Jewish Ethics and Halakhah for Our Time Basil

Herring, 1984 Crisis and Covenant Jonathan Sacks, 1992 Discusses various issues in contemporary Jewish theology Ch 2 p 25 53 The Valley of the Shadow is dedicated to the theological interpretation of the Holocaust The Holocaust poses several problems to Jewish thought Is God present in the post Auschwitz world Did the Holocaust renew the Covenant or did it survive intact May the Holocaust be interpreted in terms of punishment or is its meaning different maybe inexplicable in the extant categories of human ethics May the Holocaust be regarded as a necessary transitional point on the way to the Jewish state What lessons may be extracted from the Holocaust Presents various solutions of modern day Jewish theologians Argues that the only lesson of the Holocaust is the reality of a common Jewish fate **J. David Bleich: Where Halakhah and**

Schiffman, Joel B. Wolowelsky, 2007

Modern Jewish Philosophy and the Politics of Divine Violence Daniel H. Weiss, 2023-04-06 Is commitment to God compatible with modern citizenship In this book Daniel H Weiss provides new readings of four modern Jewish philosophers Moses Mendelssohn Hermann Cohen Franz Rosenzweig and Walter Benjamin in light of classical rabbinic accounts of God s sovereignty divine and human violence and the embodied human being as the image of God He demonstrates how classical rabbinic literature is relevant to contemporary political and philosophical debates Weiss brings to light striking political aspects of the writings of the modern Jewish philosophers who have often been understood as non political In addition he shows how the four modern thinkers are more radical and more shaped by Jewish tradition than has previously been thought Taken as a whole Weiss book argues for a fundamental rethinking of the relationship between Judaism and politics the history of Jewish thought and the ethical and political dynamics of the broader Western philosophical tradition Jewish Choices, Jewish Voices Elliot N. Dorff, Louis E. Newman, 2009-03-01 How do we use power once we ve gained it Is it completely for our individual benefit or do we use it to help our neighborhoods or society at large What kinds of decisions must CEOs and business owners make regarding suppliers and customers How should bosses treat workers Teachers treat

students Parents treat children Government treats citizens Power dynamics affect people on a political level a social level and a deeply personal level as well The newest volume in the Jewish Choices Jewish Voices series examines these dynamics and includes essays by such fine contributors as U S Representative Henry Waxman NBC Universal Television West Coast President Marc Graboff and author and scholar James Diamond *Jewish Law and the New Reproductive Technologies* Emanuel Feldman, Joel B. Wolowelsky, 1997 All this presents challenges on religious as well as practical levels Halakha Jewish Law and Ethics has much to say about this For the past quarter century discussions on the topic have appeared in Tradition the Journal of Jewish Thought published by the Rabbinical Council of America Collected here they offer the general reader an insight into how classic Jewish Law continues to offer insights into the most contemporary of problems **Honor Thy Father and Mother** Gerald J. Blidstein, 2005 Divorce Discourses Denzil Chetty, 2007 The Oxford Handbook of Jewish Law Oxford Handbooks, 2025-10-29 Jewish law known as halakhah is a unique legal system that developed over two millennia across multiple continents and in innumerable different contexts With contributions from an interdisciplinary cast of authors The Oxford Handbook of Jewish Law offers readers an in depth understanding of this rich and enduring legal tradition

The Jewish Law Annual Volume 14 Boston University of Law The Institute of Jewish Law, 2003-12-08 The volume contains ten articles including a penetrating analysis of the application of Jewish price fraud law to the workings of the present day marketplace Diverse in their scope and focus the articles address legal historical textual comparative and conceptual questions The volume concludes with a survey of recent literature on biblical and Jewish law and a chronicle section which discusses recent Israeli and American court cases involving issues where Jewish law is of particular relevance thereby making the Annual a journal of record *Defenders of the Faith* Judith Bleich, 2020-04-21 The Emancipation of European Jewry during the nineteenth century led to conflict between tradition and modernity creating a chasm that few believed could be bridged Unsurprisingly the emergence of modern traditionalism was fraught with obstacles The essays published in this collection eloquently depict the passion underlying the disparate views the particular areas of vexing confrontation and the hurdles faced by champions of tradition The author identifies and analyzes the many areas of sociological and religious tension that divided the competing factions including synagogue innovation circumcision intermarriage military service and many others With compelling writing and clear articulate style this illuminating work provides keen insight into the history and development of the various streams of Judaism and the issues that continue to divide them in contemporary times **Organ Donation and the Divine Lien in Talmudic Law** Madeline Kochen, 2014-08-21 This book offers a new theory of property and distributive justice derived from Talmudic law illustrated by a case study involving the sale of organs for transplant Although organ donation did not exist in late antiquity this book posits a new way drawn from the Talmud to conceive of this modern means of giving to others Our common understanding of organ transfers as either a gift or sale is trapped in a dichotomy that is conceptually and philosophically limiting Drawing on

Maussian gift theory this book suggests a different legal and cultural meaning for this property transfer It introduces the concept of the divine lien an obligation to others in need built into the definition of all property ownership Rather than a gift or sale organ transfer is shown to exemplify an owner s voluntary recognition and fulfillment of this latent property obligation

Religious Zionism, Jewish Law, and the Morality of War Robert Eisen, 2017 This study is a pioneering exploration of how rabbis in the religious Zionist community in Israel constructed a body of Jewish law on war It focuses on five leading rabbis in this camp and how they dealt with a number of key moral issues that the waging of war raised *The Jewish Law Annual Volume 18* Berachyahu Lifshitz, 2010-03-31 Volume 18 of *The Jewish Law Annual* contains six comprehensive articles on various aspects of Jewish law Three articles address family law One addresses the painful issue of the plight of the wife whose husband withholds conjugal relations In a marriage where relations are withheld the wife may seek a divorce while her husband may withhold divorce Prolonged withholding of divorce renders the wife an agunah that is a wife chained to a dead marriage and unable to start anew and rebuild her life The author explores the halakhic feasibility of allowing a wife in such a predicament to bring a claim for damages against her husband for infliction of mental distress If such claims are allowed recalcitrant husbands may rethink their intransigence and consent to grant the divorce Another article examines the evolution of halakhic thinking on the parent child relationship It traces the stages by which halakhic family law changed from a basically patriarchal system in which both mother and the child were deemed subject to the father e tm s will to a more balanced system where wife and husband have equal standing with respect to custody matters and the best interest of the child is the main consideration in custody proceedings In another article halakhic attitudes to corporal punishment of children are analyzed The author explores whether the Spare the rod and spoil the child adage which is based on a verse from Proverbs indeed reflects the position of Jewish law He shows that in fact while recourse to corporal punishment for educational purposes is permitted subject to detailed qualifications that greatly limit its scope two divergent approaches to corporal punishment can be discerned in the halakhic sources One maintains that administration of corporal punishment can be a useful pedagogic tool of last resort whereas the other seeks to minimize recourse to corporal punishment in the educational context questioning its efficacy The article shows that in any event the notion that corporal punishment is required by the law as some invoking the spare the rod maxim have maintained is by no means borne out by the halakhic literature The volume also features a fascinating article on the history of two societies founded in London to further the study of Jewish law using modern scholarly methodologies One society was active at the end of the 1920s and beginning of the 1930s the second was active a decade later The article explains the background to the establishment of the societies and analyzes the societies e tm objectives leaders and memberships Both societies were founded with the intention of reformulating the classic halakhic sources in a manner that would render them suitable for contemporary application in the nascent Jewish state But as the author shows ultimately much of their energy was devoted to presenting the said sources to

the non Jewish legal world for the purpose of reciprocal enrichment and edification Rounding out the volume are two jurisprudential studies on classic legal problems The first explores the prohibition against seeking a second legal ruling when a ruling declaring something forbidden has been handed down What is the scope of this rule and in what ways does it differ from the *res judicata* principle in western law The author shows that both procedural and substantive readings of the prohibition were put forward in the talmudic commentaries and explains the jurisprudential implications of these different readings The second article examines the question of the agent who breaches his principal's trust focusing on the case of the agent who executes the act he was sent to carry out but does so for himself rather than his principal To what extent is he liable for ensuing damages to the principal and is his act invariably deemed reprehensible Another issue is the legal status of the transaction carried out by such an agent Do the rights and obligations generated by the transaction accrue to the agent or to the principal And how are determinations as to the status of the transaction to be made Is the testimony of an unfaithful agent or one who has deviated from his mandate deemed trustworthy Is any role played by third parties such as vendors in determining the status of the transaction

The Jewish Law Annual Volume 17 Berachyahu Lifshitz, 2008-04-09

Volume 17 of *The Jewish Law Annual* adds to the growing list of articles on Jewish law that have been published in volumes 1-16 of this series providing English speaking readers with scholarly articles presenting jurisprudential historical textual and comparative analysis of issues in Jewish law The volume contains seven articles diverse in their scope and focus Two articles are devoted to the halakhic thought of Rabbi A I Kook two treat classic legal questions breach of a promise to marry and the legal capacity of minors two examine aspects of the judicial process one exploring talmudic analyses of the biblical requirement that courts be established in every town and the other post talmudic views on judicial authority in cases suspected of fraudulent claims Another article addresses the fascinating question of the epistemic pedagogic worldviews of the rival Tannaitic legal academics the House of Hillel and the House of Shammai The volume concludes with a section on Israeli legislation that adduces or is informed by Jewish law and two reviews of a much discussed recent book on a topic of considerable contemporary interest the agunah problem
