Dean, 2012-07-29 In recent years Constance Fenimore Woolson 1840 1894 has been fictionalized at least three times perhaps most notably in Colm T ib n s award winning work *The Master* a novelization of the life of Woolson s close friend Henry James But Woolson was a literary star in her own right publishing in the premier magazines of her day She penned critically acclaimed novels short stories and poetry until her mysterious death in Venice at age fifty three Sharon Dean has recompiled dated and in many cases physically reassembled all of Woolson s extant correspondence from nearly forty sources Dean s painstaking work presents the fullest picture we have of Woolson and functions as an important corrective to the fictional portrayals In these letters one finds rich personal detail alongside ruminations on contemporary political and social conditions A trenchant critic of the customs and mores of her age Woolson in her letters offers a nuanced perspective on life as a woman and as a writer in the nineteenth century [Constance Fenimore Woolson](#) Constance Fenimore Woolson, 2004 As these pieces demonstrate Woolson offered keen observations on the issues she cared most deeply about namely the cultural and political transformation of the United States in the wake of the Civil War the status of women writers and artists in the nineteenth century and the growing implications of nationalism and imperialism This collection features selections from each of the three distinct periods of Woolson s career and includes a chronology of her life and travels Focusing primarily on Woolson s short stories editors Victoria Brehm and Sharon L Dean also include a representative letter poem and travel sketch for each section BOOK JACKET **Constance Fenimore Woolson** Constance Fenimore Woolson, Henry James, 1930 *Constance Fenimore Woolson* John Dwight Kern, 2016-11-11 Biographical background and sectional writings of an American authoress of the last century whose very genuine talents have been largely overlooked [The classic collection of Constance Fenimore Woolson. Woolson, 1932 **Constance Fenimore Woolson. (A Reprint of the Second Part of "Five Generations," Together with Additional Matter.) [Articles, Letters and Poems by C.F. Woolson. With Portraits.] Arranged and Edited by C. Benedict** Clare Benedict, Constance Fenimore WOOLSON, 1932 *Constance Fenimore Woolson: Collected Stories (LOA #327)* Constance Fenimore Woolson, 2020-02-04 A landmark of literary recovery the first major edition of an overlooked genius who in her lifetime was considered 19th century America's greatest woman writer In the eyes of her contemporaries Constance Fenimore Woolson 1840 1894 ranked with George Eliot as one of the two greatest women writers of the English language She wrote fiction of remarkable intellectual power that outsold those of her male contemporaries Henry James and William Dean Howells James enshrined memories of his long complicated friendship with Woolson in *The Beast in the Jungle* and *The Wings of the Dove* and more recently Colm Tobin treated the relationship in his novel *The Master* But Woolson's close association with James and her likely suicide in Venice have tended to overshadow her own literary accomplishments pigeonholing her as a martyr to the male literary establishment This volume the most comprehensive gathering of Woolson's stories to date represents the culmination of decades of recovery work done by scholars and puts the focus back on the work where it belongs Set variously in the Great Lakes region the post Civil War South and Europe Woolson's short stories often concern outsiders of one kind or another prophets and misfits living in remote landscapes uneducated coal miners impoverished spinsters neglected nuns a haunted caretaker of the dead destitute southerners and female artists driven to extreme behavior as they seek the admiration or approval of established male critics or writers Woolson's minute realism captures both the social texture of her time and the inner emotional lives of these overlooked and marginalized characters Most of all her writings startle us with their simmering intensity their sensual descriptions of the environment and refusal to smooth out the ambiguities and tensions that inevitably result from human efforts to communicate and connect Her fiction is deeply human resonating with a power across the centuries that makes them remarkably modern for today's readers
