Dropping Back In:

Sector 12 and the Art of Falling Joseph Kainz, 2018-01-10 It's a hard life being a Frontier Corps Ranger in Sector 12. Operating outside human controlled space dealing every day with hostile alien governments, criminals, anti-Frontier Corps paramilitary groups and the like while serving simultaneously as soldier, scout, operative, spy and roving law enforcement officer. Still Red or Rab or Rubicon or a lot of other less polite names manages to stay on top of things. Sure his methods might be just a mite erratic, garnering wholly baseless charges of being terminally insane but at least he's always gotten the job done. So far. His current assignment might break that streak. A Frontier planet is the victim of extremely barbaric raiders and the Ranger they've sent a distress call to is unavailable. In order to fulfill his mission, Red might have to be polite to the settlers, maintain cordial relations and worst of all, perhaps even compromise here and there. To die trying no longer seems like the worst possible outcome. *Driver*, 1984-08

Sports, Media, and Society Kevin Hull, 2024-03-26 Whether espoused by sports leagues, teams or individual athletes, social issues are part of the sporting world fabric. The sports media often plays the gatekeeper, deciding how messages are presented and to what extent they're covered, if at all. Sports Media and Society investigates the impact of societal issues in sports and how the media reports those stories. Why does the sports media operate in the manner that it does and what's the impact of its decisions on the audience? With Sports Media and Society, there is now a resource that combines mainstay class discussion points, current case studies and theoretical and historical foundations in one comprehensive text. The book's 34 chapters are each short and concise, a format preferred by instructors, covering a wide range of topics and easily digestible for students. Part I covers sports media history and the media's role as gatekeeper. Chapters explore the history and evolution of various media: newspapers, magazines, radio, television and
