Lacrima Gland, Tear Film, and Dry Eye Syndromes David A. Sullivan, 2012-12-06 During the past decade a significant international research effort has been directed towards understanding the composition and regulation of the precorneal tear film This effort has been motivated by the recognition that the tear film plays an essential role in maintaining corneal and conjunctival integrity protecting against microbial challenge and preserving visual acuity In addition research has been stimulated by the knowledge that alteration or deficiency of the tear film which occurs in countless individuals throughout the world may lead to desiccation of the ocular surface ulceration and perforation of the cornea an increased incidence of infectious disease and potentially pronounced visual disability and blindness 7 To promote further progress in this field of vision research the International Conference on the Lacrimal Gland Tear Film and Dry Eye Syndromes Basic Science and Clinical Relevance was held in the Southampton Princess Resort in Bermuda from November 14 to 17 1992 This meeting was designed to assess critically the current knowledge and state of the art research on the structure and function of lacrimal tissue and tears in

both health and disease The goal of this conference was to provide an international exchange of information that would be of value to basic scientists involved in eye research to physicians in the ophthalmological community and to pharmaceutical companies with an interest in the treatment of lacrimal gland tear film or ocular surface disorders e g Sjogren s syndrome

Sullivan,B. Britt Bromberg,2013-11-11 During the past several decades a significant international research effort has been directed towards understanding the composition and regulation of the precocular tear film This effort has been motivated by the recognition that the tear film plays a critical role in maintaining corneal and conjunctival integrity protecting against microbial challenge and preserving visual acuity In addition research has been stimulated by the knowledge that alteration or deficiency of the tear film which occurs in numerous individuals throughout the world may lead to desiccation of the ocular surface ulceration and perforation of the cornea an increased incidence of infectious disease and potentially pronounced visual disability and blindness Heal Your Dry Eyes Sandra Young, OD,2018 Have you ever had symptoms such as your eyes burning itching or feeling like there are grains of sand in them Are your eyes chronically red or irritated eyes Perhaps your eyes water all the time One very common cause of these symptoms is a condition known as dry eye Heal Your Dry Eyes Nutrition Recipes is a guidebook to help you navigate your way to moist comfortable eyes Dry eyes have many underlying causes The ocular surface becomes inflamed Proper nutrition helps to modulate inflammation in the eyes and throughout the body Enjoy delicious recipes designed to improve tear composition tear production while reducing ocular surface inflammation Dry Eye: the Hidden Health Hazard Kazuo Tsubota MD PhD MBA,2022-04-06 Do you use your computer for hours at a time Do you own a smartphone tablet or Ebook reader Do you have a long drive to work If your answer is yes to any of the above the chance is high that you may unknowingly suffer from dry eye Gazing at a screen reading and driving are activities that many of us do in our daily lives and these same activities contribute to dry eye As a dry eye sufferer myself it has become my passion to educate and inform the public about this often misunderstood disease Dry eye cases have increased to epidemic proportions in recent years Yet there is good news as well the latest research holds the key to preventing and curing dry eye for good and transcends conventional methods I believe dry eye is a lifestyle disorder Humans have been using web based devices exercising less overeating experiencing excess stress etc and COVID 19 actually aggravated this direction for humans which I believe increased a lot of lifestyle disorders such as obesity diabetes cancer high blood pressure depression and of course dry eye Especially in this new era we have to combat the sudden lifestyle changes occurring now Lacrimal Gland, Tear Film, and Dry Eye Syndromes 2 David A.
