articles and books Having attended several colleges and universities eventually earning my Ph D in Human Behavior I hold several life credentials in education earned during many years as an educator together with years spent working in the Aerospace Industry and other occupations But to call Einstein s famous equation $E=MC^2$ incomplete because it does not account for life and death does seem quite extraordinary yet these remain the two greatest mysteries they have ever been denying us thus far a theory of everything Something animates life and departs with death but what this something is not all our science has yet discovered though things like the Large Hadron Collider may provide needed insight and it has been in the pursuit of knowledge about these two greatest mysteries that has compelled me into so many varied academic studies and careers attempting to make sense of the world and our place in it and how people think and deal with the issues of life and death philosophically religiously and politically The things I have discovered along the way compelled me to much research and speculation about these mysteries and how they impact our lives to communicate my thoughts about them to share with others in a daily journal and posted to my website and provided in book format each year These writings are of importance in an increasingly dangerous world with a most uncertain future due to so much corruption ineptitude and lack of accountability in our own government as well as that of others the abject failure of our schools due to the very same things especially the same lack of accountability we find in government the religious and political hatreds with protracted wars worldwide and little to give hope for world peace I believed my articles about these important enough to publish in book format Some years ago I removed from the greater part of society to live in semi seclusion alone with my books and thoughts in a quiet part of the Sequoia National Forest devoting myself to contemplation speculating about many things and committing my thoughts in writing fulltime As a writer and author given to much introspection and fascinated by human behavior nature and our universe it was important to me to simplify my life as much as possible as anyone given to philosophical speculation about many things must That much of my writing covers some metaphysical thoughts about God angels and demons an afterlife and Biblical stories of origins of prophecies of the End Times and so much more have been absorbing studies as well and I freely share my thoughts about these in this volume

The Last American Man Elizabeth Gilbert,2009-08-17 _____ It is almost impossible not to fall under the spell of Eustace Conway his accomplishments his joy and vigor seem almost miraculous New York Times Review of Books Gilbert takes a bright eyed bead on Eustace hitting him square with a witty modernist appraisal of folkloric American masculinity The Times Conversational enthusiastic funny and sharp the energy of The Last American Man never ebbs New Statesman _____ A fascinating intimate portrait of an endlessly complicated man a visionary a narcissist a brilliant but flawed modern hero At the age of seventeen Eustace Conway ditched the comforts of his suburban existence to escape to the wild Away from the

crushing disapproval of his father he lived alone in a teepee in the mountains Everything he needed he built grew or killed He made his clothes from deer he killed and skinned before using their sinew as sewing thread But he didn't stop there In the years that followed he stopped at nothing in pursuit of bigger bolder challenges He travelled the Mississippi in a handmade wooden canoe he walked the two thousand mile Appalachian Trail he hiked across the German Alps in trainers he scaled cliffs in New Zealand One Christmas he finished dinner with his family and promptly upped and left to ride his horse across America From South Carolina to the Pacific with his little brother in tow they dodged cars on the highways ate road kill and slept on the hard ground Now more than twenty years on Eustace is still in the mountains residing in a thousand acre forest where he teaches survival skills and attempts to instil in people a deeper appreciation of nature But over time he has had to reconcile his ambitious dreams with the sobering realities of modernity Told with Elizabeth Gilbert's trademark wit and spirit *The Last American Man* is an unforgettable adventure story of an irrepressible life lived to the extreme *The Last American Man* is a New York Times Notable Book and National Book Critics Circle Award Finalist

The Image of Modern Man in T. S. Eliot's Poetry Mariwan Nasradeen Hasan Barzinji, 2012 A Synopsis of The Image of Modern Man in T S Eliot's Poetry The book presents an original understanding of The Image of Modern Man in T S Eliot's complex and difficult poems in an easy and understandable way Eliot's vision of the Modern Man and the modern world is depicted throughout Eliot's most well known poems Eliot was criticized by some critics for the quality of his work The aim of this book is to show what an excellent and successful writer he is to reveal the value and the contemporaneity of his work His poetry is highly evaluated for its unique way of depicting the Modern human by realizing their problems as well as finding solutions for them The book is a great help not only for students but also for researchers as the writer has spent much time in reading Eliot's Poems He has also written an ample introduction about modernism modernity modern literature and modern poetry which might be enough to understand the rise of modern poetry All of Eliot's poems especially *The Waste Land* has presented readers with all the aspects of the modern life Life is depicted as a mirror broken and shattered into pieces as it is clear in the different parts of the poem Eliot unlike many poets did not leave the modern man lost in despair but he finds them their peace of mind by having a true and stable faith as well as their turning to God The only solution for the entire problems of modern man is to turn to God and neglect the world that completely occupied them spiritually Modern man lost has lost his values especially women by only looking after children many of them turned to prostitution because they did not have any source of income therefore they used that as a way to earn money to maintain life These are the characteristics of the modern city which are shared by all the countries especially Europe Eliot insists on the necessity of turning from world to God He believed that God can solve their problems because man or any other earthly power could not change that gloomy and aimless life which modern man complained against

researched and superbly crafted study is the first book length treatment of *Others* an important and neglected little magazine that served as a laboratory for modernist poetic experimentation In discussions of influential poets such as Mina Loy Marianne Moore and William Carlos Williams whose careers *Others* helped launch Churchill counters the notion of Modernism as aesthetically self isolating and socially disengaged Rather she traces a correspondence between formal innovation and social change in American modernist poetry and argues that this dimension of modernist formalism is lost when poems are studied in isolation *Others* provides a framework for reassessing the scope and significance of modernist formalism The little magazine not only anchors modernist poetry in a social context but also leads to new insight into major modernist texts Churchill s commitment to her subject s broad cultural contexts makes her book important for students and teachers of Modernism as well as for those working in the fields of American poetry and poetics gender studies queer theory periodical studies and cultural studies
