Driven From Within:

Driven from Within Michael Jordan, 2012-12-25 A part of all those people who helped me along the way can be found in everything I have done and continue to do I had some great teachers and I listened to what they had to say Michael Jordan A global icon in sports style and business Michael Jordan is famous for his unrivalled athletic ability his fierce determination and his grace under pressure In **DRIVEN FROM WITHIN** he makes it clear that his phenomenal success is thanks in large part to the teachers mentors and friends who have guided him throughout his life Here is a book about the power of collaboration and teamwork the energy that is released when people share their gifts and hard won knowledge With almost two million copies of his three previous books in print Michael Jordan has proven himself to be as strong a performer in bookstores as he is on the court Lavishly illustrated and beautifully designed this is Michael Jordan s most intimate book to date Organized around the qualities that Jordan demonstrates in his own life and that he looks for in others qualities like authenticity integrity passion and commitment **DRIVEN FROM WITHIN** is an inspiring record of an extraordinary life

Driven from Within Michael Jordan, 2005-10-24 Michael Jordan is the rare global icon whose celebrity extends beyond his original stage and onto multiple platforms His relentless determination produced six NBA Championships and some of the most spectacular performances in sports history while his enduring grace and unique sense of style made him equally famous in the worlds of fashion business and marketing In *Driven from Within* Michael makes it clear that the basis for his phenomenal success came from the inside out thanks in part to those who guided him along the way His skill work ethic philosophy personal style competitiveness and presence have flowed from the basketball court into every facet of his life Nearly three years removed from his last turn as an athlete Michael s twentieth Air Jordan shoe has helped push Nike s Brand Jordan division to almost 500 million in sales Nothing of value comes without being earned That s why great leaders are those who lead by example first You can t demand respect because of a title or a position and expect people to follow That might work for a little while but in the long run people respond to what they see This is a book about the power of collaboration and teamwork the awe inspiring energy generated when people combine their creativity and passion and a fearless desire to lead Whether waking at 6 a m to work on fundamentals as a high school junior or spending hours with legendary designer Tinker Hatfield on the intricacies of state of the art shoe design Michael Jordan has never wavered in his desire to be the best It all started with an appetite to prove Whether it was competing with my siblings or trying to get attention from my parents I wanted to show what I could do what I was capable of accomplishing I wanted results and I was driven to find out the best way to get them Everyone knows the results In *Driven from Within* Michael Jordan and those in his inner circle reveal the philosophy that makes it all happen **Leading Change from Within** Brian Strobels, 2015-02-04 Change is at the core of human essence The simplest definition of change is to make different Human essence isnt so simple to define Aristotle referred to it as to ti esti the what it is As such change makes different what is Many experts now assert

the number one task of leaders is simply to manage change Yet managing change is anything but simple Leading change is even more difficult Maximizing value in this environment requires leadership and not yesterdays authoritarian style of leadership but leadership at a higher level that connects with both the heart and the mind **Attack from Within** Barbara McQuade, 2024-02-27 A NEW YORK TIMES BESTSELLER An urgent comprehensive explanation of the ways disinformation is impacting democracy and practical solutions that can be pursued to strengthen the public media and truth based politics MSNBC s legal analyst breaks down the ways disinformation has become a tool to drive voters to extremes disempower our legal structures and consolidate power in the hands of the few One of the most acute observers of our time shares a compelling work about a challenge that left unexamined and left unchecked could undermine our democracy Eric H Holder Jr 82nd Attorney General of the United States American society is more polarized than ever before We are strategically being pushed apart by disinformation the deliberate spreading of lies disguised as truth and it comes at us from all sides opportunists on the far right Russian misinformed social media influencers among others It s endangering our democracy and causing havoc in our electoral system schools hospitals workplaces and in our Capitol Advances in technology including rapid developments in artificial intelligence threaten to make the problems even worse by amplifying false claims and manufacturing credibility In **Attack from Within** legal scholar and analyst Barbara McQuade shows us how to identify the ways disinformation is seeping into all facets of our society and how we can fight against it The book includes The authoritarian playbook a brief history of disinformation from Mussolini and Hitler to Bolsonaro and Trump chronicles the ways in which authoritarians have used disinformation to seize and retain power Disinformation tactics like demonizing the other seducing with nostalgia silencing critics muzzling the media condemning the courts stoking violence and reasons why they work An explanation of why America is particularly vulnerable to disinformation and how it exploits our First Amendment Freedoms sparks threats and violence and destabilizes social structures Real accessible solutions for countering disinformation and maintaining the rule of law such as making domestic terrorism a federal crime increasing media literacy in schools criminalizing doxxing and much more Disinformation is designed to evoke a strong emotional response to push us toward more extreme views unable to find common ground with others The false claims that led to the breathtaking attack on our Capitol in 2021 may have been only a dress rehearsal **Attack from Within** shows us how to prevent it from happening again thus preserving our country s hard won democracy **Driven from Home** David Silkenat, 2016-10-15 Examining refugees of Civil War era North Carolina **Driven from Home** reveals the complexity and diversity of the war s displaced populations and the inadequate responses of governmental and charitable organizations as refugees scrambled to secure the necessities of daily life In North Carolina writes David Silkenat the relative security of the Piedmont and mountains drew pro Confederate elements from across the region Early in the war Union invaders established strongholds on the coast to which their sympathizers fled in droves Silkenat looks at five groups caught up in this floodtide of emigration enslaved African

Americans who fled to freedom white Unionists pro Confederate whites both slave owners who often forced their slaves to migrate with them and non slave owners and young women often from more besieged areas of the South who attended the state s many boarding schools From their varied experiences a picture emerges of a humanitarian crisis driven by mobility shaped by unprecedented economic pressures and disease vectors and exacerbated by governments unwilling or unable to provide meaningful relief For anyone seeking context to current refugee crises Driven from Home has much to say about the crushing administrative and logistical challenges of aid work the illusory nature of such concepts as home fronts and battle lines and the ongoing debate over links between relief and dependence An Outline of Ship Building John Fincham,1852
