Consumer Protection Problems And Prospe:

European Consumer Protection James Devenney, Mel Kenny, 2012-04-05 This topical volume provides detailed analyses of European consumer protection law in both its theoretical and practical dimensions Part I casts a critical light over consumer protection strategies and mechanisms in the EU Part II critically explores responses to vulnerability and Part III contextualises aspects of European consumer protection law Economic and Management Issues in Retrospect and Prospect Eszter Wirth, Orhan Şimşek, Şükrü Apaydın, 2018-11-30 **National Consumer Protection Hearings** United States. Subcommittee on Oversight and Investigations, 1979 The Prospect of Deep Free Trade Between the European Union and Ukraine Michael Emerson, 2006 This book examines the feasibility content and likely economic impact of a free trade agreement between the European Union and Ukraine The authors find that a simple and shallow free trade agreement adding only the elimination of tariffs on trade in goods to the conditions for Ukraine's accession to the WTO is the most easily feasible option but would yield only modest benefits for Ukraine and less still for the EU By contrast they argue that a deep free trade agreement with the EU while posing more difficult issues of feasibility could be a centerpiece of an economic strategy leading Ukraine into rapid growth Politically this step would be consistent with Ukraine's European choice and would also be of value to the EU economy in meeting the challenges of globalization and Asian competition Contributors include T Huw Edwards Loughborough University Ildar Gazizullin Vira Nanivska and Olga Shumylo International Centre for Policy Studies Kyiv Daniel M ller Jentsch European Commission World Bank Office for South East Europe Matthias L cke Kiel Institute for the World Economy Valeriy Pyatnytskiy First Deputy Minister of Economy and European Integration Ukraine Andreas Schneider CEPS Rainer Schweickert Kiel Institute for the World Economy and Olexandr Shevtsov United Nations Development Program Ukraine , **Grassroots Hearings on Economic Problems** United States. various economic factors according to which the efficiency of different enforcement mechanisms can be assessed Hypothetical case scenarios within package travel and misleading advertising dealing with substantial individual harm and trifling and widespread harm are used to illustrate various consumer law problems Design suggestions on how to optimally mix enforcement mechanisms for these case scenarios are developed The findings are then used as a benchmark to assess real life situations in countries with different enforcement traditions the Netherlands Sweden and England The book is of value to both researchers and policy makers working in the area of consumer protection Intent to Prosper R.
