The Blood Covenant Henry Clay Trumbull,1893 **The Rough Guide To Conspiracy Theories** James McConnachie,Robin Tudge,2008-09 This guide questions conspiracies from phony crucifixions to fake moon landings stolen elections to manufactured viruses Included are famous conspiracy theories such as the cause of Princess Diana s death the Eiffel Tower as a German Zeppelin mooring ground and what really happened on 9 11 **Blood in the City** Richard D. E. Burton,2018-10-18 The Terror of 1793 94 the Paris Commune of 1871 the Dreyfus Affair explosions of violence punctuated French history from the start of the Revolution until the Liberation at the close of World War II The distinguished scholar Richard D E Burton here offers a stunningly original account of these outbursts concluding that recourse to political violence was not occasional and abnormal but rather the usual pattern in French history Instead of adhering to conventional chronological lines Blood in the City is structured topologically around a number of major Parisian sites of memory including Place de la Concorde Sacr Coeur and the Eiffel Tower For thirty years Burton has visited and revisited Paris criss crossing the streets on foot and lived with great nineteenth and twentieth century literary depictions of the city Drawing on historical literary visual anthropological and psychological sources he develops a wide ranging account of violence in modern French politics In so doing he provides powerful insights into political violence scapegoating the idea of sacrifice and the widespread French obsession with conspiracy Burton demonstrates that time and again the same basic scenario has been acted out on the streets of Paris one or more people would be singled out from the community and imprisoned exiled or more often subjected to violence by the crowd or the state In particular he explores how Catholicism in its extreme ultrareactionary form shaped the worldviews of Parisians and how the killing of a sacrificial victim came to be seen as a reenactment of the crucifixion of Christ Dictionary of dates, and universal reference. [With] Joseph Timothy Haydn,1892 Blood on the Snow Jan Bondeson,2014-01-31 The Swedish Prime Minister Olof Palme a major figure in world politics and an ardent opponent of apartheid was shot dead on the streets of Stockholm in February 1986 At the time of his death Palme was deeply involved in Middle East diplomacy and was working under UN auspices to end the Iran Iraq war Across Scandinavia Palme s killing had an impact similar to that of the Kennedy assassinations in the United States and it ignited nearly as many conspiracy theories Interest in the Palme slaying was most recently stirred by reports of the death of

Christer Pettersson who was tried for the murder twice convicted the first time and then acquitted on appeal In his investigative account of Palme s still unsolved murder the historian Jan Bondeson meticulously recreates the assassination and its aftermath Like the best works of crime fiction this book puts the victim and his death into social context Bondeson s work however is noteworthy for its dispassionate treatment of police incompetence the police did not answer a witness s phone call reporting the murder just 45 seconds after it occurred and further time was lost as the police sought to confirm that someone had actually been shot When the police arrived on the scene they did not even recognize the victim as the Prime Minister This early confusion was emblematic of the errors that were to follow Bondeson demolishes the various conspiracy theories that have been devised to make sense of the killing before suggesting a convincing explanation of his own A brilliant piece of investigative journalism **Blood on the Snow** includes crime scene photographs and reconstructions that have never before been published and offers a gripping narrative of a crime that shocked a continent **In the Blood**

of Our Brothers Jesús Sanjurjo,2021-10-26 This book details the abolition of the slave trade in Spanish America to the 1860s **Glory and Terror** Antoine de Baecque,2013-07-04 Glory and Terror is a vivid and often gory history of the darker side of the French Revolution Through an examination of contemporary visual and literary representations of executions funerals processions and ceremonies it brings the often horrific events of the time to life Honing in on seven real life cases the author recounts and interprets the public autopsy performed on the corpse of Mirabeau the exhumation and transportation of Voltaire s body to the Pantheon the public torture murder and subsequent mutilation of the Princesse de Lamballe the agonizingly slow death of Robespierre Anyone who enjoys dazzling cultural history in the vein of Robert Darnton Carlo Ginzburg and Anthony Grafton will revel in this intelligent and original work **Blood Will Tell** Joseph Bosco,1993 In the early morning of February 24 1984 Janet Cannon Myers a beautiful young mother poet and dancer was found dead lying amid an explosion on her living room floor There were only two men in the whole world who could possibly have committed the deed her husband Kerry and one of his closest friends Bill Fontanille The media blitz immediately after the murder featured stories of a badly injured grieving husband an all night fight and hostage situation as he vainly tried to protect his family his desperate call to the police and charges against Bill Fontanille the scorned lover for attacking Kerry Myers almost killing his two and a half year old son and bludgeoning to death Kerry s wife But upon close examination of Kerry s and Bill s statements to the police the prosecutor s office found a troubling coincidence Their accounts of what happened were virtual mirror images the stories all but identical except that each accused the other of attacking him with either a knife or a bat immediately upon entry into the Myers house that late Thursday afternoon Each man vowed his innocence in fact each man said he hadn t even seen Janet during that long evening much less her corpse After four grand juries and three trials over seven years both men were sent to prison yet no one including the judge and jury who convicted them and the district attorney s office that prosecuted them has been able to determine who did what to whom and why

Perhaps until now that is Through hundreds of interviews exhaustive research in thousands of pages of documents and exclusive access to both Kerry Myers and Bill Fontanille Joe Bosco has done what the media the courts and all the family members and friends of the victim and the suspects have never been able to do break open the sordid vault that holds so many of even the best family s secrets and lay bare all that is necessary for you to understand and then render your verdict upon what actually happened that horrific night Blood Will Tell is the story of a quiet New Orleans suburb whose deceptive calm is shattered by unimaginable savagery a world where seemingly perfect marriages cover up histories of constant abuse where close friendships are betrayed for sex where loyalty and love are forgotten in the grip of ambition and greed Bosco sketches indelible portraits of the victim and the accused exposing passions and flaws that made this tragedy inevitable Blood Will Tell is also a riveting legal thriller a page turning succession of back and forth accusations of judgments and reversals of court opinions For ten years this extraordinary case has gripped New Orleans Hollywood and the national media With the shattering revelations in this book it is certain to endure as a legal phenomenon and a landmark in the U S criminal justice system for decades to come BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Historical Finger-post** Edward Shelton,1879 The Historical Finger-Post ...
