When to Hire or Not Hire a Consultant Linda M. Orr, Dave J. Orr, 2014-03-01 When to Hire or Not Hire a Consultant Getting Your Money's Worth from Consulting Relationships is a hands on practical guide for anyone thinking about hiring a consultant to set strategy solve problems increase profits or revenue develop new products open new markets or improve efficiency Consulting is one of the fastest growing professions in the United States According to the U S government there were 719 000 consultants in the U S in 2010 and you can expect an additional 274 000 by 2020 Cloaked in expert status consultants might seem to be the answer to many business problems You call someone in to solve a particular problem or develop new markets then send them away once the job is done while reaping the benefits of their expertise Consultants sometimes do work miracles but once in a while they wreck a healthy business And far too often the benefits gained by calling in consultants disappear far too soon after they leave Yet as return on investment ROI and accountability for results become bigger and bigger issues business professionals in search of answers to performance or strategy challenges are turning more and more to outside guidance for help Indeed few businesses do not use some kind of consultant at some point in their existence But how can you leverage the skills consultants can bring to the table without adding undue risk to your operations How can you effectively manage the consultant relationship to get the greatest benefit for the least cost What metrics can support your decision to hire or not hire a consultant When should you use home grown talent to solve problems instead That's what this book is all about While there are a multitude of books on how to be a consultant this is the first to help an executive determine when to hire one You will learn strategies to decide when a consultant is needed and how to support that decision with hard evidence how to select the right consultant how to set clear expectations and how to know when a consultant is either a valuable resource or a hindrance to the company's success The authors of this book bring together two opposing perspectives Linda Orr has served as a consultant in many companies and situations while Dave Orr has hired consultants many times Together they can help you make the most strategically and financially sound business decisions This book shows you how to Work through ROI and other issues to support a decision to hire a consultant

Humble Consulting Edgar H. Schein,2016-04-04 Organizations face problems today that are too messy and complicated for consultants to simply play doctor run a few tests offer a neat diagnosis of the problem and recommend a solution With the pace of change accelerating and globalization and specialization adding new layers of complexity there is no time for diagnoses Canned answers from outsiders have become useless Well meaning consultants often end up working on the wrong problem misunderstanding the client organization s culture or ignoring the fact that constant change makes today s solutions obsolete tomorrow In *Humble Consulting* Edgar Schein outlines the basics of a new approach He argues that consultants and coaches have to jettison the old idea of professional distance and work with their clients in a more personal way emphasizing authentic openness curiosity and humility Schein shows how to create an atmosphere of genuine trust and caring so that

clients can share what's really on their minds. Consultants and clients can then jointly discover what needs to be done. Working together from the outset like this speeds things up as it obviates the need for elaborate diagnostic tests and avoids solutions that might look good on paper but don't fit an organization's on-the-ground reality. Schein draws deeply on his own decades of experience, offering over two dozen case studies that illuminate each stage of the humble consulting process. Just as he did with Process Consultation nearly fifty years ago, Schein has once again revolutionized the field, enabling consultants to be more genuinely helpful and vastly more effective.

Consulting For Results Introduction

In the digital age, access to information has become easier than ever before. The ability to download Consulting For Results has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Consulting For Results has opened up a world of possibilities. Downloading Consulting For Results provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Consulting For Results has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Consulting For Results. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Consulting For Results. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Consulting For Results, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Consulting For Results has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular

choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
