wrote his memoir almost forty years later Gennett had outwitted and outworked countless competitors in the southern mountains to make his mark as one of the region s most seasoned innovative and successful lumbermen His recollections of a rough and ready outdoors life are filled with details of logging from the first cruise of a timber stand to the moment when the last board lies on sticks in the mill yard He tells how massive poplars oaks and other hardwoods had to be felled and trimmed by hand dragged down mountain slopes by draft animals floated downstream or carried by rail to the mill and then sawn graded and stacked for drying He tells of buying timber rights in a land market filled with sharp operators where titles and surveys were often contested and kinship and custom were on an equal footing with the law Gennett saw more than potential boardfeet when he looked at a tree He recalls for instance his efforts to convince the U S Forest Service to purchase undisturbed areas of wilderness at a time when its mandate was to condemn and buy up farmed out and clear cut land One such sale initiated by Gennett would become the Joyce Kilmer Wilderness in North Carolina Filled with logging lore and portraits of the southern mountains and their people Sound Wormy adds an absorbing new chapter to the region s natural and environmental history *The Canadian Magazine and Literary Repository* ,1824 **The Whole Works of the Late Reverend Thomas Boston ...
