[Anyone Can Teach Art: How to Confidently Teach Art in Your Classical Homeschool](#) Julie Abels, 2020-04-11. Me Teach art I don't even know how to draw. Many of us started there. We felt a total lack of confidence about teaching art. We wanted to give our children all the benefits of art in their education but didn't know how. Some of us did a few colorful hands-on projects with our children but we could see they weren't really learning the basics of art. We had never learned the basics of art ourselves. But then after a few years of teaching art with the classical model of education, we realized that teaching art can be as simple as teaching any other subject and we can learn it alongside our children. Now we've condensed our knowledge here for you. Instead of a how-to-draw book, *Anyone Can Teach Art* presents the scope and sequence of a classical Christian art curriculum for K-12 students. In this book, we break it all down for you. By the end of this book, you'll know why art should be included in everyone's education. What are the basics of art creation and art appreciation? How to use the ancient, amazingly effective classical model of education to teach art. Which simple drills and exercises to include in art projects to help students advance their skills. How to proceed in art education once your students have mastered the basics. What's stopping you from including art in your child's education? Learn the basics and follow the plan in this book and you'll realize how easy it really is to teach art. *Art* Julian Freeman, 1998-01-01. *The Illustrated Timeline of Art History* Carol Strickland, 2006. From cave paintings to Jeff Koons, that's where this stunningly illustrated history of art takes you. Filled with pictures of paintings, sculptures, museum artifacts, and architectural standouts and a cross-cultural approach that encompasses European, American, Asian, and Islamic masterpieces, it proceeds on a thrilling visual tour. Carol Strickland, author of the bestselling *Annotated Mona Lisa*, 300,000 copies sold, serves as guide and delivers superb background that sets the stage for each era's timeline as well as informative sidebars that reveal the broader implications of new styles and movements. **Manga Crash Course** Mina Petrovic, 2015-02-11. Everything you need to start drawing manga. In the jam-packed pages of *Manga Crash Course*, popular YouTube artist Mina Mistiqarts Petrovic shares with you all the techniques you need to create not just manga figures and faces but full characters and scenes. After learning the basics for drawing and coloring eyes, hands, feet, and other body parts, you'll move on to facial expressions, hair, and clothes—the things that will make your characters stand out from the rest. Then you'll put what you learned to the test as you play the Character Idea Game. Roll the dice to create wacky character combinations like Scary Vampire School Girl or Noisy Winged Knight.
