When Ashley Hutchings broke away from Fairport Convention in 1969 he recruited two musical duos to form Steeleye Span. They didn't seem to agree about very much at all. This fractious group imploded before their debut album was even released. Undeterred, two new musicians were enlisted and the band continued. Then Hutchings himself resigned. Rather than this being a disaster, however, it set in train what would become the band's most commercially successful period in the early 1970s. This was an extraordinary time for folk rock, but it was not to last. The second half of the decade saw another change in line-up, disappointing album sales and a two-year hiatus. All was not lost, though, and the classic line-up reconvened at the start of the 1980s. Covering a two-decade period, this book examines every album from *Hark! The Village Wait* in 1970 to *Tempted And Tried* in 1989. The fascinating history behind the traditional songs on these albums is examined in detail, together with insights into how the band went about truly making them their own. This is a meticulously researched celebration of the music of one of the UK's most important bands in the folk rock genre at the most crucial period in its history. The author, a former politician, Darren, spent many years writing about current affairs, but after stepping away from politics, he was able to devote time to his first love, music. His previous books for Sonicbond were *The Sweet In The 1970s*, *Suzi Quatro In The 1970s*, and *Slade In The 1970s*. Following this glam rock trilogy, he now turns his attention to folk rock. A keen follower of both rock and folk, he maintains a popular music blog, *Darren's Music Blog*, and has reviewed many albums and gigs over the past decade.
