Brokaw,2023-08-08 Post World War II America has often been mythologized by successive generations as an exceptional period of prosperity and comfort At a time when the Cold War was understood to be a battle of ideas as much as military prowess the entertainment business relied heavily on subtle psychological marketing to promote the idea of the American Dream The media of the 1950s and 1960s promoted an idealized version of American life sustained by the nuclear family and bolstered by a booming consumer economy The seemingly wholesome and simple lifestyles portrayed on television screens however belied a torrent of social economic and political struggles occurring at the time By the late 1950s television writers were increasingly constrained to distract audiences from confronting counternarratives to the Dream Among the programs that railed against this trend was Rod Serling s television masterpiece The Twilight Zone Now considered an enduring classic the allegorical nature of the show provides a window into the many overlooked issues that plagued Cold War America In **Monsters on Maple Street** The Twilight Zone and the Postwar American Dream David J Brokaw describes how the TV show reframed popular portrayals of white American wish fulfillments as nightmares rather than dreams Brokaw s close reading of

the show's sociopolitical dimensions examines how the series creators successfully utilized science fiction horror and fantasy to challenge conventional thinking and avoid having their work censored around topics such as sexuality technology war labor and the workplace and white supremacy In doing so Brokaw helps us understand how the series exposed the underbelly of the American Dream and left indelible impressions in the minds of its viewers for decades to come **My Mother's Dream** Bill Lightle,2010-05 A beautifully written story about friendship love and ball players from a small Indiana town who played with big hearts **May Dreams** Henry Abbey,1862 **Dreams That Speak** Antoinette M. Katz, 2022-08-31

Each step we take brings us closer to a moment in our life that may change it forever Dreaming Missouri explores the nooks and crannies of a life each moment filled with indelible occasionally startling events Sometimes they happen to us Sometimes they happen to others But life impacts life and Dreaming Missouri uses the lens of poetry to examine the ways in which our lives interconnect the way that a place you've never been or someone you've never met collides with you and changes who you are forever From love to loss from love that struggles to survive to children who leave the nest emptied and lonely to those whose names we read about in newspapers or hear about on the 6 o'clock news this raw and throbbing collection of poems will draw you in and remind you that we are all vulnerable and susceptible to the hazards of living
