Drug War Peter Walsh,2018-11-28 Drug War is a landmark modern history the first ever full account of the United Kingdom s fight against the illegal importation of drugs Packed with remarkable revelations and thrilling anecdotes it tells for the first time the story of the high level traffickers who drugged Britain and the secretive organisation that tried to stop them the Investigation Division of HM Customs and Excise The ID s elite officers waged a fifty year battle to stem the tide of cannabis cocaine and heroin arriving by land air and sea and to track arrest and prosecute the smuggling gangs both organised and chaotic who turned an amateur pastime into a multi billion pound trade The result of more than 100 unique interviews many with insiders who have never spoken publicly it is a ground breaking account of one of the most vital subjects of our times It begins with the UN Single Convention of 1961 intended to enshrine a worldwide ban on narcotics Yet

within five years the UK was on the cusp of a narco boom driven by immigrants from its former colonies and by the eruption of the youth counterculture. The insidious effect was to corrupt key areas of British life including airport baggage and freight handlers at Heathrow Airport, dockers at the major ports and even the Drug Squad at New Scotland Yard. Drug War chronicles the first major barons including the brilliant laser scientist Dr Gurdev Singh Sangha, the rise of hippie traffickers such as the legendary Howard Marks and the violent gangland syndicates that ultimately brushed them aside, the ongoing rivalry between police and Customs and how this often blighted the law enforcement response, the emergence of London's first heroin godfather Gigi Bekir and how the Turkish state was complicit in flooding the country with smack, the heavyweight untouchables who eventually streamlined the drug business and the extraordinary covert methods employed against them and how secret liaison with British and American spy agencies led to the biggest cocaine seizures ever, the motherships of the Colombian cartels. Concluding with the series of mishaps and scandals that ushered in the Serious Organised Crime Agency, Drug War is a ground breaking account packed with unique revelations, personal testimony and fresh analysis.

Parliamentary Debates. Legislative Council and House of Representatives New Zealand. Parliament, 1985 *To Create a Select Committee on Narcotics Abuse and Control United States. Congress. Senate. Committee on Rules and Administration, 1980* **Making Crime Television** Anita Lam, 2013-10-15 This book employs actor network theory in order to examine how representations of crime are produced for contemporary prime time television dramas. As a unique examination of the production of contemporary crime television dramas, particularly their writing process, *Making Crime Television: Producing Entertaining Representations of Crime for Television Broadcast* examines not only the semiotic relations between ideas about crime but the material conditions under which those meanings are formulated. Using ethnographic and interview data, Anita Lam considers how textual representations of crime are assembled by various people including writers, directors, technical consultants and network executives, technologies, screenwriting software and whiteboards and texts, newspaper articles and rival crime dramas. The emerging analysis does not project but instead concretely examines what and how television writers and producers know about crime, law and policing. An adequate understanding of the representation of crime, it is maintained, cannot be limited to a content analysis that treats the representation as a final product. Rather, a television representation of crime must be seen as the result of a particular assemblage of logics: people, creative ideas, commercial interests, legal requirements and broadcasting networks. A fascinating investigation into the relationship between television production, crime and the law, this book is an accessible and well researched resource for students and scholars of Law, Media and Criminology. *The Myth of Judicial Independence* Mike McConville, Michael McConville, Luke Marsh, 2020 This book contests the existence of judicial independence. It maintains that civil servants historically and up to the present day have advanced executive mission creep and eroded common law principles via their influence over the Judges. careful examination of drug users and their regulators including doctors social workers and police officers **Blue Army** Jude McCulloch,2001 We expect the police to stop armed robbers to arrest drug dealers to keep the peace at demonstrations and to protect us from crime Many of us believe that police officers need to carry guns to protect themselves as well as us But do we want our police forces to become armies Most of us are shocked when suspects are shot dead by police before they can be tried and disturbed to see police wearing riot gear and using baton charges at peaceful demonstrations When police begin using paramilitary tactics the essential nature of their role is redefined switching from protection and peacekeeping to active aggression Some units within our police forces such as the Special Operations Group train with the military and use military weapons and tactics In looking behind the extraordinary number of police shootings in Victoria Blue Army examines how the Special Operations Group and their tactics which are passed on to ordinary police have contributed to the toll Jude McCulloch s involvement as a lawyer in cases of police shootings led her to detailed investigation of changes to policing in Australia Blue Army arises from her research into the paramilitarisation of the police It exposes the risks of allowing Australia s police forces to move away from the key principle of keeping the peace with the use of minimum force Blue Army is a very disturbing book and one of great importance **Darcus Howe** Robin Bunce,Paul Field,2015-03-26 This political biography uses Howe s personal history as a lens through which to explore the British civil rights movement in the years of 1970s and 80s
