The First Literary Attempt of a Young Lady [i.e. Eliza Kirkham Mathews].** CONSTANCE., 1785      **The Victorian Verse-novel** Stefanie Markovits, 2017 The Victorian Verse Novel *Aspiring to Life* considers the rise of a hybrid generic form the verse novel in the second half of the nineteenth century Such poems combined epic length with novelistic plots in the attempt to capture not a heroic past but the quotidian present Victorian verse novels

also tended to be rough mixed their narrative sections interspersed with shorter lyrical verses in varied measures In flouting the rules of contemporary genre theory which saw poetry as the purview of the eternal and ideal and relegated the everyday to the domain of novelistic prose verse novels proved well suited to upsetting other hierarchies as well including those of gender and class The genre s radical energies often emerge from the competition between lyric and narrative drives between the desire for transcendence and the quest to find meaning in what happens next the unusual marriage plots that structure such poems prove crucibles of these rival forces Generic tensions also yield complex attitudes towards time and space the book s first half considers the temporality of love while its second looks at generic geography through the engagement of novels in verse with Europe and the form s transatlantic travels Both well known verse novels Elizabeth Barrett Browning s *Aurora Leigh* Arthur Hugh Clough s *Amours de Voyage* Coventry Patmore s *The Angel in the House* and lesser known examples are read closely alongside a few nearly related works Tennyson s *Idylls of the King* Robert Browning s *The Ring and the Book* An Afterword traces the verse novel s substantial influence on the modernist novel [Indian Metaphysics in Lawrence Durrell's Novels](#) Ravindran Nambiar,2014-01-08 In this study of the influence of Indian metaphysics on Lawrence Durrell s novels Professor Nambiar offers a unique milestone in the history of Durrellian criticism Embracing Durrell s search for universal awareness through Western and Indian metaphysics the book presents a new metaphysical reading of the writer s prose that has remained untapped until now Exploring Durrell s quest for a new reality through fiction Nambiar focuses in depth on *The Avignon Quintet* and questions the complex symbolic patterns that shape the polymorphous characters peregrinations through space and time With much subtlety modesty and wit *Indian Metaphysics in Lawrence Durrell s Novels* opens up the mysterious doors of the kingdom of the imagination **Catalogue of the Printed Books in the Library of the Faculty of Advocates , Catalogue of the Printed Books in the Library of the Faculty of Advocates ...** Faculty of Advocates (Scotland). Lottery and *The Haunting of Hill House* has tended to obscure the extent of Shirley Jackson's literary output which includes six novels a prodigious number of short stories and two volumes of domestic sketches Organized around the themes of influence and intertextuality this collection places Jackson firmly within the literary cohort of the 1950s The contributors investigate the work that informed her own fiction and discuss how Jackson inspired writers of literature and film The collection begins with essays that tease out what Jackson's writing owes to the weird tale detective fiction the supernatural tradition and folklore among other influences The focus then shifts to Jackson's place in American literature and the impact of her work on women's writing campus literature and the graphic novelist Alison Bechdel The final two essays examine adaptations of *The Haunting of Hill House* and Jackson's influence on contemporary American horror cinema Taken together the essays offer convincing evidence that half a century following her death readers and writers alike are still finding value in Jackson's words
