Dreamscape and Other Poetic Musings Ken Bremer, 2005-08-01 This collection was the genesis of long hours of meditation and concentration My poetry is meant to convey my feelings and opinions of my surroundings I tried to remain objective during its writing but in the instances that the first person narrative is in use I did not succeed Dreamscape is a nostalgic look at the world around me Conflicts trials tribulations and other forces led me to be able to create this collection Please consider the mistakes and advice discussed in this collection and use them to better your life I feel that writing is the supreme method in which inner peace can be fulfilled Thank you to all those who read and enjoyed my last book I write for enjoyment only yet it brings me further enjoyment to see others looking forward to reading my poetry *PRINTED*

Alison M Lowther, 2020-03-02 This book is divided into four sections with each section addressing the different stages of the healing journey which we all go through in life We are all in this life together We are all endeavouring to make this world a more peaceful and pleasant realm in which to live rather than merely exist *Cartographer of the Lucid Abyss* Claire Navarro, 2025-01-03 Enter Aurin a metropolis cloaked in perpetual twilight where dreams are currency and the subconscious reigns supreme Obsidian skyscrapers pierce the violet sky casting long shadows over alleyways teeming with dream peddlers and ethereal night walkers Here Sorya a cartographer of the mind meticulously charts the labyrinthine landscapes of the sleeping world translating whispers of desire and fear into intricate diagrams But Sorya's ordered existence shatters when she's commissioned to map the dreams of Theron Vance a comatose man rumored to hold a secret of cosmic significance Within Theron's mindscape she discovers not a dying mind but a breathtaking realm of crystalline structures and rivers of liquid moonlight guarded by a chained entity of immense power It offers Sorya a dangerous bargain the very secrets of Aurin's existence in exchange for its freedom Drawn into a world of dream thieves and power brokers Sorya encounters Miranda Golden a shrewd dream merchant with a hidden agenda and Joseph Olson a psychiatrist haunted by his past As she unravels Theron's dream a terrifying truth emerges Aurin itself is the entity's prison woven from the collective unconscious of its citizens The entity's liberation could unravel reality plunging the city into an abyss Torn between forbidden knowledge and the city's fate Sorya navigates surreal dreamscapes and the treacherous political currents of Aurin Unseen forces watch her every move blurring the lines between dream and reality Her investigation into Theron's past reveals a shared history with the entity a connection shrouded in mystery and exploited by the clandestine Oneiric Order They believe the entity's release

will usher in an era of enlightenment but their ambition blinds them to the true cost As Sorya delves deeper she uncovers her own family s entanglement with the Order and the entity realizing her inherited gift is the key to Aurin s survival With the city on the brink of collapse she must confront the entity and make a harrowing choice maintain its imprisonment or risk unleashing unimaginable chaos But what if freedom and survival aren t mutually exclusive What if the key lies not in severing the connection but in transforming it In a climactic battle for Aurin s soul Sorya must rewrite the narrative of its collective unconscious forging a new destiny where dreams and reality intertwine and the city embraces the full spectrum of human experience

Imagining Equality in Nineteenth-Century American Literature Kerry Larson,2008-11-20 The theme of inequality has often dominated academic criticism which has been concerned with identifying analyzing and demystifying various regimes of power and the illicit hierarchies upon which they are built Studies of the United States in the nineteenth century have followed this trend in focusing on slavery women s writing and working class activism Kerry Larson advocates the importance of looking instead at equality as a central theme viewing it not as an endangered ideal to strive for and protect but as an imagined social reality in its own right one with far reaching consequences In this original study he reads the literature of the pre Civil War United States against Tocqueville s theories of equality Imagining Equality tests these theories in the work of a broad array of authors and genres both canonical and non canonical and in doing so discovers important themes in Stowe Hawthorne Douglass and Alcott

Circle with No Centre Deepak khurana,2025-05-06 Is life a circle with no single center It was a restless spin for him from brief romances to a safe but hollow job to a quiet longing for genuine purpose For her it meant heartbreak then fierce independence and finally a passion that lit her every step Each believed they would keep circling alone But when their paths unexpectedly overlap they discover a new space an unplanned center neither saw coming Within that gentle overlap old fears soften and dormant dreams spark to life Yet real closeness challenges everything they thought they knew how to protect themselves how to trust Can two people each rotating in a personal orbit of past mistakes and new ambitions learn to revolve together without losing who they are

Asian American Poets Guiyou Huang,2002-05-30 Even though Asian American literature is enjoying an impressive critical popularity attention has focused primarily on longer narrative forms such as the novel And despite the proliferation of a large number of poets of Asian descent in the 20th

century Asian American poetry remains a neglected area of study Poetry as an elite genre has not reached the level of popularity of the novel or short story partly due to the difficulties of reading and interpreting poetic texts The lack of criticism on Asian American poetry speaks to the urgent need for scholarship in this area since perhaps more than any other genre poetry most forcefully captures the intense feelings and emotions that Asian Americans have experienced about themselves and their world This reference book overviews the tremendous cultural contributions of Asian American poets Included are alphabetically arranged entries on 48 American poets of Asian descent most of whom have been active during the latter half of the 20th century Each entry begins with a short biography which sometimes includes information drawn from personal interviews The entries then discuss the poet's major works and themes including such concerns as family racism sexism identity language and politics A survey of the poet's critical reception follows In many cases the existing criticism is scant and the entries offer new readings of neglected works The entries conclude with bibliographies of primary and secondary texts and the volume closes with a selected general bibliography

Mining for Jewels Philip Cavendish, 2000

Evgenii Zamiatin's reputation rests on the pivotal role he played in the development of Russian modernism Hitherto however critical engagement with the experimental nature of his fiction has been largely confined to his middle period the satirical stories set in Great Britain the dystopian novel *My* and related works As a writer who came to prominence at the time of the October Revolution Zamiatin is best known as an early and vocal critic of the new culture of conformism and as the author in the 1920s of various artistic manifestoes in which he engaged with the problem of literature's future in relation to the Revolution and sought to articulate his own brand of synthetic modernism This study presents a different and complementary view of Zamiatin as a writer whose fiction whilst certainly modernist conformed to what Eikhenbaum termed literary Populism Zamiatin's intimate knowledge of the Russian provinces and the world of folk religious culture are key elements in the *skaz* style conceit which underpins his early fiction This study stresses Zamiatin's enormous debt to such writers as Leskov and Remizov and locates his work within a rich tradition of ethnographic belles lettres and oral based fiction The texts analysed exploit materials from the folk religious imagination in an attempt to refresh and democratize the literary language through the use of the peasant vernacular Zamiatin sought immediacy and dynamism in his provincial prose and his works in this mould are best appreciated through the prism of twentieth century neoprimitivism and expressionism Their *lubok* style simplicity however conceals a complex attitude towards the folk religious world at their core The poetic and celebratory is balanced by the sceptical and ironic and the resulting tension characterizes these texts as essentially modernistic
