Contemporary Continental Theologians:

Contemporary Continental Theology Walter Marshall Horton, 1938 Theology and Contemporary Continental Philosophy Colby Dickinson, 2018-12-31 This book aims to put modern continental philosophy specifically the sub fields of phenomenology existentialism hermeneutics deconstruction critical theory and genealogy into conversation with the field of contemporary theology Colby Dickinson demonstrates the way in which negative dialectics or the negation of negation may help us to grasp the thin or non existent borders between continental philosophy and theology as the leading thinkers of both fields wrestle with their entrance into a new era With the declining place of the sacred in the public sphere we need to pay more attention than ever to how continental philosophy seems to be returning to distinctly theological roots Through a genealogical mapping of 20th century continental philosophers Dickinson highlights the ever present Judeo Christian roots of modern Western philosophical thought Opposing categories such as immanence transcendence finitude infinitude universal particular subject object are at the center of works by thinkers such as Agamben Marion Vattimo Levinas Latour Caputo and Adorno This book argues that utilizing a negative dialectic allows us to move beyond the apparent fixation with dichotomies present within those fields and begin to perform both philosophy and theology anew **Contemporary Continental Theology** Walter M. Contemporary Continental Theology Walter Marshall Horton, 1838 Contemporary Continental Theologians Sylvester Paul Schilling, 1966 **The Philosophy of Christology** Hue Woodson, 2022-01-31 Given the perpetual problem of the historical Jesus there remains an ongoing posing of the question to and a continuous seeking of the meaningfulness of Christology From the earliest reckoning with the relationship between Jesus of Nazareth and the Christ of faith what it means to do Christology today remains at the methodological center of the task and scope of every systematic theology Whether giving an account of Albert Schweitzer s bringing an end to the quest for the historical Jesus in 1906 or attending to Rudolf Bultmann s period of no quest culminating with his demythologization project in the 1940s how we still think of Christology as a matter of questions and concerns with meaning speaks to an unavoidable philosophizing of Christology In this way The Philosophy of Christology offers both a particular history of Christology in conjunction with a particular philosophy of Christology which assesses the theological contributions by a group of Bultmannians following Bultmann in the 1950s and 1960s up to what can be reimagined by repurposing Jacques Derrida s philosophical question into the meaning of love in 2002 *The Papers of Martin Luther King, Jr., Volume II* Martin Luther King Jr., 2023-11-15 Martin Luther King Jr s ideas his call for racial equality his faith in the ultimate triumph of justice his insistence on the power of nonviolence to bring about a major transformation of American society are as vital and timely as ever The wealth of his writings both published and unpublished are now preserved in this authoritative chronologically arranged multi volume edition Volume Two begins with King s doctoral work at Boston University and ends with his first year as pastor of the historic Dexter Avenue Baptist

Church in Montgomery Alabama It includes papers from his graduate courses and a fully annotated text of his dissertation There is correspondence with people King knew in his years prior to graduate school and a transcription of the first known recording of a King sermon We learn too that Boston was where King met his future wife Coretta Scott Accepting the call to serve Dexter the young King followed the church s tradition of socially active pastors by becoming involved in voter registration and other social justice issues In Montgomery he completed his doctoral work and he and Coretta Scott began their marriage The Papers of Martin Luther King Jr represents a testament to a man whose life and teaching have had a profound influence not only on Americans but on people of all nations The Martin Luther King Jr Papers Project at Stanford University was established by the Center for Nonviolent Social Change Inc in 1984 Martin Luther King Jr s ideas his call for racial equality his faith in the ultimate triumph of justice his insistence on the power of nonviolence to bring about a major transformation of American society are as vital and timely as ever The wealth of

Christian Realism in Contemporary American Theology George Hammar,1940 **The Modern Theologians** David F. Ford,2013-09-23 This popular text has been updated to ensure that it continues to provide a current and comprehensive overview of the main Christian theologies of the twentieth and twenty first centuries Each chapter is written by a leading theologian and gives a clear picture of a particular movement topic or individual New and updated treatments of topics covered in earlier editions with over half the chapters new to this edition or revised by new authors New section singling out six classic theologians of the twentieth century Expanded treatment of the natural sciences gender Roman Catholic theology since Vatican II and African Asian and Evangelical theologies Completely new chapters on spirituality pastoral theology philosophical theology postcolonial biblical interpretation Pentecostal theology Islam and Christian theology Buddhism and Christian theology and theology and film As in previous editions the text opens with a full introduction to modern theology Epilogue discussing the present situation and prospects of Christian theology in the twenty first century *The Papers of Martin Luther King, Jr., Volume II* Martin Luther King,1992 Many of Dr King s writings both published and unpublished are now preserved in two authoritative chronologically arranged volumes Volume 2 includes King s doctoral works at Boston University papers from his graduate courses and a fully annotated text of his dissertation 31 photos *The Making of American Liberal Theology* Gary J. Dorrien,2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that

although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom Dictionary of Modern American Philosophers John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **Theology in Turmoil** Alan P.F. Sell, 1998-05-13 In Theology in Turmoil Alan Sell examines the controversy between conservatives and liberals The perennially important question What is the Christian gospel was writes the author thrust to the fore in that debate between theological conservatives and liberals which was at its height between 1890 and 1930 and of which echoes may be heard to this day In this book I seek to trace the roots of this debate to outline its course and draw some lessons from it Volume 14: Kierkegaard's Influence on Social-Political Thought Jon Stewart, 2016-12-05 While scholars have long recognized Kierkegaard's important contributions to fields such as ethics aesthetics philosophy of religion philosophical psychology and hermeneutics it was usually thought that he had nothing meaningful to say about society or politics Kierkegaard has been traditionally characterized as a Christian writer who placed supreme importance on the inward religious life of each individual believer His radical view seemed to many to undermine any meaningful conception of the community society or the state In recent years however scholars have begun to correct this image of Kierkegaard as an apolitical thinker The present volume attempts to document the use of Kierkegaard by later thinkers in the context of social political thought It shows how his ideas have been employed by very different kinds of writers and activists with very different political goals and agendas Many of the articles show that although Kierkegaard has been criticized for his reactionary views on some social and political questions he has been appropriated as a source of insight and inspiration by a number of later thinkers with very progressive indeed visionary political views **The Papers of Martin Luther King, Jr., Volume I** Martin Luther King Jr., 2023-11-15 More than two decades since his death Martin Luther King Jr.'s ideas his call for racial equality his faith in the ultimate triumph of justice and his insistence on the power of nonviolent struggle to bring about a major transformation of American society are as vital and timely as ever The wealth of his writings both published and unpublished that constitute his intellectual legacy are now preserved in this authoritative chronologically arranged multi

volume edition Faithfully reproducing the texts of his letters speeches sermons student papers and articles this edition has no equal Volume One contains many previously unpublished documents beginning with the letters King wrote to his mother and father during his childhood We read firsthand his surprise and delight in his first encounter during a trip to Connecticut with the less segregated conditions in the North Through his student essays and exams we discover King s doubts about the religion of his father and we can trace his theological development We learn of his longing for the emotional conversion experience that he witnessed others undergoing and we follow his search to know God through study at theological seminaries Throughout the first volume we are treated to tantalizing hints of his mature rhetorical abilities as in his 1945 letter to the Atlanta Constitution that spoke out against white racism Each volume in this series contains an introductory essay that traces the biographical details of Dr King s life during the period covered Ample annotations accompany the documents Each volume also contains a chronology of key events in his life and a Calendar of Documents that lists all important extant documents authored by King or by others including those that are not transcribed in the document itself The preparation of this edition is sponsored by the Martin Luther King Jr Center for Nonviolent Social Change in Atlanta with Stanford University and Emory University More than two decades since his death Martin Luther King Jr s ideas his call for racial equality his faith in the ultimate triumph of justice and his insistence on the power of nonviolent struggle to bring about a major transformation of American soc

fundamentalism Rudolph Nelson author of *The Making and Unmaking of an Evangelical Mind The Case of Edward Carnell*
 Edward John Carnell 1919-1967 was an ordained Baptist minister who served for three years as Associate Professor of
 Philosophy of Religion at Gordon Divinity School He taught apologetics at Fuller Theological Seminary from 1948 to 1967
 and served there as the second president from 1954 to 1959 [Heideggerian Theologies](#) Hue Woodson, 2018-11-27 In light
 of Martin Heidegger's contextualized influence upon them John Macquarrie Rudolf Bultmann Paul Tillich and Karl Rahner
 engage in theologies that in their respective tasks and scopes venture into existential theology following Heideggerian
 pathmarks toward the primordially of being on the way to unconcealment or aletheia By way of each pathmark each
 existential theologian assumes a specific theological stance that utilizes a decidedly existential lens While the former
 certainly grounds them fundamentally in a kind of theology the latter by way of Heideggerian influences allows them to
 venture beyond any traditional theological framework with the use of philosophical suppositions and propositions In an effort
 at explaining the relationship between humanity's being and God's Being each existential theologian examines what it means
 to be human not strictly in terms of theology but as it is tied inextricably to an understanding of the philosophy of existence
 the concept of what being is **A Documentary History of Lutheranism, Volumes 1 and 2** Mark A. Granquist, Eric
 Lund, 2017-11-10 This unique collection of excerpts from Lutheran historical documents many translated here for the first
 time presents readers with a full picture of how the Lutheran movement developed in its thought and practice Covering not
 only theology but also church life popular piety and influential historical events the primary documents include theological
 treatises confessional statements liturgical texts devotional writings hymns letters and diaries satirical polemics political
 documents woodcuts and pamphlet literature This first volume covers the chronological period from Luther's first calls for
 reform to the development of Lutheran Orthodoxy and Pietism during the seventeenth century The judiciously selected and
 carefully translated texts as well as the contextualizing information provided in each chapter's introductory essay acquaint
 readers with the turbulence and fervor of this revolutionary Christian movement its struggles for survival and consolidation
 and its further evolution up to the dawn of the Enlightenment **A Theologian's Guide to Heidegger** Hue
 Woodson, 2019-08-30 A Theologian's Guide to Heidegger provides a uniquely theological introduction to the philosophy of
 Martin Heidegger by focusing on not just the relationship between Heidegger and theology or even the nature of the
 discourse that must occur between theological concerns and Heidegger's philosophical errands but by precisely exploring
 how theology can use Heidegger's philosophy as a means of outlining the scope and task of postmodern theology To do this
 especially with the postmodern theologian in mind this book considers the general relationship between Heidegger and
 theology how Heidegger can be read theologically while justifying why Heidegger must be read this way and defining the
 role that Heidegger must take in postmodern theology This includes a careful consideration of Heidegger's early theological
 roots from Freiburg to Marburg by examining the content of Heidegger's lesser known theologically minded seminars
