Dreams in Late Antiquity Patricia Cox Miller, 1998-01-11 Centuries By studying together pagan and Christian dreams Cox Miller hopes to reach a better understanding of some fundamental patterns of late antique culture DLGuy G Stroumsa The Journal of Religion A fluent and discursive text This is an adventurous exploration of a range of material which deserves to be more widely known DLGillian Clark The Classical Review Spectrum of Decadence (Routledge Revivals) Murray Pittock, 2014-08-01 The 1890s the Naughty Nineties was an exciting and flamboyant time in British life and literature First published in 1993 this title traces the genesis of the literary culture of the 1890s through some of the popular novels and literary texts of the period By examining works by such writers as Oscar Wilde Bram Stoker W B Yeats and Walter Pater Murray Pittock analyses the nature of the Decadent era and the artistic theories of Symbolism and Aestheticism Significantly he provides a full assessment of the lasting impact that the thought of the period has had on our own understanding of our cultural past Spectrum of Decadence explores the confrontations between art and science sex and mortality desire and virtue which the author argues are as much a part of modern society's fin de siècle as they were of the nineteenth century's This reissue bridges the gap between literary texts historical context and contemporary critical theory The Cyclopedia of Practical Quotations Jehiel Keeler Hoyt, 1896 Fernando Pessoa : The Bilingual Portuguese Poet Anne Terlinden, 1990 The purpose of this book is to shed light on the rather unexplored English facet of Fernando Pessoa considered one of the major Portuguese poets of the twentieth century The originality of this study also lies in its extensive use of unpublished documents Out of the bulk of Pessoa's English writings The Mad Fiddler has been selected it offers not only poems of better quality than most of his writings in English but it also has the advantage of being a complete and coherent suite of mystical poems A systematic comparative study of the themes in The Mad Fiddler and in the poems by the four Portuguese heteronyms reveals a clearer continuity and shows that Pessoa's bilingual Poetry is based on his main ontological quest which he tried to solve by means of his dramatic scattering into masks After this comparative analysis the individuality of The Mad Fiddler is defined Following an overview of the unpublished English writings found in the Pessoaan legacy The Mad Fiddler is analysed by means of Pessoa's own unpublished comments An investigation of Pessoa's private French library and of his unpublished Literary Appreciations proves how fully he understood the impact of Symbolism on the evolution of Modern Art The Mad

Fiddler could indeed be viewed as an English echo of Pessoa's interest in modern trends in Literature and as a kind of English microcosm of Pessoa's aesthetic theory *The Cyclopedia of Practical Quotations*, 1896 *Dialogue and Critical Discourse* Michael Macovski, 1997-08-07 This interdisciplinary volume of collected mostly unpublished essays demonstrates how Mikhail Bakhtin's theory of dialogic meaning and its subsequent elaborations have influenced a wide range of critical discourses With essays by Michael Holquist Jerome J McGann John Searle Deborah Tannen Gary Saul Morson Caryl Emerson Shirley Brice Heath Don H Bialostosky Paul Friedrich Timothy Austin John Farrell Rachel May and Michael Macovski the collection explores dialogue not only as an exchange among intratextual voices but as an extratextual interplay of historical influences oral forms and cultural heuristics as well Such approaches extend the implications of dialogue beyond the boundaries of literary theory to anthropology philosophy linguistics and cultural studies The essays address such issues as the establishment and exercise of political power the relation between conversational and literary discourse the historical development of the essay and the idea of literature as social action Taken together the essays argue for a redefinition of literary meaning one that is communal interactive and vocatively created They demonstrate that literary meaning is not rendered by a single narrator nor even by a solitary author but is incrementally exchanged and constructed **The cyclopedia of practical quotations, English and Latin and modern foreign languages [compiled by] J.K. Hoyt and A.L. Ward** Cyclopedia, 1896 *Ramakrishna and His Gospel (Volume 3)* Swami Bhuteshananda, For nearly a decade Swami Bhuteshananda the 12th President of the Ramakrishna Order devoted his weekly Bengali religious classes to discussions on Sri Ramakrishna and to the unique book *The Gospel of Sri Ramakrishna* His illuminating discussions brought out the thought provoking deeper dimensions of the simple homely utterances of the great prophet and they helped the audience comprehend these simple sayings of the Great Master in the light of the ancient scriptures of India specially the Vedanta as well as modern thought Not unoften many abstruse concepts many knotty philosophical questions and doubts of Vedanta metaphysics were lucidly explained and resolved These were later transcribed and eventually published in a seven volume Bengali work *Sri Sri Ramakrishna Kathamrita Prasanga* The present work is an English translation of volume six and the appendix to volume five of the original Bengali work Published by Advaita Ashrama a publication house of Ramakrishna Math Belur Math India **THE COMPLETE WORKS OF FYODOR DOSTOYEVSKY** Fyodor Dostoyevsky, 2023-11-20 The Complete Works of Fyodor Dostoyevsky is a literary masterpiece that encapsulates the complex human psyche moral dilemmas and societal issues of 19th century Russia Dostoyevsky's writing style is characterized by deep introspection psychological depth and philosophical discourse making his works a profound exploration of the human condition From the existential crisis in *Notes from Underground* to the moral ambiguity in *Crime and Punishment* this collection offers a deep dive into the darkest corners of the human soul Fyodor Dostoyevsky a Russian novelist and philosopher drew inspiration from his own tumultuous life experiences from his imprisonment in Siberia to his struggles with epilepsy His deep understanding

Greeks on Dreams R.G.A. van Lieshout, 2024-06-11 *Singing with the Mountains* William Sherman, 2023-12-05 An illuminating story of a Sufi community that sought the revelation of God In the Afghan highlands of the sixteenth century the messianic community known as the Roshaniyya not only desired to find God's word and to abide by it but also attempted to practice God's word and to develop techniques of language intended to render their own tongues as the organs of continuous revelation As their critics would contend however the Roshaniyya attempted to make language do something that language should not do infuse the semiotic with the divine Their story thus ends in a tower of skulls the proliferation of heresiographies that detailed the sins of the Roshaniyya and new formations of Afghan identity In *Singing with the Mountains* William E B Sherman finds something extraordinary about the Roshaniyya not least because the first known literary use of vernacular Pashto occurs in an eclectic Roshani imitation of the Qur'an The story of the Roshaniyya exemplifies a religious culture of linguistic experimentation In the example of the Roshaniyya we discover a set of questions and anxieties about the capacities of language that pervaded Sufi orders imperial courts groups of wandering ascetics and scholastic networks throughout Central and South Asia In telling this tale Sherman asks the following questions How can we make language shimmer with divine truth How can letters grant sovereign power and form new ethnic identities and ways of belonging How can rhyme bend our conceptions of time so that the prophetic past comes to inhabit the now of our collective moment By analyzing the ways in which the Roshaniyya answered these types of questions and the ways in which their answers were eventually rejected as heresies this book offers new insight into the imaginations of religious actors in the late medieval and early modern Persianate worlds
