Contemporary Ethiopia:

Understanding Contemporary Ethiopia Gérard Prunier,Éloi Ficquet,2015 Seeks to dispel the myths and clichés surrounding contemporary perceptions of Ethiopia by providing a rare overview of the country's recent history politics and culture Explores the unique features of this often misrepresented country as it strives to make itself heard in the modern world Publisher description *Contemporary Ethiopia* David Abner Talbot,1952 General study of Ethiopia covers historical and geographical aspects factors of ethnography cultural factors the influence of the Church sociological aspects monarchical leadership and government public administration foreign policy the administration of justice land tenure agriculture trade industry the financing structure transport problems education etc Bibliography pp 261 and 262 **The Politics of Contemporary Ethiopia** Yohannes Gedamu,2021-07-22 This book investigates the role of ethnic federalism in Ethiopian politics reflecting on a long history of division amongst the country's political elites The book argues that these patterns have enabled the resilience and survival of authoritarianism in the country and have led to the failure of democratization Ethnic conflict in Ethiopia stretches back to the country's imperial history Competing nationalisms begin to emerge towards the end of the imperial era but were formalized by the Ethiopian People's Revolutionary Democratic Front EPRDF from the 1990s onwards Under the EPRDF ethnicity and language classifications formed the main organizing principles for political parties and organizations and the country's new federal arrangement was also designed along ethnic fault lines This book argues that this ethnic federal arrangement and the continuation of an elite political culture are major factors in explaining the continuation of authoritarianism in Ethiopia Focusing largely on the last 27 years under the EPRDF and on the political changes of the last few years but also stretching back to historical narratives of ethnic grievances and division this book is an important guide to the ethnic politics of Ethiopia and will be of interest to researchers of African politics authoritarianism and ethnic conflict *Themes in Modern African History and Culture* Lars Berge,Irma Taddia,2013 Ethiopia, a Country Study Harold D. Nelson,Irving Kaplan,1981 *Muslim Ethiopia* Terje Østebø,2013-04-17 Drawing on international and multidisciplinary expertise this pioneering edited collection analyzing Islam in contemporary Ethiopia challenges the popular notion of a Christian Ethiopia imagined as the century old never colonized Abyssinia isolated in the highlands and dominated by Orthodox Christianity **Understanding Ethiopia's Tigray War** Martin Plaut,Sarah Vaughan,2023-02-16 The war in Ethiopia's northern region of Tigray began in November 2020 It inflicted more casualties than any other contemporary conflict in the world It has also been among the least understood The fighting and accompanying blockade led to an estimated 600 000 deaths more than the number who died in the 1984-5 famine International journalists were banned as the region was sealed off from the outside world by Ethiopian and Eritrean governments prosecuting a strategy designed to crush Tigray at almost any cost Hatred of Tigrayans was stoked by senior advisers to Ethiopia's Prime Minister Abiy Ahmed they have called Tigrayans weeds who must be uprooted their place in history extinguished Their language was reminiscent

of that which preceded the genocide in Rwanda The war was also orchestrated by Eritrea's President Isaias Afwerki who came to wield increasing influence over Ethiopian affairs It drew in Somali troops as well as Eritrean forces Peace agreements signed in November 2022 ended the worst of the violence but without resolving the war's underlying drivers which continue to feed a tense and uncertain situation This book provides the first clear explanation of the factors that led to the conflict unravelling their roots in Ethiopia's long and complex history It describes the battles that were fought at such terrible cost and the immense suffering particularly of women who were brutally abused *The Making of Modern Ethiopia* Teshale Tibebu, 1995 A socio cultural reconstruction of modern Ethiopia's social history that will have far reaching repercussions in Ethiopianist discourse

Revolution and Genocide in Ethiopia and Cambodia Edward Kissi, 2006-03-20 Revolution and Genocide in Ethiopia and Cambodia is the first comparative study of the Ethiopian and Cambodian revolutions of the early 1970s One of the few comparative studies of genocide in the developing world this book presents some of the key arguments in traditional genocide scholarship but the book's author Edward Kissi takes a different position arguing that the Cambodian genocide and the atrocious crimes in Ethiopia had very different motives Kissi's findings reveal that genocide was a tactic specifically chosen by Cambodia's Khmer Rouge to intentionally and systematically annihilate certain ethnic and religious groups whereas Ethiopia's Dergue resorted to terror and political killing in the effort to retain power Revolution and Genocide in Ethiopia and Cambodia demonstrates that the extent to which revolutionary states turn to policies of genocide depends greatly on how they acquire their power and what domestic and international opposition they face This is an important and intriguing book for students of African and Asian history and those interested in the study of genocide

Topics in Contemporary Political Development in Ethiopia Addis Ababa University. Department of Political Science and International Relations. Launching Workshop, 2003

The Horn of Africa Christopher Clapham, 2023-03-09 Why is the Horn such a distinctive part of Africa This book by one of the foremost scholars of the region traces this question through its exceptional history and also probes the wildly divergent fates of the Horn's contemporary nation states despite the striking regional particularity inherited from the colonial past Christopher Clapham explores how the Horn's peculiar topography gave rise to the Ethiopian empire the sole African state not only to survive European colonialism but also to participate in a colonial enterprise of its own Its impact on its neighbours present day Djibouti Eritrea Somalia and Somaliland created a region very different from that of post colonial Africa This dynamic has become all the more distinct since 1991 when Eritrea and Somaliland emerged from the break up of both Ethiopia and Somalia Yet this evolution has produced highly varied outcomes in the region's constituent countries from state collapse and deeply flawed reconstruction in Somalia through militarised isolation in Eritrea to a still fragile developmental state in Ethiopia The tensions implicit in the process of state formation now drive the relationships between the once historically close nations of the Horn

Handbook on Legal Cultures Sören Koch, Marius Mikkel Kjølstad, 2023-05-30 Cooperation across borders

requires both knowledge of and understanding of different cultures This is especially true when it comes to the law This handbook is the first to comprehensively present selected legal cultures based on a very specific set of structural elements which can be found in all such cultures Legal cultures are a product of and impacted by certain fundamental and commonly shared ideas on and expectations of the law In all modern societies these ideas are to a certain degree institutionalized or at least embedded in institutionalized practices These practices determine the way lawyers are educated and apply the law how they engage with the ongoing internationalization of law and what kind of values they adhere to Looking at these elements separately enables the reader to identify similarities and differences and to explain them contextually Understanding these general features of legal cultures can help avoid misunderstandings or misinterpretations of foreign law and its application Accordingly this handbook is a necessary starting point for all kinds of legal comparative studies conducted by academics students judges and other legal practitioners

Religious Freedom and Religious Pluralism in Africa Pieter Coertzen, M Christian Green, Len Hansen, 2016-05-22 Africa continues to be a region with strong commitments to religious freedom and religious pluralism These however are rarely mere facts on the ground they are legal political social and theological projects that require considerable effort to realise This volume compiling the proceedings of the third annual conference of the African Consortium for Law and Religion Studies focuses on various issues which vastly effect the understanding of religious pluralism in Africa These include amongst others religious freedom as a human right the importance of managing religious pluralism and the permissibility of religious practice and observance in South African public schools

A History of East African Theatre, Volume 1 Jane Plastow, 2020-10-29 This book is the first ever transnational theatre study of an African region Covering nine nations in two volumes the project covers a hundred years of theatre making across Burundi Djibouti Eritrea Ethiopia Kenya Rwanda Somalia Tanzania and Uganda This volume focuses on the theatre of the Horn of Africa The book shows how the theatres of Djibouti Eritrea Ethiopia and Somalia little known in the outside world have been among the continent's most politically important commercially successful and widely popular making work almost exclusively in local languages and utilizing hybrid forms that have privileged local cultural

modes of production A History of African Theatre is relevant to all who have interests in African cultures and their relationship to the history and politics of the East African region

The Horn of Africa since the 1960s Aleksi Ylönen, Jan Záhorký, 2017-02-17 The Horn of Africa has long been one of the most dynamic and politically turbulent sub regions on the African continent Host to great ancient civilizations diverse peoples and expansive states the region has experienced massive social economic and political transformations which have given rise to military coups revolutions and intractable ethnic socio economic and religious conflicts This comprehensive volume brings together a team of expert scholars who analyze international regional national and local affairs in the Horn of Africa The chapters demonstrate the intertwined nature of the actors and forces shaping political realities The case studies focusing on Ethiopia Eritrea Somalia Somaliland Sudan and South Sudan eloquently illustrate the complex dynamics connecting the spectrum of political issues in the region The Horn of Africa since the 1960s will be of interest to students and scholars of contemporary Africa and political science

[Dams, Power, and the Politics of Ethiopia's Renaissance](#) Tom Lavers, 2024-10-01 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access locations After more than a decade of construction Ethiopia is filling the Grand Ethiopian Renaissance Dam GERD a controversial dam with the potential to transform the hydrology and politics of the Nile Basin The GERD is the culmination of a dam building boom carried out over three decades and a key pillar of the Ethiopian Peoples Revolutionary Democratic Front's EPRDF efforts to bring about an Ethiopian Renaissance Dams Power and the Politics of Ethiopia's Renaissance provides a detailed examination of the domestic and international political dynamics that shaped Ethiopia's dam building drawing on extensive primary research including more than a hundred interviews with politicians technocrats consultants and donors The authors reflect on the implications of Ethiopia's dam building for broader debates about the role of the state in late development the dynamics of twenty first century dam building and the political economy of renewable energy transitions A central argument of the book is that Ethiopia's dam building is symbolic of the successes and failures of the EPRDF's developmental state On the one hand this dam's boom enhanced electricity generation capacity while constituting a key element of the state infrastructure investment that turned Ethiopia into one of the world's fastest growing economies In contrast a politically driven decision making process undermined electricity planning contributed to an unsustainable debt burden and ultimately failed to provide reliable electricity access to key users Following the EPRDF's collapse the subsequent Prosperity Party government has taken steps away from the state led development model of its predecessor while labouring towards the final completion of the GERD

Oxford Studies in African Politics and International Relations is a series for scholars and students working on African politics and International Relations and related disciplines Volumes concentrate on contemporary developments in African political science political economy and International Relations such as electoral politics democratization decentralization gender and

political representation the political impact of natural resources the dynamics and consequences of conflict comparative political thought and the nature of the continent's engagement with the East and West Comparative and mixed methods work is particularly encouraged Case studies are welcomed but should demonstrate the broader theoretical and empirical implications of the study and its wider relevance to contemporary debates The focus of the series is on sub-Saharan Africa although proposals that explain how the region engages with North Africa and other parts of the world are of interest Series Editors Nic Cheeseman University of Birmingham Peace Medie University of Bristol and Ricardo Soares de Oliveira University of Oxford
