize develop and maintain a coalition Exercises give readers the opportunity to apply the knowledge presented in each chapter

Advanced Case Management Norma Radol Raiff, Barbara K. Shore, 1993-08-19 This overview of issues pertinent to case management in the social services illustrates the diversity of innovative approaches which have been developed These include new forms of outreach and assessment alternative methods for engaging family members and natural supports and strategies attuned to the needs of culturally diverse constituencies The degree to which existing services are available to meet clients needs and variations in service philosophies and resources are among the issues discussed Examples from many practice settings illustrate the adaptability of case management

Journal of Human Services Abstracts, 1984 **Clinical Case Formulations** Barbara Lichner Ingram, 2011-12-13 Praise for Clinical Case Formulations Matching the Integrative Treatment Plan to the Client Second Edition Barbara Ingram has put a career into the development of this book and it is wonderful My students love that it was written with them in mind and they love the statements designed to reduce anxiety and normalize the learning process This is an excellent book Amy M Rees Turyn PhD Associate Professor of Counseling Psychology Lewis Clark College A step by step model for individualized case conceptualization Fully revised and updated the second edition of Clinical Case Formulations provides step by step tools

and insightful guidance for moving from first contact with a client to the development of an effective personalized treatment plan Addressing the essential question every therapist faces How do I create a treatment plan that is the best match for my client this unique resource provides a systematic and thoughtful method for integrating ideas skills and techniques from different theoretical approaches It combines empirical research and clinical experience to create a case formulation that is tailor made for the client This comprehensive resource offers two tools to guide case formulations a problem oriented framework with a list of 28 standards for evaluating its application and a set of 30 core clinical hypotheses derived from the knowledge bases of psychology psychiatry counseling and social work professions The new edition includes Hypotheses on Emotional Focus Trauma and Metacognitive Perspective More detailed attention given to empirically supported therapies such as Dialectical Behavior Therapy DBT and Acceptance and Commitment Therapy ACT Discussion on the importance of bringing cultural competence to case formulation tasks with every client Skill building activities throughout the text Offering a thorough framework to help clients experience effective clinical service practitioners will learn to conceptualize clients needs in ways that lead to strong and individualized treatment plans as well as advice and guidance on what to do when selected interventions fail to produce the expected benefits

How Personal Growth and Task Groups Work Robert K. Conyne,1989 Focusing on normal rather than clinical populations this book presents an account of how practitioners can develop effective groups Two major categories of groups are explored task groups such as committee groups for solving problems and accomplishing tangible goals and personal groups such as psychotherapy groups for achieving individual change and developing interpersonal skills The author utilizes two extensive examples or stories throughout to demonstrate the applicability of his conceptual framework for group facilitation

Proposal Writing Soraya M. Coley,Cynthia A. Scheinberg,2008 This book is written primarily for students or beginning to moderately experienced grantwriters working in nonprofit corporations school districts or city or county agencies and provides a step by step guide to writing a successful grant proposal The third edition has been retitled *Proposal Writing The New Grantsmanship and Funding Strategies* because the authors have broadened their scope while still maintaining the aspects that made the previous editions bestsellers A new organization provides greater coherence and logic in the presentation of the chapters Throughout the book readers are presented with agency organizational analyses using a conceptual framework that is tied to a theoretical perspective about the desired outcomes This framework provides the coherence for the book and assists individuals with the mechanics of writing and challenges them to understand why a particular strategy and with what desired and measurable outcome are they seeking The book also conveys the new grantsmanship which is essential for navigating the economic political and social dimesions of proposal and grant writing
