The New Big Book of Christian Mysticism Carl McColman, 2023-08-29 This revised and expanded edition offers a big possibility the hope of achieving real experiential union

with God The Christian of the future will be a mystic or will not exist This word of warning from theologian Karl Rahner was uttered half a century ago and today Christianity is indeed in crisis Is mysticism necessary for the survival of Christianity What exactly is Christian mysticism How can it be relevant in our crisis ridden world Questions like these inspire The New Big Book of Christian Mysticism a newly updated edition from beloved spiritual teacher and bestselling author Carl McColman The New Big Book of Christian Mysticism serves as both introduction and practical instruction for a living contemplative practice today In addition to the overview of mysticism spiritual and prayer practices in mysticism the various types of mysticism in Christian tradition and influential mystics through the millennia this second edition offers an embodied understanding of the mystic life with a more diverse range of voices and perspectives from Howard Thurman to Pauli Murray It also includes new chapters and themes that address embodied mysticism contemplation and social justice and the ongoing relevance of Jesus s message of radical equality and inclusivity This bigger book introduces both Christians and non Christians to the contemplative tradition within Christianity a tradition that has often been marginalized or cloistered to the church s detriment As a practice oriented book this is an invitation to embrace the mystical element within Christianity a practice that can equip faithful persons with a joyful sense of divine intimacy not just for personal benefit but as a foundation to a life of service and activism in the interest of justice McColman s overview of mysticism shows how it has been practiced and lived through the centuries and will prove inspirational for today s seekers regardless of their faith tradition At its heart Christian mysticism is an ancient practice that incorporates meditation contemplation worship philosophy the quest for enlightenment the thirst for a better world and the experience of divine presence

The Scientific Study of Personal Wisdom Michel Ferrari, Nic M. Weststrate, 2014-01-08 The rich and diverse contributions to this volume span a wide variety of disciplines from psychology and philosophy to neuroscience by some of the most influential scholars in the emerging science of personal wisdom As such it is a collection of essential readings and the first publication to integrate both the spiritual and pragmatic dimensions of personal wisdom The content of the book goes beyond speculative theory to present a wealth of scientific research currently under way in this expanding field It also describes numerous promising methods now being deployed in the quest for scientific knowledge of the elusive yet critical phenomenon of personal wisdom The book is an excellent introduction to the field for novice researchers as well as a stimulating and enlightening resource for established experts Its broad appeal makes it a vital addition to the libraries of academics and practitioners in many disciplines from developmental psychology to gerontology and from philosophy to contemplative religious traditions such as Buddhism
