Music and Dance Traditions of Ghana Paschal Yao Younge, 2024-10-17 The music and dance traditions of Ghana's four main ethnic groups are covered comprehensively in this book. It discusses concepts of music, dance, and performance in general and also goes into cultural perspectives, performance practices, and the form and structure of 22 musical types or dance drumming ceremonies. As a guide to multicultural education, it provides teaching methods and components of curriculum development. Numerous photographs, maps, and musical scores generously illustrate the book. **The Belt and Road Initiative** Gao Xiang, Kostas Gouliamos, Liu Zuokui, Christos Kassimeris, 2025-05-04 This open access book presents the main theme which advances the significance of cultural dialogue between China and Europe. The essence of the historical ties between China and Europe has resurfaced much because of the Belt and Road Initiative launched in 2013 by China's President Xi Jinping. The Belt and Road Initiative aims to bring China closer to Europe, Africa, and other parts of the world as well as to connect certain parts of Asia into a huge network of countries through both land and maritime corridors. While the concept originally dates back to the Han Dynasty some 2 000 years ago when the Silk Road developed into an ancient network of trade routes connecting Imperial China to the markets of the Mediterranean, the Belt and Road Initiative is better defined as a far more holistic approach. As per China's Policy Paper on the European Union, one of the main aims of the Belt and Road Initiative is to uphold inter-civilization dialogue and harmony in diversity to facilitate mutual learning between the Chinese and European civilizations. It is precisely this mutual learning between the Chinese and European civilizations that the present book seeks to explore by means of delving into the historical aspect of intercultural dialogue and between China and Europe while also proposing a prognosis of how the guiding principles of China-EU relations will develop with regard to inter-civilization dialogue. **Hail Orisha!** Peter McKenzie, 2023-08-14 Orisha worshippers who were not subjected to forced migration to the Americas in the nineteenth century remained their own masters inhabiting cities, towns, and farm villages in their West African kingdoms. This study uses documentation from Yoruba writings and from the written record of European missionaries to describe the various facets of their religious life. Arranged in the form of a phenomenology, the work deals with such matters as the veneration of the environment, carved images of the divine, the orisha celebrated in festival worship, and sacrifice systems of divination, female and male religious specialists, and the protean divinities themselves. The comprehensive use of archival material will ensure the abiding value of this historical picture of the orisha, useful for comparisons with the present day. **The Essential Guide to Possession, Depossession, and Divine Relationships** Paxson, Diana L., 2015-03-01 Bestselling author of several fantasy novels including Marion Zimmer Bradley's *Ancestors of*

Avalon Diana L Paxson now turns her attention to Trance Possession Specifically how to safely and effectively enter and to exit possessory trance In possessory trance one voluntarily offers one s body as a vehicle for spirit work This differs from other forms of trance in that one s normal personality is replaced by a personality that is identified by oneself and one s community as a spirit or a god Here Paxson explores all aspects of trance possession including how to prepare for possessory trance how to enter and exit trance possession safely and what to do if things get too heavy connecting with Saints and Spirits including those found in Afro Diasporic religions A practical book of particular interest to witches and pagans each chapter includes two to five exercises that will assist you in your personal experiences with possession **World Music**
