Constructing School Success The Consequences Of Untracking Low Achieving Students:

Constructing School Success Hugh Mehan, 1996-05-31 How can we bolster the academic success of low achieving students and provide a more egalitarian classroom setting This book describes the process of untracking an educational reform effort that has prepared students from low income linguistic and ethnic minority backgrounds for college Untracking offers all students the same academically demanding curriculum while varying the amount of institutional support they receive Helpful institutional scaffolds teach the hidden curriculum of the school allowing students to develop an academic identity and build bridges between high school and college There have been many plans and attempts to reform schools but few detailed investigations of such efforts This book is a highly readable account of a successful school reform effort It provides systematic research results concerning the educational and social consequences of untracking previously low achieving students

ED398298... United States Department Of Education , Educating Everybody's Children Robert W. Cole W. Cole, 2008-06-15 Designed to promote reflection discussion and action among the entire learning community Educating Everybody's Children encapsulates what research has revealed about successfully addressing the needs of students from economically ethnically culturally and linguistically diverse groups and identifies a wide range of effective principles and instructional strategies Although good teaching works well with all students educators must develop an extensive repertoire of instructional tools to meet the varying needs of students from diverse backgrounds Those tools and the knowledge base behind them are the foundation of this expanded and revised second edition of Educating Everybody's Children Each strategy discussed in the book includes classroom examples and a list of the research studies that support it The most important thing we have learned as a result of the education reform movement is that student achievement stands or falls on the motivation and skills of teachers We must ensure that all teachers are capable of delivering a standards based curriculum that describes what students should know and be able to do and that these standards are delivered by means of a rich and engaging pedagogy of plenty By these two acts we can ensure that all schools will be ready and able to educate everybody's children

Why Afterschool Matters Ingrid A. Nelson, 2016-12-08 Increasingly educational researchers and policy makers are finding that extracurricular programs make a major difference in the lives of disadvantaged youth helping to reduce the infamous academic attainment gap between white students and their black and Latino peers Yet studies of these programs typically focus on how they improve the average academic performance of their participants paying little attention to individual variation *Why Afterschool Matters* takes a different approach closely following ten Mexican American students who attended the same extracurricular program in California then chronicling its long term effects on their lives from eighth grade to early adulthood Discovering that participation in the program was life changing for some students yet had only a minimal impact on others sociologist Ingrid A Nelson investigates the factors behind these very different outcomes Her research reveals that while afterschool initiatives are important they are only one component in a complex network of school family community and peer interactions that influence the educational achievement of disadvantaged students Through its detailed case studies of individual students this book brings to life the challenges marginalized youth en route to college face when navigating the intersections of various home school and community spheres *Why Afterschool Matters* may focus on a single program but its findings have major implications for education policy nationwide

The Color of Success Gilberto Q. Conchas, 2006-01-21 Through students own voices and perspectives this book reveals how and why some racial minorities achieve academic success despite limited opportunity Based on the experiences of Black Latino and Vietnamese urban high school students the author provides a revealing comparative analysis that offers insight into how schools can provide opportunities and safe learning environments

where youth acquire real goals expectations and tangible pathways for success Offering alternatives to current practices and structures of inequality that plague educational systems throughout the nation this sociologically informed book takes a rare look at urban school success stories instead of those depicting failure explores the social processes that enable racial minority youth to escape the unequal structures of urban schooling to perform well in school and focuses on youth s interpretations and reactions to the schooling process to determine how schools can empower youth and promote the social mobility of low income urban populations

Increasing Access to College William G. Tierney,Linda Serra Hagedorn,2012-02-01 At a time when college enrollment rates for low income and under represented students are far below those of non minority students policies and practices designed to increase access should be a priority for colleges universities high schools and community agencies

Increasing Access to College examines pre college enrichment programs that offer a specific and immediate remedy

Community Colleges as Cultural Texts Kathleen M. Shaw,James R. Valadez,Robert A. Rhoads,1999-09-02 Questions whether and how community colleges confront the challenges of diversity and provide real opportunities for upward mobility

Cracks in the Schoolyard—Confronting Latino Educational Inequality Gilberto Q. Conchas,2015-11-13 In *Cracks in the Schoolyard* Conchas challenges deficit models of schooling and turns school failure on its head Going beyond presenting critical case studies of social inequality and education this book features achievement cases that depict Latinos as active actors not hopeless victims in the quest for social and economic mobility Chapters examine the ways in which college students high school youth English language learners immigrant Latino parents queer homeless youth the children of Mexican undocumented immigrants and undocumented immigrant youth all work in local settings to improve their quality of life and advocate for their families and communities Taken together these counternarratives will help educators and policymakers fill the cracks in the schoolyard that often create disparity and failure for youth and young adults

Contributors Nancy Acevedo Gil Alejandra S Albarran Edelina M Burciaga Leo R Chavez Gilberto Q Conchas Isiaah Crawford Cindy Cruz Briana M Hinga Eduardo Mosqueda Leticia Oseguera Louie F Rodriguez Kip T Ilez and Irene I Vega Conchas provocative and compelling case studies in education position him once again as a leading voice in challenging commonsense notions of Latino school failure

Kris D Gutierrez professor of Education University of California Berkeley Conchas has provided readers with an important gift authentic stories authentic struggles authentic strategies and authentic success This work debunks the deficit discourse around Latino education with a complex analysis of how race community strengths and identity become assets for educational excellence The cases presented are rich powerful compelling and inspiring

Essential reading for social justice advocates Tyrone Howard professor of Education at the University of California Los Angeles and author of *Why Race and Culture Matters in Schools* In this groundbreaking volume Conchas ushers in a new paradigm for understanding Latino student achievement The authors in this volume collaboratively and compellingly demonstrate the importance of understanding Latino educational achievement by

analyzing assets and agency in the lives of youths and their families This volume provides educators policymakers and scholars the critical hope and pragmatic agenda for developing a more just educational system the authors cogently teach us to identify and understand the plethora of contributions that Latina o students make to our educational system on a day to day basis Victor M Rios professor of Sociology and author of Punished Including Families and Communities in Urban Education Catherine Hands, Lea Hubbard, 2011-04-01 The work of school family and community partnerships is complex and messy and demands a thoughtful and deep investigation Currently parent and community involvement does not draw on school reform and educational change literature and conversely the school change literature often ignores the crucial role that communities play in educational reform This edited volume focuses on structural considerations regarding education and the school communities school level and family culture and the interrelationships between the agency and actions of school personnel family members community citizens and students This book extends the dialogue on school reform by looking at parent and community engagement initiatives as part of the school reform literature The contributors illustrate the negative impact on students and their education when assumptions made by school personnel regarding the organization of education the nature of families and the contributions they should make to their children s education are not challenged

Creating Alternative Discourses in the Education of Latinos and Latinas Raul E. Ybarra, Nancy López, 2004 While Latinos and Latinas are the youngest and largest U S minority group they continue to be among the poorest and least educated A major contribution of **Creating Alternative Discourses in the Education of Latinos and Latinas** is that it provides scholars teachers and practitioners with counter hegemonic theories methods and pedagogies that challenge the mainstream assumptions about the education of this group Drawing on rich ethnographic portrayals including life history interviews focus groups and participant observation this interdisciplinary volume bridges diverse bodies of literature in an attempt to bring about changes in the education of Latinos and Latinas
