Conservatism Edmund Fawcett, 2020-10-20 The sharp polarisation of left and right is commonly dwelt on as the big political handicap of our times Angry divisions on the right itself get less attention Conservatism fills that gap Across Europe and the US a liberal right is at war with an illiberal right As the leading force in politics it is vital to understand the roots of the right s struggle with itself how it stands and how it is likely to come out From its early 19th century origins to now conservatism never finally settled on how far to compromise with liberalism democracy and the capitalist world out of which both grew By the late 19th century the mainstream right had come to terms with all three Its reward was lasting success in the next century and beyond On the political fringes and among ethical cultural critics a recalcitrant right unreconciled to liberal democracy never died Resistance to liberal democracy is seen today in the hard right a strange but potent alliance of hyper liberal globalists and anti liberal localists Conservatism focuses on an exemplary core of France Britain Germany and the United States It describes the parties politicians and thinkers of the right bringing out strengths and weaknesses in conservative thought An appendix includes definitions of leading terms a brief account of conservatism s philosophical origins and mini lives of more than 200 conservatives Historical and topical neither celebration nor caricature Conservatism is a unique panoramic survey of the Western world s dominant political tradition

Paul M. Sniderman,2017-09-26 Can the citizens of a democracy be trusted to run it properly Modern political science has concentrated on cataloguing voters failings their lack of knowledge tolerance or consistency in political thinking While it would be a mistake to think this portrait of citizens is simply wrong it is a deeper mistake to accept it as a satisfactory likeness In this book Paul Sniderman demonstrates that a concentration on the pathologies of citizens political thinking has obscured the intense clash of opposing belief systems in the electorate He shows how a concentration on racism has distorted understanding of the politics of race by keeping out of sight those who think well of black Americans And he exposes the fallacy of spotlighting the dangers of mass politics while ignoring those of elite politics *Bleeding Heart*
