Jews, Catholics, and the Burden of History Eli Lederhendler, 2006-03-02 Volume XXI of the distinguished annual Studies in Contemporary Jewry marks sixty years since the end of the Second World War and forty years since the Second Vatican Council's efforts to revamp Church relations with the Jewish people and the Jewish faith Jews Catholics and the Burden of History offers a collection of new scholarship on the nature of the Jewish Catholic encounter between 1945 and 2005 with an emphasis on how this relationship has emerged from the shadow of the Holocaust

Comprehending Antisemitism through the Ages: A Historical Perspective Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews It documents the religious sociological political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the Jews social status The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism

The Jews of Italy, 1938-1945 Charles T. O'Reilly, 2007-07-03 The author demonstrates that the Italian Army deserves attention for its often humanitarian treatment of Italian Jews and other Jews He also analyzes revisionist histories of Pope Pius XII and his alleged silence arguing that

revisionists were writing for a popular audience interested in sensation and scandal and that this profitable trail attracted journalists and historians alike Focusing primarily on the roles played by the Vatican and the Royal Italian Army this book also provides an overview of the travail of Italy's Jewish community from the beginning of Mussolini's anti-Semitic policies in the late 1930s through the end of the German occupation in May 1945 The Pius War Joseph Bottum, David G.

Dalin, 2010-03-16 In the brutal fight that has raged in recent years over the reputation of Pope Pius XII leader of the Catholic Church during World War II the Holocaust and the early years of the Cold War the task of defending the Pope has fallen primarily to reviewers These reviewers formulated a brilliant response to the attack on Pius but their work was scattered in various newspapers magazines and scholarly journals making it nearly impossible for the average reader to gauge the results In The Pius War Weekly Standard's Joseph Bottum has joined with Rabbi David G Dalin to gather a representative and powerful sample of these reviews deliberately chosen from a wide range of publications Together with a team of professors historians and other experts the reviewers conclusively investigate the claims attacking Pius XII The Pius War and a detailed annotated bibliography that follows will prove to be a definitive tool for scholars and students destined to become a major resource for anyone interested in questions of Catholicism the Holocaust and World War II **Pope Pius XII and the**

Holocaust Carol Rittner, John K. Roth, 2016-10-06 This collaborative effort by a number of the world's leading experts on the Holocaust examines the question how should Vatican policies during World War II be understood Specifically could Pope Pius XII have curbed the Holocaust by vigorously condemning the Nazi killing of Jews Was Pius XII really Hitler's Pope as John Cornwell suggested Or has he unfairly become a scapegoat when he is really deserving of canonization as a saint In Pope Pius XII and the Holocaust scholars including Michael Marrus Michael Phayer Richard L Rubenstein and Susan Zuccotti wrestle with these questions The book has four main themes 1 Pope Pius XII must be understood in his particular historical context 2 Pope Pius XII put the well being of the Roman Catholic Church as he understood it first and foremost 3 In retrospect Pope Pius XII's priorities understandable though they are not only make him a problematic Christian leader but also raise important questions about post Holocaust Christian identity 4 Jewish and Christian memories of the Holocaust will remain different but reconciliation can continue to grow On all sides relations between Christians and Jews can be improved by an honest engagement with history and by continuing reflection on what post Holocaust Christian and Jewish identities ought and ought not to mean **Critical Theories of Anti-Semitism** Jonathan Judaken, 2024-06-04 Despite its persistence and viciousness anti-Semitism remains undertheorized in comparison with other forms of racism and discrimination How

should anti-Semitism be defined What are its underlying causes Why do anti-Semites target Jews In what ways has Judeophobia changed over time What are the continuities and disconnects between medieval anti-Judaism and the Holocaust How does criticism of the state of Israel relate to anti-Semitism And how can social theory illuminate the upsurge in attacks on Jews today Considering these questions and many more this book is at once a philosophical reflection on key problems in

the analysis of anti-Semitism and a history of its leading theories and theorists Jonathan Judaken explores the methodological and conceptual issues that have vexed the study of Judeophobia and calls for a reconsideration of the definitions categories and narratives that underpin overarching explanations He traces how a range of thinkers have wrestled with these challenges examining the theories of Jean Paul Sartre the Frankfurt School Hannah Arendt and Jean Fran ois Lyotard alongside the works of sociologists Talcott Parsons and Zygmunt Bauman and historians L on Poliakov and George Mosse Judaken argues against claims about the uniqueness of Judeophobia demonstrating how it is entangled with other racisms Islamophobia Negrophobia and xenophobia Critical Theories of Anti-Semitism not only urges readers to question how they think about Judeophobia but also draws them into conversation with a range of leading thinkers whose insights are sorely needed in this perilous moment

Justice, Jesus, and the Jews Michael LaVelle Cook,2003 Does not address the eventual triumph of both Rabbinic Judaism and Gentile Christianity and the corresponding failure of a more Jewish Christianity It centers rather on our common root the Hebrew Bible and the relationship of the Jewish prophet Jesus of Nazareth to his ancestral heritage The correspondence between the Biblical notion of justice and Jesus proclamation of the reign of God raises questions for both Jews and Christians As such it also provides a common ground or lens for Jewish Christian dialogue The hope is that the focus upon justice will deepen that dialogue

Catholic Doctrines on the Jewish People After Vatican II Gavin D'Costa,2019 This book addresses three controversial and timely questions related to Catholic Jewish dialogue Jewish ritual Catholic Zionism and mission

Contending for the Faith E. Daisy Rodriguez,2014-10-10 Contending for the Faith invites readers to explore two millennia of church history and to learn how God works through the churchs ministry to spread the gospel of Gods kingdom and in the end to defeat the forces working to oppose him E Daisy Rodriguez combines dramatic retellings of the biblical narrative direct citations from the Scriptures and reflections that connect the lives and ministries of contemporary Christians with Gods work in the church throughout its history Various chapters treat topics like Gods commission the church Christs gifts historical critique prophetic vision and assurance of Gods victory The tone is approachable and energetic blending together explanations of the biblical background and the historical record with sections that speak to the contemporary mission of the church and its future mission Like a lighthouse the church has and will continue to light the way for a world lost in the darkness If you have asked yourself what Gods plan is for his people and wondered how to interpret the threats made by forces opposed to God and the church then Contending for the Faith will give you both a helpful introduction to the sweep of history from the churchs birth to Christs return in power Gods people can be encouraged and trust that God in the end will carry out his plans for the church the body of Christ

Peacemaking and Religious Violence Roger A. Johnson,2009-09-01 From its very beginning Christian faith has been engaged with religious violence The first Christians were persecuted by their co religionists and then by imperial Rome Jesus taught them in such circumstances not to retaliate but to be peacemakers to love their enemies and to pray for their persecutors Jesus s response

to religious violence of the first century was often ignored but it was never forgotten Even during those centuries when the church herself persecuted Christian heretics Jews and Muslims some Christians still struggled to bear witness to the peace mandate of their Lord In the thirteenth century Thomas Aquinas wrote a theology to help his Dominican brothers persuade Cathar Christians to return to their Catholic faith peacefully Ramon Lull a Christian student of Arabic and the Qur'an sought to help his fellow Christians recognize the elements of belief they shared in common with the Muslims in their midst In the fifteenth century Nicholas of Cusa a Church Cardinal and theologian expanded Lull's project to include the newly discovered religions of Asia In the seventeenth century Lord Herbert an English diplomat and lay Christian began to identify the political union of church and government as a causal factor in the religious warfare of post Reformation Christendom One and a half centuries later Thomas Jefferson a lay theologian of considerable political stature won a political struggle in the American colonies to disestablish religion first in his home colony of Virginia and then in the new nation he helped to found All five of these theologians reclaimed the peace mandate of Jesus in their response to the religious violence of their own eras All of which points us to some intriguing Christian responses to religious violence in our own century as recounted in the epilogue

The Cultural Complex Thomas Singer, Samuel L. Kimbles, 2004 Based on Jung's theory of complexes this book offers a new perspective on conflicts between groups and cultures demonstrating how the effects of cultural complexes can be felt in the behaviour of disenfranchised groups across the world **The Papacy, the Jews, and the Holocaust** Frank J.

Coppa, 2006 The Papacy has long played a crucial role in western civilization To many its history and theology have seemed steeped in hostility toward the Jews In the post World War II era the initial focus was on Pope Pius XII's stance during the Holocaust it soon expanded however to the broader question of the papacy and the Jews The present work transcends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern age and the interaction between clerical anti Judaism and secular anti-Semitism In light of the polemical debate this subject has aroused during the past half century this is no small task In this work acclaimed author and historian Frank J. Coppa once again proves a capable guide to exploring the issue **Fashioning Jewish Identity in Medieval Western Christendom**

Robert Chazan, 2003-11-27 During the course of the twelfth century increasing numbers of Jews migrated into dynamically developing western Christendom from Islamic lands The vitality that attracted them also presented a challenge Christianity from early in its history had proclaimed itself heir to a failed Jewish community and thus the vitality of western Christendom was both appealing and threatening to the Jewish immigrants Indeed western Christendom was entering a phase of intense missionising activity some of which was directed at the long term Jewish residents of Europe and the Jewish newcomers This 2003 study examines the techniques of persuasion adopted by the Jewish polemicists in order to reassure their Jewish readers of the truth of Judaism and the error of Christianity At the very deepest level these Jewish authors sketched out for their fellow Jews a comparative portrait of Christian and Jewish societies the former powerful but irrational and morally

debased the latter the weak but reasonable and morally elevated urging that the obvious and sensible choice was Judaism

Explaining the Holocaust Mordecai Schreiber, 2015-04-16 Seventy years after it took place the Holocaust committed against the Jews of Europe during World War II continues to cast a giant shadow over humankind Man's inhumanity to man is not a thing of the past Genocidal action is still commonplace around the globe Has humankind learned the lessons of the past Is the human race doomed to live in a perpetual state of war and self destruction *Explaining the Holocaust* shows how given the right circumstances human beings can lose their humanity Does that mean that the ethical teachings of the major religions are wishful thinking This book tackles two questions that continue to be asked by people everywhere Why did a highly civilized nation like Germany in the middle of the twentieth century commit the most heinous crime in all of human history And if indeed there is a loving God who made a covenant with the people of Israel why were millions of innocent peaceful Jews dehumanized starved tortured and systematically murdered *Explaining the Holocaust* spares no one in discussing the enormity of the evil But it also shows how the divine spark in human beings did not die during those years of darkness and why we still have a glimmer of hope

Toward an Anabaptist Political Theology A. James Reimer, 2014-10-13 A James Reimer's 1942 2010 theopolitical project intended to be a fully theologically conceptualized political theology offers a constructive and creative contribution to this burgeoning field of theological inquiry Reimer's thesis for this theologically derived politics focuses on the necessity to take seriously the biblical Trinitarian foundations for all Christian social ethics but also on the importance of astute and faithful engagement by Christians in public institutional life including the political realm While Reimer understood himself to be working as an Anabaptist and hoped to invite that tradition to embrace a more positive view of civil institutions than has historically been the case he was not limited by that tradition or beholden to take only its sources into account Ever alert to the problems inherent in every kind of reductionism and especially so in cases where theology is reduced to either ethics or politics Reimer's political theology pursues the investigation of theological realities that are to serve as the engine the generative force of a political theology that seeks to articulate both a critical and a positive constructive approach to public political life and institutions

Earthing the Cosmic Christ of Ephesians—The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 4 John P.

Keenan, 2024-02-26 In a Tiantai theology conventional truth is conventionally arisen which means that such truth is never set once and for all but is to be cherished and rethought in new circumstances whether interreligious or scientific but always in critical consonance with its ancient embodiments Contexts shift frameworks but life in Christ is translatable across cultures Christian faith and theology discourage the assumption that the point of it can be clearly pinned down God's appearance to Elijah out of the whirlwind is an eternal reminder of the paltriness of all human perspectives Symbolic worlds of faith and wisdom are not themselves finished products Because it has a past and a future the cosmos itself is unfinished Christian creeds ought not be defended as last word ideological positions and bastions against relativity but instead recognized in their

cultural contexts and affirmed as grammars of communal and personal assent Justice on the Cross Kathleen Christison, 2023-03-09 At its heart liberation theology is a modern theology of resistance to the oppression imposed by colonialist and post colonialist systems and even by churches that cooperate with secular centers of power to oppress the poor and disadvantaged It is a grassroots social justice theology a *cri de c ur* that seeks to give spiritual succor and hope to those living in seemingly hopeless circumstances Palestinians a people whose suffering has largely been forgotten by the world since Israel s establishment and who are most often stereotyped as extremists and enemies of Israel with no legitimate claim to their own homeland are among the world s most marginalized populations The small Palestinian Christian community an indigenous population descended from Jesus s first followers has created a liberation theology for the Palestinian context that reaches out to its own Christian faithful and their Muslim compatriots This is a nonviolent political theological resistance that follows Jesus s teaching that God is present with all God s children and heeds Jesus s gospel injunctions to comfort the suffering and let the oppressed go free For Palestinians their very survival in the land is resistance to Israel s efforts to remove them and liberation theology sustains their resistance Jesus was the first liberation theologian
