Constitution and Constitutionalism in India Surya Narayan Misra, Subhas Chandra Hazary, Amareswar Mishra, 1999
Papers presented at a seminar in 1994 **Democratic Constitutionalism in India and the European Union** Philipp Dann, 2021-02-26
Comparing the structures and challenges of democratic constitutionalism in India and the European Union this book explores how democracy is possible within vastly diverse societies of continental scale and why a constitutional framework is best able to secure the ideals of collective autonomy and individual dignity It contributes to an emerging comparative discussion on structures of power separation of powers and a comparative law of democracy which has long been neglected in comparative constitutional studies *Constitutional Change and Constitutionalism in Africa*, 2025-05-16
The new generation of African constitutions crafted in the 1990s marked the beginning of a trend that promised a radical transformation of the continent's governance landscape This movement aimed to eliminate the risks of coups and political instability that had plagued Africa since the 1960s by embedding democracy and constitutionalism However the wave of constitutional reforms post 1990s seems to have sparked a contagious fever of making unmaking and remaking constitutions The nature and frequency of these changes threaten to undermine the progress made in entrenching a culture of constitutionalism good governance and respect for the rule of law It is therefore no surprise that there is almost universal agreement that Africa is now facing a profound crisis of democracy and constitutionalism *Constitutional Change and Constitutionalism in Africa* examines the nature and extent of these changes which have been occurring more frequently and sometimes more arbitrarily than anticipated Among the main questions investigated are the constitution making process and the roles of various internal actors such as the legislature executive and judiciary as well as external actors like the African Union and Regional Economic Communities in the different processes of constitutional change Ultimately the discussions aim to explore how the processes of constitutional change whether inevitable and unavoidable or contrived can be conducted in a manner that does not undermine or threaten the efforts to entrench democracy constitutionalism good governance and respect for the rule of law on the African continent *The Oxford Handbook of the Indian Constitution* Sujit Choudhry, Madhav Khosla, Pratap Bhanu Mehta, 2016
As the first major post colonial constitution the Indian Constitution holds particular importance for the study of constitutional law and constitutions Providing a thorough historical and political grounding this Handbook examines key debates and developments in Indian constitutionalism and creates a framework for further study *The Constitutional Canvas: India's Foundational Brushstrokes* Dhanraj Garwa, 2024-02-08

Constitutional and Political Dynamics of India Satya Prakash Dash, 2004

India's Living Constitution Zoya Hasan, Eswaran Sridharan, R. Sudarshan, 2005 India became independent in 1947 and after nearly three years of debate in the Constituent Assembly adopted a Constitution that came into effect on 26 January 1950. This Constitution has lasted until the present with its basic structure unaltered, a remarkable achievement given that the generally accepted prerequisites for democratic stability did not exist and do not exist even today. Half a century of constitutional democracy is something that political scientists and legal scholars need to analyze and explain. This volume examines the career of constitutional political ideas implicitly of Western origin in the text of the Indian Constitution or implicit within it as well as in actual political practice in the country over the past half century.

Constitutional Democracy in India Bidyut Chakrabarty, 2018-01-12 Constitutional democracy is both a structure of governance and a way of providing an ideological perspective on governance The 1950 Constitution of India established constitutional democracy in India and the narrative of the rise and consolidation of constitutional democracy in India cannot be understood without comprehending the politico ideological processes that consolidated simultaneously both colonialism and constitutional liberalism This book examines the processes leading to constitutionalizing India and challenges the conventional idea that the Constitution of India is a borrowed doctrine A careful study of the processes reveals that the 1950 Constitution was the culmination of an ideational battle that had begun with the consolidation of the British Enlightenment philosophy in the early days of British paramountcy in India The book therefore argues that constitutionalizing endeavour in India had a clear imprint of ideas which had its root in this philosophy The study reveals a striking continuity of the same kind of ideological sentiments when the nationalists devised their own constitutionalizing design visible in the 1928 Motilal Nehru report and which reappeared in the 1945 Sapru Committee report Deviating from the conventional study of constitutional evolution of a polity which is generally legalistic this book explores the processes since the beginning of colonial rule in India which led to the conceptualization of constitutional democracy in a milieu engaging with arguments formulated by James and JS Mill A detailed analysis of the roots of constitutional and political liberalism in India this book sheds light on the material surrounding India's constitutional development It will be of interest to scholars in the field of Indian Political Theory South Asian Politics and History
