religion on its structure and value Before the Roman Empire's political disintegration in the west enormous political religious and cultural changes took place in the period of late antiquity This book is the first comprehensive study of the family in the later Roman Empire from approximately 300 AD to 550 AD Geoffrey Nathan analyses the classical Roman family as well as early Christian notions of this most basic unit of social organisation Using these models as a contextual backdrop he then explores marriage children domestic servitude and other familial institutions in late antiquity He brings together a diverse collection of sources transcending traditional studies that have centred on the legal record **The HILL FAMILY**

GENEALOGY Lanette Hill, 2008-07-03 Genealogy of the HILL Family of North Carolina beginning with Abraham Hill and Christian Walton his descendants migrated down into Wilkes Co Georgia and then into the southern counties of Georgia and Madison Co Florida Ocala Florida area and finally Theophilus Hill and Lydia Henderson Hill settling in Bartow Hillsborough Lakeland Medulla Polk County Florida **The Sons of Constantine, AD 337-361** Nicholas Baker-Brian, Shaun

Tougher, 2020-05-30 This edited collection focuses on the Roman empire during the period from AD 337 to 361 During this period the empire was ruled by three brothers Constantine II 337 340 Constans I 337 350 and Constantius II 337 361 These emperors tend to be cast into shadow by their famous father Constantine the first Christian Roman emperor 306 337 and their famous cousin Julian the last pagan Roman emperor 361 363 The traditional concentration on the historically renowned figures of Constantine and Julian is understandable but comes at a significant price the neglect of the period between the death of Constantine and the reign of Julian and of the rulers who governed the empire in this period The reigns of the sons of Constantine especially that of the longest lived Constantius II mark a moment of great historical significance As the heirs of Constantine they became the guardians of his legacy and they oversaw the nature of the world in which Julian was to grow up The thirteen contributors to this volume assess their influence on imperial administrative cultural and religious facets of the empire in the fourth century **The Codex of Justinian** Bruce W. Frier, Serena Connolly, Simon Corcoran, Michael

Hewson Crawford, John Noël Dillon, Dennis P. Kehoe, Noel Emmanuel Lenski, Thomas A. J. McGinn, Charles F. Pazdernik, Timothy Kearley, Benet Salway, 2016 The first reliable annotated English translation with original texts of one of the central sources of the Western legal tradition *The History of Translation and Translators in the Ottoman Empire*

Mehmet Tahir Öncü, Ayla Akin, Ahu Selin Erkul Yağcı, 2024-01-16 The Ottoman Empire covered a vast territory for more than five centuries and was therefore a multi ethnic and multicultural state from the very beginning Due to the need to negotiate military political and economic matters both within and outside its borders the state relied on the services of interpreters However despite the multicultural and linguistically diverse communication in the Ottoman Empire the practice of translation was not formally institutionalised by the state Until the modernisation efforts of the 18th century translation was mainly seen as a facilitating or ancillary activity in the diplomatic context The primary aim of this collection is to comprehensively analyse and define interpreting and translating activities within the Ottoman Empire Particular attention is paid to the reasons for

the lack of institutional structure and the impact of this lack of structure on the practice of translation It also identifies individual actors especially those who acted as language and cultural mediators and thus provided important services to the Ottoman Empire By examining interpreting and translating activities and the agents involved in them this research contributes to a deeper understanding of the role of language mediation in the Ottoman Empire and the importance of this issue in the context of Ottoman history **Nikolaus Dumba (1830-1900)** John Tzafettas,Elvira Konecny,2015-05-09

Nikolaus Dumba was a most inspired and enthusiastic Viennese who became Maecenas of the Arts and national benefactor for Austria and Greece He was most prominent in Vienna s cultural life in the 2nd half of the 19th century and was acclaimed as a genius of the Muses although he also distinguished himself in other fields such as those of politics and finance He had a leading role in the shaping of New Vienna without Dumba many of the Vienna monuments would have never been created neither of Schubert Schiller Beethoven or Grillparzer nor that of Mozart and Makart Neue Freie Presse 25 03 1900 His personal friends Johannes Brahms and Johann Strauss extolled the legendary role he played in music and the arts and in the expansion and embellishment of the city of Vienna by dedicating the choral waltz Neu Wien New Vienna to him The immortal Donauwalzer Blue Danube Waltz may have not existed without his personal intervention as President then of the Vienna Men s Choral Society He is best known as founder of the Musikverein in its present form in the Dumba Strasse He donated the Dumba Schubert collection the largest in the world to the Vienna Library Nikolaus Dumba made a distinct political career as Member of the Austrian Parliament for 30 years 1870 1900 and served as personal adviser to the emperor Franz Josef His name was registered in the Golden Book of Vienna s Honorary Citizens and his tomb is included among those of the great composers in the Vienna s Central Cemetery *The Columbian Cyclopedia* ,1897 **History of Europe** Archibald

Alison,1868 **History of Europe from the Fall of Napoleon in MDCCCXV to the Accession of Louis Napoleon in MDCCCLII** Archibald Alison,1855 **Expectations of Justice in the Age of Augustine** Kevin Uhalde,2013-03-26

Augustine bishop of Hippo between 395 and 430 and his fellow bishops lived and worked through massive shifts in politics society and religion Christian bishops were frequently asked to serve as intellectuals legislators judges and pastors roles and responsibilities that often conflicted with one another and made it difficult for bishops to be effective leaders Expectations of Justice in the Age of Augustine examines these roles and the ways bishops struggled to fulfill or failed to fulfill them as well as the philosophical conclusions they drew from their experience in everyday affairs such as oath swearing and in the administration of penance Augustine and his near contemporaries were no more or less successful at handling the administration of justice than other late antique or early medieval officials When bishops served in judicial capacities they experienced firsthand the complex inner workings of legal procedures and social conflicts as well as the fallibility of human communities Bishops represented divine justice while simultaneously engaging in and even presiding over the sorts of activities that animated society business deals litigations gossip and violence but also made justice hard to come by Kevin

Uhalde argues that serving as judges even informally compelled bishops to question whether anyone could be guaranteed justice on earth even from the leaders of the Christian church As a result their ideals of divine justice fundamentally changed in order to accommodate the unpleasant reality of worldly justice and its failings This philosophical shift resonated in Christian thought and life for centuries afterward and directly affected religious life from the performance of penance to the way people conceived of the Final Judgment

Radical Hermeneutics John D. Caputo, 1988-01-22 Radical Hermeneutics forges a closer collaboration between hermeneutics and deconstruction than has previously been attempted For John D. Caputo hermeneutics means radical thinking without transcendental justification attending to the ruptures and irregularities in existence before the metaphysics of presence has a chance to smooth them over Part One shows how Kierkegaardian repetition and Husserlian constitution are fused in Heidegger's classic of hermeneutic statement Being and Time Part Two takes up the radicalization of Husserl's and Heidegger's questioning carried out by Derrida Here Caputo urges a more radical reading of Heidegger as well as a more hermeneutic reading of Derrida Part Three argues that radical thinking is not an exercise in nihilism as its critics charge but a renewed vigilance about the gaps and differences inherent in our experience Caputo projects the possibility of a postmetaphysical conception of rationality an ethics of dissemination and a notion of faith liberated from the onto-theo logic Radical Hermeneutics addresses the most trenchant issues in recent Continental thought
