Conspiracy Against Divine Sexuality:

Conspiracy Against Divine Sexuality Moran M. Judson, 2004-02-02 Whether you believe in a Creator or not human sexuality affects every layer of your spirit and life You are either tickled to your hearts delights by the streams of fiery passions of your sexuality or are aimlessly drifting through the doldrums of the monotonous waves of life as a shipwreck In this graphic and honest discussion on the complexity and history of human sexuality and its purpose and impact on us all the author is boldly delving into this stormy topic with these aims in mind How did it all start and where to find the answers Was there an original pure teaching of this dynamic human phenomenon Who was interested in fouling the atmosphere of human sexuality How and by whom was it perpetuated on innocent lives throughout history What were the results of this conspiracy on you personally How to reverse it What is The Song of Solomon the master lover all about and how to achieve the ideal spiritual and sexual intercourse In this work the Biblical and historic narratives concerning human sexuality will enlighten us one step at a time until we reach the sparkling and inviting lights at the end of our sexual journey **Sorry! There Is No**

Afterlife! None Goes to Heaven or Hell! Mike M. Joseph, 2008-10-28 All religions believe in an afterlife existence immediately after death All believe in the immortality of the soul Some believe in reincarnation Jews Christians and Muslims believe that good people will go to Heaven evil ones will go to Hell Many devout Jews pray to their Saints in Heaven Catholics pray to their Saints especially to Mary The Queen of Heaven Protestants pray to their loved ones in Heaven Devout Muslims believe that their Prophet Muhammad ascended up to Heaven from Jerusalem They regard this city as the third holiest place to Islam As a consequence much of the Jew Arab conflict centers over the holiness of the City to both Jews and Muslims and the alleged Temple Mount true location Fanatic Muslim terrorists believe the road to Paradise as Shahids immediately after death must be paved over the body parts of their indiscriminate victims According to Irans president Ahmadinejad the purpose of the revolution and nuclear Iran is to prepare for the imminent return of the Mahdi the twelfth Imam Hence Israel must be destroyed the West must be subjugated and the rest of the world must submit to the coming Mahdis reign of peace on earth If the belief in an afterlife immediately after death is true then both the Bible and the Quran should fully confirm it in plain words But what if they instead contradict it What if God Jesus and Muhammad are not the source of this doctrine What if the doctrine of an afterlife immediately after death is a hoax What if man has no immortal soul In the pages of this book the unbiased reader will discover the real story about the afterlife the true destiny of humanity the true location of the Temple Mount in Jerusalem and its link to the afterlife *Seven Laws of Successful Correction and Rehabilitation* Mike M.

Joseph, 2013-03-21 Its a troubled world we live in It was meant to be utopia yet we are busy messing it up At all levels of government we seem to do our best to throw a monkey wrench at the system we devised for our good not our own hurt The legislators are ever busy opposing each other yet expect to run the day to day affairs smoothly The American fathers of the constitution chose the least of evil of all forms of government but the element of human nature seems to make it at best a

dysfunctional system on many levels Without an agreed upon system of values accepted by all members of society its impossible to run a smooth government as it is prerequisite for the function of life Since education is the basis that determines the outcome of life we shall concentrate on this dimension that leads to either success or failure in all areas To begin our search for the causes that create a utopian society we shall address first roll of the parents especially the mother in the success or failure of a human beings Next we shall go to the school system the surrogate parent and examine its roll in molding the young plants our children Finally we shall address the roll of the society at large In these three areas we shall find the causes of success and failures of life Then we shall proceed to the solutions that will insure the way to success in all areas the dreamed of utopia Utopia is possible We dont have to be ridden with the ills of society with crime with violence with wars with political corruption In the beginning it was not so in the end it can and will be different if we are willing to submit to the process of re education all is possible

Jerusalem's Temple Mount Mike M. Joseph,2011 The author purports to show that the place originally believed to be the site of the Holy Temple Mount in Jerusalem is not the site at all He raises other questions and concerns about theology and beliefs among the three major religions that play out in this debate Judaism Christianity and Islam Before There Were Kings Elie Assis,2023-11-07 Following the great periods of national leadership by Moses and Joshua the book of Judges depicts the stewardship of various judges that rose to power to solve local religious and military challenges in the premonarchic period This volume provides a close reading of the entire book of Judges taking seriously the distinct elements of the book and how they are interconnected Elie Assis explores the ways in which the ideology and theology of Judges unfold through a careful literary analysis Moving beyond the cycle of sin punishment and salvation Assis demonstrates how differences in the descriptive language applied to each judge as well as the evaluations in the opening and concluding chapters provide clues as to the organization and message of the text Most works on Judges focus on the historical background of the period or the historical process of the book s composition and seek to dissolve its stories into component parts In contrast Before There Were Kings points to the deep underlying unity of Judges and the function of the individual stories within the whole New and carefully drawn insights related to the purpose of each section and the themes that shape the book as a whole make this a groundbreaking programmatic contribution to research on the book of Judges It will be of particular interest to students and scholars of the Old Testament and the Hebrew Bible

We Are One Ellwood Norquist,1995-08-01 Praise for We Are One Is there a more fulfilling way to deal with Christianity than by perceiving humankind as foundationally sinful separate and in dire need of salvation Or are all of us embraced accepted and received by the love of a God that knows no separation or duality only oneness In the dynamic series of essays that form the exciting and visceral new book We Are One A Challenge to Traditional Christianity Ellwood Norquist presents us with a wisdom filled paradigm of new thought To answer this age old question Mr Norquist noted philosopher and teacher has written a compassionate group of essays that raise the questions discuss the issues and share the answers Richard Fuller

Senior Editor Metaphysical Review This is a book that will suggest to the reader the possibilities for new ideas to shape themselves from old and well defined images and orthodoxies Ellwood Norquist draws from a variety of disciplines and resources to point the reader in a direction that will assist in defining humankind as foundationally divine in union with its Creator and already saved with the simple suggestion that all we need to do is wake up much like Alice did in Wonderland to the notion that we really never did leave the Garden Dr P David Wilkinson Pastor of St Francis in the Foothills United Methodist Church in Tucson Arizona The Once-And-For-All Truth About Sickness and Healing Ron Craig,2009-01-15 Of more than twenty book titles the Lord has placed upon my heart to write this is the third The Body of Christ is in dire need of the message of each and every book this one being the most timely Many influential Christians are being taken out by sickness on a regular basis therefore something must be amiss in todays church The shortfall is evidently in the modern believers lack of true biblical knowledge of the sickness and healing subject This book fills in a multitude of gaps in the Christians understanding of one of Satans most subtle weapons To my knowledge no other book on the market contains the revelation found in this work It will absolutely revolutionize your life Women in the Middle East Nikki R. Keddie,2012-08-09 Written by a pioneer in the field of Middle Eastern women s history Women in the Middle East is a concise comprehensive and authoritative history of the lives of the region s women since the rise of Islam Nikki Keddie shows why hostile or apologetic responses are completely inadequate to the diversity and richness of the lives of Middle Eastern women and she provides a unique overview of their past and rapidly changing present The book also includes a brief autobiography that recounts Keddie s political activism as one of the first women in Middle East Studies Positioning women within their individual economic situations identities families and geographies Women in the Middle East examines the experiences of women in the Ottoman Empire and Turkey in Iran and in all the Arab countries Keddie discusses the interaction of a changing Islam with political cultural and socioeconomic developments In doing so she shows that like other major religions Islam incorporated ideas and practices of male superiority but also provoked challenges to them Keddie breaks with notions of Middle Eastern women as faceless victims and assesses their involvement in the rise of modern nationalist socialist and Islamist movements While acknowledging that conservative trends are strong she notes that there have been significant improvements in Middle Eastern women s suffrage education marital choice and health Mount Zion and the Darkest Valley Donald Michlin,2025-08-25 This book examines a pattern of four distinct ancient cultures and their sacred sites which can be applied to the Word of God The pattern works in conjunction with the annual declination of the Sun the features of the night sky the geography of the Earth and Hebrew observances When considered as a whole the interconnected design bears witness to the narrative of redemption and prophecy which is supported by the eternal purpose of God for humanity In this context the Creator s objective is manifested in the natural world to promote a deeper understanding of one s relationship with Him Implementing the pattern of these four locations in conjunction with the

observable heavens and earth reveals a divine plan for humanity which could not have occurred by chance Mount Zion and the Darkest Valley will challenge assumptions and serve as a source of inspiration for those seeking fellowship with the Creator This book reveals a remarkable pattern that establishes alignments between the heavens and the earth shedding light on divine truths within Scripture Discover how this design woven into the very fabric of creation functions as a proclamation of the glory of God and a presentation of the everlasting gospel Secret Sexual Sins Fred C. Rochester, 2009 It s destroying the lives of an astounding number of Christian men and women Yet most of us are afraid to talk about it It s pornography My Own Private Germany Eric L. Santner, 1997-12-15 In November 1893 Daniel Paul Schreber recently named presiding judge of the Saxon Supreme Court was on the verge of a psychotic breakdown and entered a Leipzig psychiatric clinic He would spend the rest of the nineteenth century in mental institutions Once released he published his *Memoirs of My Nervous Illness* 1903 a harrowing account of real and delusional persecution political intrigue and states of sexual ecstasy as God s private concubine Freud s famous case study of Schreber elevated the *Memoirs* into the most important psychiatric textbook of paranoia In light of Eric Santner s analysis Schreber s text becomes legible as a sort of nerve bible of fin de si cle preoccupations and obsessions an archive of the very phantasms that would after the traumas of war revolution and the end of empire coalesce into the core elements of National Socialist ideology The crucial theoretical notion that allows Santner to pass from the private domain of psychotic disturbances to the public domain of the ideological and political genesis of Nazism is the crisis of investiture Schreber s breakdown was precipitated by a malfunction in the rites and procedures through which an individual is endowed with a new social status his condition became acute just as he was named to a position of ultimate symbolic authority The *Memoirs* suggest that we cross the threshold of modernity into a pervasive atmosphere of crisis and uncertainty when acts of symbolic investiture no longer usefully transform the subject s self understanding At such a juncture the performative force of these rites of institution may assume the shape of a demonic persecutor some other who threatens our borders and our treasures Challenging other political readings of Schreber Santner denies that Schreber s delusional system his own private Germany actually prefigured the totalitarian solution to this defining structural crisis of modernity Instead Santner shows how this tragic figure succeeded in avoiding the totalitarian temptation by way of his own series of perverse identifications above all with women and Jews The Other in Jewish Thought and History Laurence J. Silberstein, Robert L. Cohn, 1994-08 Cultural boundaries and group identity are often forged in relation to the Other In every society conceptions of otherness which often reflect a group s fears and vulnerabilities result in deep rooted traditions of inclusion and exclusion that permeate the culture s literature religion and politics This volume explores the ways in which Jews have traditionally defined other groups and in turn themselves The contributors a distinguished international group of scholars explore the discursive processess through which Jewish identity and culture have been constructed disseminated and perpetuated Among the topics addressed are Others in the biblical world the

construction of gender in Roman period Judaism the Other as woman in the Greco Roman world the gentile as Other in rabbinic law the feminine as Other in kabbalah the reproduction of the Other in the Passover Haggadah the Palestinian Arab as Other in Israeli politics and literature the Other in Levinas and Derrida Blacks as Other in American Jewish literature the Jewish body image as symbol of Otherness and women as Other in Israeli cinema Contributors to this interdisciplinary volume are Jonathan Boyarin New School for Social Research Robert L Cohn Lafayette College Gerald Cromer Bar Ilan University Trude Dothan Hebrew University of Jerusalem Elizabeth Fifer Lehigh University Steven D Fraade Yale University Sander L Gilman Cornell University Hannan Hever Tel Aviv University Ross S Kraemer University of Pennsylvania Orly Lubin Tel Aviv University Peter Machinist Harvard University Jacob Meskin Williams College Adi Ophir Tel Aviv University Ilan Peleg Lafayette College Miriam Peskowitz University of Florida Laurence J Silberstein Lehigh University Naomi Sokoloff University of Washington and Elliot R Wolfson New York University

Christianity and Controversies over Homosexuality in Contemporary Africa Ezra Chitando, Adriaan van Klinken, 2016-05-12 Issues of homosexuality are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them Complementing the companion volume *Public Religion and the Politics of Homosexuality in Africa* this book investigates Christian politics and discourses on homosexuality in sub Saharan Africa The contributors present case studies from various African countries from Nigeria to South Africa and from Cameroon to Uganda focusing on Pentecostal Catholic and mainline Protestant churches They critically examine popular Christian theologies that perpetuate homophobia and discrimination but they also discuss contestations of such discourses and emerging alternative Christian perspectives that contribute to the recognition of sexual diversity social justice and human rights in contemporary Africa

New Age, Neopagan, and New Religious Movements Hugh B. Urban, 2015-09-15 *New Age Neopagan and New Religious Movements* is the most extensive study to date of modern American alternative spiritual currents Hugh B Urban covers a range of emerging religions from the mid nineteenth century to the present including the Nation of Islam Mormonism Scientology ISKCON Wicca the Church of Satan Peoples Temple and the Branch Davidians This essential text engages students by addressing major theoretical and methodological issues in the study of new religions and is organized to guide students in their learning Each chapter focuses on one important issue involving a particular faith group providing readers with examples that illustrate larger issues in the study of religion and American culture Urban addresses such questions as Why has there been such a tremendous proliferation of new spiritual forms in the past 150 years even as our society has become increasingly rational scientific technological and secular Why has the United States become the heartland for the explosion of new religious movements

How do we deal with complex legal debates such as the use of peyote by the Native American Church or the practice of plural marriage by some Mormon communities And how do we navigate issues of religious freedom and privacy in an age of religious violence terrorism and government surveillance **The Disordered Body** Suzanne E. Hatty,James

Hatty,1999-11-04 The Disordered Body presents a fascinating look at how three epidemics of the medieval and Early Renaissance period in Western Europe shaped and altered conceptions of the human body in ways that continue today Authors Suzanne E Hatty and James Hatty show the ways in which concepts of the disordered body relate to constructions of disease In so doing they establish a historical link between the discourses of the disordered body and the constructs of gender The ideas of embodiment contagion and social space are placed in historical context and the authors argue that our current anxieties about bodies and places have important historical precedents They show how the cultural practices of embodied social interaction have been shaped by disease especially epidemics *Deconstructing Imperial Representation:*

Tacitus, Cassius Dio, and Suetonius on Nero and Domitian Verena Schulz,2019-06-24 What literary strategies do Tacitus Cassius Dio and Suetonius apply in portraying Nero and Domitian This book argues that the three authors respond to and deconstruct the positive accounts of imperial representation that were prevalent during the lifetimes of the two controversial emperors They take up motifs from these earlier accounts which they re interpret to construct their own negative portraits Although Tacitus Cassius Dio and Suetonius discuss the same historical figures and events of early imperial Rome they are rarely examined together in one volume Verena Schulz offers the first combined reading of their works from a philological viewpoint analysing the various rhetorical techniques and narratological devices that they display and the different literary and historical discourses in which they are embedded **Conspiracies Against the Quran** Abdul Wadud,1976 *The book of*
