spirituality in education In holistic education the personal and professional are connected Professor Miller s journey includes events books teachers and the many factors in his life that have contributed to his work which includes more than 20 books and extensive travel around the world An example of the relationship between the personal and the professional is that Jack began meditating in 1974 and this practice has provided the foundation for much of his teaching and writing Professor Miller s book *The Holistic Curriculum* first published in 1988 along with the publication of the *Holistic Education Review* have been seen as the beginning of holistic education as a field of study Since his journey has been connected with so many other holistic educators this book can serve as one perspective on how the field has unfolded over the past 35 years Besides this historical perspective the book includes a chapter on his meditation practice as well his beliefs There is also a chapter on his teaching and how he attempts to embody holistic education in his classroom Praise for *A Holistic Educator s Journey* Rarely does a field builder allow us the opportunity to journey into the life long journey leading to the formation of the work With bold transparency Miller shares his enormously rich professional and personal journey of seven decades with an open hand He shows us the terrane of his inner and outer life Lisa Miller Author *The Spiritual Child* Teachers College Columbia University Whether in the classroom writing books keynoting or being a friend Jack Miller s life journey exemplifies his multi dimensional embracing of the way of nature and accepting of the mysterious Always acknowledging the Indigenous roots of holistic education he managed to bring parts of the Indigenous worldview into schools in ways that accommodated all cultures This book gives testimony to his great contribution to understanding why we must return to our interconnected way of being Four Arrows Author *Sitting Bull s Words for a World in Crises* Ministry That Transforms Kathleen McAlpin,2009 Ministry is transformative action As Christians when we do something in service engaging the needs of our sisters and brothers in the name of Jesus Christ we minister for the reign of God The Romero House volunteers whose narratives undergird this volume actively construct a theology of ministry while undergoing a powerful sense of personal transformation Anyone involved in ministry whether in formation programs in parishes or in social justice activities will welcome this creative process oriented framework for ministerial theology and faith development a framework that is firmly grounded in the minister s grassroots experience **What We Now Know about Jewish Education** Roberta Louis Goodman,Paul A.
