Contemplative Community An Interdisciplinary Symposium:

Contemplative Community M. Basil Pennington, 1972-01-01 CONTEMPLATIVE COMMUNITY- AN INTERDISCIPLINARY SYMPOSIUM- 3RD CISTERCIAN SYMPOSIUM- PAPERS. , Bernard of Clairvaux Jean Leclercq, 1973 Discerning Vocations to the Apostolic Life, the Contemplative Life, and the Eremitic Life Marie Theresa Coombs, Francis Kelly Nemeck OMI, 2018-09-25 Throughout the spiritual journey God's love engenders within every Christian active contemplative and solitary inclinations Consequently each person wants to do some good to have a basic receptivity to God and at times to be alone with God As life unfolds God's love also calls forth within a person an overriding attraction toward one of those three orientations which in due course impels the individual toward a corresponding vocational lifestyle an apostolic life a contemplative life or an eremitic life In this book the authors identify the core features of those three vocational lifestyles In light of each vocational core they then discuss an ensemble of signs and patterns that point to an authentic calling from God This study offers wisdom and insight to those pondering the mystery of their personal vocations to those discerning their vocational direction and to spiritual directors formation personnel ecclesial leadership and Christian educators who accompany them in their quest **Aspects of Charity** Gert Melville, 2011 Charity as a Christian and in particular also monastic virtue was a complex phenomenon in the Middle Ages The present volume outlines albeit with broad strokes the field of charity in the monastic form of life The collected essays endeavour to approach the subject from different angles which present themselves as especially significant The focus is placed both upon older communities oriented towards separation from the world as well as upon those open to the world and interested in interaction with all people so that insights can be gained into mutual fraternal charity within the convents as well as into charity towards all Additionally the volume attempts to touch upon the wide spectrum of the communication levels of charity Not least attention is given to the pivotal point of charity the systemic embedding of charity between people in the love of man for God which leads to assimilation with Him In doing so the purpose was to draw attention to the fertility of the subject and to outline its importance for the history of the *vita religiosa* The Feminist Question Francis Martin, 1994 The first work to undertake a theological critique of Christian feminism as a whole this book seeks to bring traditional faith and the feminist position into a deeper dialogue Part One presents an overview of the historical issues raised by feminist theology Part Two compares key feminist theological presuppositions to the prophetic interpretation of reality found in the biblical tradition Aelred of Rievaulx on Love and Order in the World and the Church John R. Sommerfeldt, 2006 The universe is a product of God's infinite love according to the expansive thinking of Aelred of Rievaulx a Cistercian abbot of the Middle Ages Aelred sees human existence order and action as reflections of God's love But Aelred knows that although they have been created for happiness humans are neither perfect nor happy At the same time however he is sure that the flood of God's love can overwhelm people who do not reject this divine gift Because Aelred knows that humans exist only in relationship he searches

out the social order necessary for happiness So he explores the nature of the church as a community and the support that each social group or calling gives to the whole of existence This study examines how Aelred sees God informing the cosmos and the humans who inhabit it according to the divine order and principle of love It follows Aelred s analysis of the disordering sources of human unhappiness which happens when humans reject God s love and then investigates Aelred s understanding of God s re ordering of the human condition through the gifts and graces flowing from his greatest gift his son Jesus BOOK JACKET

Einsamkeit Marcus Handke, Als grundlegendes Motiv christlicher Theologie und Fr mmigkeitspraxis besitzt Einsamkeit eine bis in die Sp tantike reichende Tradition Doch erst ab dem 11 Jahrhundert ergriff die Suche nach religi ser Abgeschiedenheit nicht mehr nur einzelne Spitzenasketen sondern aus ihr erwachsen neue soziale Formationen von denen sich einige als eremitische Orden etablieren konnten Die religi sen Reformbewegungen enthielten die Idee der Weltflucht und mit ihr jene der geistlichen solitudo als monastisch programmatisches Leitmotiv welches in Kombination mit der gemeinschaftlichen Lebensform ein scheinbares Paradoxon erzeugte Hier setzt die ideengeschichtlich orientierte Studie an und zeichnet am Beispiel der fr hen Kamaldulenser Kart user und Zisterzienser nach wie hochmittelalterliche Reformtheologen diese Ambivalenz l sten Dabei werden sowohl vielf ltige Gedankenhorizonte als auch die Ver nderungen der Semantik von Einsamkeit innerhalb monastischer Diskurse und Rezeptionsstr nge thematisiert

Wathen, 1973 Originally presented as the author's thesis St Paul University Ottawa Bibliography p 235 240 **Eschatologie im ägyptischen Mönchtum** Dēmētrios Moschos, 2010 English summary Different approaches have been taken towards the emergence of early monasticism in Egypt One of its distinctive features is its variety of organizational forms its theology spirituality and social functions Was this variety the result of social needs or merely a development of theological ideas In this work the author provides a purely historical examination of different kinds of sources in order to focus on how a paradoxical idea inherent in Christian thinking the anticipation of God's kingdom on earth interacts with various challenges of its environment The outcome is a multidimensional development of new identities which enable a better understanding of the religious transformation in Egypt in the 4th century German description Das christliche Monchtum wurde schon öfter mit einem immanent christlichen Gedanken verbunden und zwar der Vorwegnahme des Reiches Gottes des Eschatons der begriffsgeschichtlich grundlich erforscht wurde Die Umsetzung dieser Idee in die Tat offenbart jedoch eine breite Palette unterschiedlichster organisatorischer Formen religiöser Erlebnisse theologischer Ansichten und sozialer Funktionen Diese Vielfalt wurde bisher normalerweise von aussen im Hinblick auf die soziale Umgebung untersucht Anhand narrativer und archaologischer Quellen greift Dimitrios Moschos die Eigenentwicklung der christlichen Eschatologie im Monchtum wieder auf Er stellt fest dass konkrete theologische Strömungen und entsprechende eschatologische Auffassungen mit analogen sozialen Funktionen interagieren was letztlich zum Aufbau neuer Identitäten führt Die Erkenntnis dieses Prozesses hilft zum besseren Verständnis der religiösen Transformation Ägyptens und ferner der spätantiken Welt im 4 Jh
