Contemporary Israeli Literature:

Contemporary Israeli Literature, 1977 **The Boom in Contemporary Israeli Fiction** Alan L. Mintz, 1997 Five essays explore facets of what Mintz calls the complexity of cultural reverberations in Israeli fiction of the past two decades

Contemporary Israeli Women's Writing Risa Domb, 2008 During the nineteenth and early twentieth century women could not participate in the development of modern Hebrew literature As pointed out in 1996's *New Women's Writing from Israel* to which this is a successor volume they could give vent to their poetic talents either in Yiddish their spoken language or in Russian but not in Hebrew While Yiddish writing did not insist on the national element as a required poetic norm Hebrew literature did The ideological dictum insisted on the symbiosis of the collective experience with the private of the myth of the nation with the myth of the individual Since women did not take part in public life or in the initial stages of the Hebrew revival which took place in Eastern Europe they could not respond to these poetic demands In the 1920s Hebrew prose was more open to autobiographical and confessional writing and women were able to contribute to this genre as they could incorporate the full range of their experience On the whole they were not provocative in their writing and cannot be defined as feminist writers They did not strive to differentiate themselves from male writing but rather to complement it It was only with the next generation of writers the New Wave writers of the 1960s and 1970s that women's prose writing found its niche The shift of marginal characters to the central stage in Israeli fiction as well as the departure from the male orientated national concerns opened the doors to an influx of women writers The change in the mainstream Israeli experience meant greater openness in literature and a pluralism of voices emerged incorporating those of women writers As a result they could at last abandon their traditional place in Hebrew literature and assume their rightful role in its development This poetic stance changed in the 1980s Although women writers did not overtly call for sexual equality they exposed erotic feelings and emotions which are exclusively feminine and which their predecessors were too inhibited to express Furthermore we hear for the first time the voices of women who express their experience of religious life Either from within Jewish orthodoxy or more often having left this world they offer us a glimpse into this hitherto unknown literary terrain Interestingly many still use the marvellous genre of the short story *Contemporary Israeli Women's Writing* reflects these dramatic changes **Contemporary Israel** Frederick E. Greenspahn, 2016-08-09 7 Jewish Ideological Killers Religious Fundamentalism or Ethnic Marginality 8 Israeli Fiction National Identity and Private Lives 9 Israeli Hebrew National Identity and Language 10 The Politics of Israel Relations with the American Jewish Community Conclusion Imagination and Reality in Scenarios of Israel's Future **Contemporary Israeli Literature** Elliott Anderson, 1977

Identity and Modern Israeli Literature Risa Domb, 2006 This book explores through literature the long and complex evolution of Jewish identity in Israel and the central role that language ideology memory and culture have played in that journey Language is possibly the most important component of any collective identity Indeed any nation can be better

understood through its imaginative literature and never more so than in the case of Israeli literature whose story runs in parallel with that of the State of Israel and with Zionism The political task of nationalism directed the course of Israeli literature into a distinct national literature and in turn the literature participated in the formation of the nation Language became inseparable from identity But whose Hebrew is it Through key texts by such authors as Y H Brenner S Y Agnon Nathan Shaham Yoram Kaniuk Aharon Appelfeld A B Yehoshua Gabriela Avigur Rotem and Sami Michael Risa Domb explores the connections between language ideology memory culture and identity and asks whether ideology and identity are on an inescapable collision course

Translating Israel Alan L. Mintz, 2001-06-01 Reflects the rise of literature in modern day Israel and the problematic reception of literature in America and within the American Jewish community Israeli literature provides a unique lens for viewing the inner dynamics of this small but critically important society In addition its leading writers such as S Y Agnon Yehuda Amichai Amos Oz and A B Yehoshua among others are recognized internationally as major world literary figures Despite this international recognition the rich literary tradition of Israeli literature has failed to reverberate and find significant readership or a following in America even among the American Jewish community Alan L. Mintz traces the reception of Israeli literature in America from the 1970s to the present He analyzes the influences that have shaped modern Israeli literature and reflects on the cultural differences that have impeded American and American Jewish appreciation of Israeli authors Mintz then turns his attention to specific writers examining their reception or lack thereof in America and places them within the emerging unfolding critical dialogue between the Israeli and American literary culture

Dreaming the Actual Miriyam Glazer, 2000-05-11 This anthology of contemporary fiction and poetry by Israeli women writers includes works originally written in Hebrew Arabic Russian and English

Home Thoughts from Abroad Risa Domb, 1995 Here is the first critique of modern Hebrew literature to examine the vital concept of place through which we learn about some of the pressing concerns and issues of contemporary Israelis This book focuses on six novels in which characters leave Israel but then return manifesting the tension between home and abroad in the dialectics of outside and inside This allows the authors to use place on a thematic as well as a structural level Thus Europe often assumes a metaphoric or alternatively a metonymic function Places may also be presented by contrasting their analogous descriptions or their social and cultural aspects Finally place may be used to analyse the soul for external place images can reveal the inner reaches of the psyche

Israeli Mythogynies Esther Fuchs, 1987-01-01 SUNY Series in Modern Jewish Literature and Culture Index

Art and the Artist in the Contemporary Israeli Novel Joseph Lowin, 2017 Art and the Artist in the Contemporary Israeli Novel presents studies of eight contemporary works of Israeli fiction by eight major Israeli novelists It deals with a society where drama lived in reality but also in the mind is a central moving force What this book shows is the ways these texts deal with the themes of creativity and the creation of a work of art and with the way art and artists are portrayed in a culture that is often perceived as being otherwise preoccupied The book involves close and painstaking

readings of these novels and travels along a broad spectrum of themes. It also shows how these texts engage in dialogue with texts of the Jewish tradition on the one hand and on the other hand with each other. Two major points of the book are its emphasis on the work as literary art and the way the same themes often find their way into the varied works created by this literary generation. The book notes two tendencies among Israeli writers that there is a great urge to tell their story and the story of Israel and that to make clear not only what is happening in these novels but also what is going on in their works of art. The novelist takes the leisurely route of literary emerging slowly but surely leading the reader to see how art emerges from the most prosaic of events. Despite its easygoing tone, the book still claims to be a serious book dealing with serious issues both ethical and metaphysical. One of the cases this book endeavors to make is that one of the main goals of contemporary Israeli writers is to insert their works of art via a midrashic mode of writing in which previous texts are constantly being re-written and being made modern as links in the great chain of the Jewish textual tradition. These novels often refer back to biblical tales and to rabbinic ways of reading them. But they also demonstrate how the writers themselves and their books are also a part of that tradition. Most of all, however, these writers are supremely aware that they are artists and that they have a particular responsibility to their art.

The Place of the Mediterranean in Modern Israeli Identity Alexandra Nocke, 2009-03-25 This book offers new perspectives on Israel's evolving Mediterranean identity which centers around the longing to find a natural place in the region. It explores Mediterraneanism as reflected in popular music, literature, architecture, and daily life and analyzes ways in which the notion comprises cultural identity and political realities. **Studies**

in the History of Russian-Israeli Literature Roman Katsman, Maxim D. Shrayer, 2023-05-16 This collection of essays covers a hundred-year history of Russian language literature in Israel, including the pre-state period. Some of the studies are devoted to an overview of the literary process and the activities of its participants; others to individual genres and movements. As a result, a complex and multifaceted picture emerges of a not quite fully defined but very lively and dynamic community that develops in the most difficult conditions. The contributors trace the paths of Russian Israeli prose, poetry, and drama; various waves of avant-garde, fantasy, and critical thought. Today, in Russian Israeli literature, the voices of writers of various generations and waves of repatriation are intertwined from the seventies to the war of aliyah of the recent times. Both the Russian Israeli authors and their critics often hold different opinions of their respective roles in Israel's historical and literary storms. While disagreeing on the definition of their place on the map of modern culture, Russian Israeli writers are united by a shared bond with the fate of the Jewish state.

Drama and Ideology in Modern Israel Glenda Abramson, 1998-09-10 A large number of political plays have been written in Israel over the past fifty years and they are perceived by audiences and critics alike as major interventions in the country's ongoing political debates. The result is that Israeli drama is at the centre of many public controversies. In this first full-length study of Israeli political drama, Glenda Abramson shows that during the early years of the State of Israel, most of its intellectuals were identified with the official state interpretation of Zionism. After

the Six Day War in 1967 an influential group of playwrights concerned with the evolution of Zionist ideology in the modern nation state began to question the ethical basis of Zionism Hanokh Levin Yehoshua Sobol Yosef Mundi Miriam Kainy Amos Kenan and others have gone on to examine Zionism as it affects contemporary Israeli society **Israeli Stories** Robert Alter,1962 A selection of the Best Writing in Israel Today Edited by Joel Blocker introduction by Robert Alter The present volume of Israeli stories reassuringly illustrates the other half of a frequently asserted half truth Modern Hebrew literature it is claimed liked Yiddish literature does not really share the large concerns of serious literary activity in the West The Hebrew writer ordinarily does not address himself to the human situation with all of its far reaching possibilities of tragedy of comedy but to the Jewish situation which is quite another thing Consequently Hebrew and Yiddish writers so goes the claim develop a system of typology rather than methods of characterization for they are most essentially interested in the Jewish people its particular qualities and its present fate or ultimate destiny while the individual who is central in other modern literatures stands at the periphery of their vision **Abraham Joshua Heschel** Stanisław Krajewski,Adam Lipszyc,2009 The book is devoted to the thought of one of the 20th century s most interesting philosophers of religion Heschel a traditional Polish Jew who became a modern thinker was also an impressive prophet of interreligious dialogue The book is the fruit of a scholarly conference held in 2007 at the University of Warsaw in Heschel s native city on the occasion of the 100th anniversary of his birth Given the depth and scope of his thinking the papers gathered in the volume will be of interest not only to philosophers theologians and scholars of Heschel but also to those who know little about Heschel but are interested in the fundamental problems that appear at the borders between philosophy and theology religion and modernity Judaism and Christianity and more broadly problems of interfaith relations and their future Among the contributors to the volume there are many of the foremost Heschel scholars from the United States and Israel as well as authors from Poland and other European countries The authors believe that the influence of Heschel will continue to grow worldwide *Modern Palestinian Literature and Culture* Ami Elad-Bouskila,2014-02-04 Studies of Palestinian society economy and politics are appearing with increasing frequency but works in English about Palestinian literature particularly that written in Israel are still scarce This book looks at this literature within the political and social context of Palestinian society with a special focus on literature written during the Intifada uprising period 1987-93 **The Jewish-Chinese Nexus** M. Avrum Ehrlich,2008-06-26 This book is concerned with the areas where Jews and Chinese Judaism and Chinese religions and ideologies are converging or inter relate to each other It includes chapters on Confucianism the Kaifeng Jewish Descendants business and Chinese Israeli relations

Ideology and Jewish Identity in Israeli and American Literature Emily Miller Budick,2012-02-01 By creating a dialogue between Israeli and American Jewish authors scholars and intellectuals this book examines how these two literatures which traditionally do not address one another directly nevertheless share some commonalities and affinities The disinclination of Israeli and American Jewish fictional narratives to gravitate toward one another tells us much about the processes of Jewish

self definition as expressed in literary texts over the last fifty years Through essays by prominent Israeli Americanists American Hebraists Israeli critics of Hebrew writing and American specialists in the field of Jewish writing the book shows how modern Jewish culture rewrites the Jewish tradition across quite different ideological imperatives such as Zionist metanarrative the urge of Jewish immigrants to find Israel in America and socialism The contributors also explore how that narrative turn away from religious tradition to secular identity has both enriched and impoverished Jewish modernity

Jews and Judaism in Modern China M. Avrum Ehrlich, 2009-09-10 *Jews and Judaism in Modern China* explores and compares the dynamics at work in two of the oldest intact and starkly contrasting civilizations on earth Jewish and Chinese The book studies how they interact in modernity and how each civilization views the other and analyses areas of cooperation between scholars activists and politicians Through evaluation of the respective talents qualities and social assets that are fused and borrowed in the civilizational exchange we gain an insight into the social processes underpinning two contrasting and long surviving civilizations Identifying and analysing some of the emerging current issues this book suggests Jewish Chinese relations may become a growing discipline of import to the study of religion and comparative identity and looks at how the significant contrasts in Jewish and Chinese national constructs may serve them well in the quest for a meaningful discourse Chapters explore identity integrity of the family unit minority status religious freedom ethics and morality tradition versus modernity the environment and other areas which are undergoing profound transformation Identifying the intellectual and practical nexus and bifurcation between the two cultures worldviews and identities this work is indispensable for students of Chinese studies sociology religion and the Jewish diaspora and provides useful reading for Western tourists to China
