Rochester, 1890 (1863). George P. Humphrey. A Book Of Essays Written In The Country. Without a doubt, one of the best books of essays I have ever read. His essay, Dreamthorp, about the village that became his home, is but a prelude, a teaser to essays such as the likes of Christmas and On The Importance Of Man To Himself. A Shelf In My Bookcase, which contains the reasons why certain books are on this one particular shelf of his, makes me want to acquire the books that are on his shelf (I have two already). But, the essays that really got my attention were On The

Writing Of Essays, and Men Of Letters, which were indepth studies and glimpses of the essayist in general and certain essayists in particular. Both A. Edward Newton and Christopher Morley recommended this book. Now I know why.
