the Catholic understanding of marriage and the goals of the catholic doctrine on marriage He writes of the possibility of marriage impediments due to impotence and sterility that lead to childlessness and recommends not only a thorough pre marriage preparation but also a continual formation of marriage couples as efforts that could check the increasing rate of divorce and polygamy due to childlessness But the author knows that childlessness can still occur despite all precautions He therefore recommends adoption instead of polygamy as the ultimate panacea to childlessness in marriage The author condemns in unmistakable terms the mentality among the Igbo which blames and traumatizes the woman in cases of childlessness

The Ideal Marriage Dr. Francis K. Goode, 2011-06-16 The Marriage Institution was not by any stretch of the imagination a human devising It was not even a cultural invention God is the creator of the Marriage Institution He created it to demonstrate His Fatherly love for the human family He also performed the first wedding ceremony in the Garden of Eden and gave it a definition as a lifelong union enjoined by two distinct individuals who are genetically identical and yet each containing within itself something lacking in the other and complimentary to each other

Marriage, Sexuality, and Gender Robin West, 2015-12-03 Marriage Sexuality and Gender examines contemporary debates about the meaning and value of marriage The book analyzes arguments for traditional marriage including those of neonaturalists utilitarians and communitarians or virtue theorists The volume also considers a range of feminist welfarist and liberationist arguments for ending the institution altogether It evaluates two major reform movements one focused on expanding marriage to include same sex couples and the other focused on the use of law to render marriage more internally just The book concludes with a plea to activists to redirect marriage equality movements toward the creation of an entirely secular civil union law that would respect a broader range of private life long commitments including but not limited to same and opposite sex couples without threatening the role of religious marriage in the lives of those who embrace it and without penalizing nonparticipants

The Marriage Pill Buddy Strawn, 2022-08-19 The birds and the bees is supposedly the story of what sex and love is all about and the speech of all its meanings and lure are presumed to be delivered by mother father both or that adult in your life well before any such dealings Well now readers raise your hand up high if you ever got that talk in due time Much like the majority of youngsters the main character in this book Loddy never got that speech and therefore was faced with life altering decisions to make on the fly so to speak Sound familiar More than likely that answer is a big fat yes So imagine being able to simply take a pill the marriage pill that allows a young man to experience all the intangibles good and bad of entering into holy matrimony with the one he is presumably in love with and then decide There is such a pill And furthermore its success rate of convincing young men not to enter into the contractual agreement of till death do us part with the enticing young woman of his dreams until at least the age of twenty nine is and has been 100 percent effective

Thoughts to Enlighten and Empower the Mind Errol A. Gibbs,Philip A. Grey,2011-06 Thoughts to Enlighten and Empower the Mind is a compilation of two thousand and one questions and philosophical thoughts extracted from the authors seminal work Five Foundations of Human Development These thoughts follow the same chronology of information that helps to promote fulfilling lives through human development from spiritual moral social intellectual and physical perspectives The authors proffer that human beings possess the capacity to rise to a higher state of civilization when we allow our thoughts to permeate our minds with hope and optimism for the future of humanity Gibbs and Grey support the premise put forward by many great writers who contend that our thoughts determine happiness and effectiveness in life Our thoughts and our emotions have a great influence on our carnal impulses and desires We nurture good and bad thoughts and human effort alone is insufficient to properly manage them Negative thoughts establish barriers to communications and harmonious living

Positive thoughts radiate harmony among individuals and nations More importantly those in positions of great power who lead humanity must by their thoughts help to create a better world or inadvertently plunge humanity into great chaos as has been recorded in six thousand years of human history Only a mind that is free of unhealthy thoughts transcends a life of fulfillment Positive thoughts permeate our beings and open up new frontiers of positive leadership for the modern age The global significance of this book is that it informs a more communal view of our world by virtue of the conditioning of our thoughts It will help inform enlighten and empower the minds of leaders to embrace every field of endeavor including engineering science religion politics the military and the environment This will be accomplished with the most vital creative and positive thoughts that rise to a high level of responsibility for the betterment of all humanity
