Reading, Writing, and Rigor Nancy Boyles, 2018-04-12 What does rigor, a word that frequently pops up in conversations about education, really mean? More specifically, what does it mean for literacy instruction and how does it relate to challenging standards-based assessments? In this informative and practical guide, literacy expert Nancy Boyles uses the framework from Webb's Depth of Knowledge (DOK) to answer these questions, offering experience-based advice along with specific examples of K-8 assessment items. Boyles defines rigor and shows how it relates to literacy at each DOK level and explains the kind of thinking students will be expected to demonstrate. She then tackles the essence of what teachers need to know about how DOK and its associated rigors are measured on standards-based assessments. Specifically, readers learn how each DOK rigor aligns with standards, text complexity, close reading, student interaction, the reading-writing connection, and formative assessment. Teachers, coaches, and administrators will find clear guidance, easy-to-implement strategies, dozens of useful teaching tools and resources, and encouragement to help students achieve and demonstrate true rigor in reading and writing.

Exploring Nonfiction with Young Learners Darla Miner, Jill Zitnay, 2012-02-16 *Exploring Nonfiction with Young Learners* explores the four basic nonfiction structures that the youngest learners are most likely to encounter: descriptive, recount, collection, procedural, and explanatory texts. This book also includes information to help teach four more complex structures that younger readers sometimes encounter during read-alouds: comparison, response, causation, cause and effect, and persuasive genres. This book is organized to help plan lessons using each type of nonfiction structure. Strategies and suggestions for activities to use before, during, and after reading are included. Templates and graphic organizers are also provided in order to facilitate planning and offer additional resources. Detailed information about each text structure, as well as mentor texts to illustrate each type, is included. Text structures, as well as text access features, are defined and located in easy-reference charts. Whole-class and small-group planning ideas are included throughout the book in order to allow for differentiation. Additionally, assessment ideas, sample think-alouds, lesson planning templates, and sample lessons with completed graphic organizers are included for each text structure.
