Mystical Bodies, Mystical Meals Joel Hecker, 2005 *Mystical Bodies Mystical Meals* is the first book length study of mystical eating practices and experiences in the kabbalah Focusing on the Jewish mystical literature of late thirteenth century Spain author Joel Hecker analyzes the ways in which the Zohar and other contemporaneous literature represent mystical attainment in their homilies about eating What emerges is not only consideration of eating practices but more broadly the effects such practices and experiences have on the bodies of its practitioners Using anthropology sociology ritual studies and gender theory Hecker accounts for the internal topography of the body as imaginatively conceived by kabbalists For these mystics the physical body interacts with the material world to effect transformations within themselves and within the Divinity The kabbalists experience the ideal body as one of fullness one whose boundaries allow for the intake of divine light and power and for the outward overflow of fruitfulness and generosity at the same time the body retains sufficient integrity to confer a sense of completeness as the perfect symbol for the Divinity itself Nourishment imagery is used throughout the kabbalah as a metaphor signifying the flow of divine blessing from the upper worlds to the lower from masculine to feminine and from Israel to the Godhead The body's spiritual continuity allows for unions between the kabbalistic devotee and his food table chair and wine and is exemplified in the practices and experiences surrounding the consumption of food this continuity is also applicable to other aspects of embodiment such as the kabbalist's union with his fellow man *Mystical Bodies Mystical Meals* underscores the homosocial quality of the kabbalistic fraternity in which gendered hierarchies of master and disciple are linked to the imagery and

dynamics of nourishment and sexuality Bringing this entire spectrum into focus Hecker ultimately considers how the oral cavity and stomach even the emotions associated with festive meals are mobilized to produce the soul of the mystical saint in medieval kabbalah
