Contemporary Navajo Affairs Norman K. Eck, 1982 Describes contemporary Navajo affairs and how they have been influenced by the federal and Tribal governments      **Resources in Education** ,1993      *Navajo Courts and Navajo Common Law* Raymond Darrel Austin, 2009 The Navajo Nation court system is the largest and most established tribal legal system in the world Since the landmark 1959 U S Supreme Court decision in *Williams v Lee* that affirmed tribal court authority over reservation based claims the Navajo Nation has been at the vanguard of a far reaching transformative jurisprudential movement among Indian tribes in North America and indigenous peoples around the world to retrieve and use traditional values to address contemporary legal issues A justice on the Navajo Nation Supreme Court for sixteen years Justice Raymond D Austin has been deeply involved in the movement to develop tribal courts and tribal law as effective means of modern self government He has written foundational opinions that have established Navajo common law and throughout his legal career has recognized the benefit of tribal customs and traditions as tools of restorative justice In *Navajo Courts and Navajo Common Law* Justice Austin considers the history and implications of how the Navajo Nation courts apply foundational Navajo doctrines to modern legal issues He explains key Navajo foundational concepts like H zh harmony K peacefulness and solidarity and K kinship both within the Navajo cultural context and using the case method of legal analysis as they are adapted and applied by Navajo judges in virtually every important area of legal life in the tribe In addition to detailed case studies Justice Austin provides a broad view of tribal law documenting the development of tribal courts as important institutions of indigenous self governance and outlining how other indigenous peoples both in North America and elsewhere around the world can draw on traditional precepts to achieve self determination and self government solve community problems and control their own futures      **Healing Ways** Wade Davies, 2001 Chronicles the advent of so called western or scientific medicine in the modern era and how Navajos adapted but did not compromise their traditional healings ways      **The Earth Memory Compass** Farina King, 2018-10-01 The Din or Navajo have their own ways of knowing and being in the world a cultural identity linked to their homelands through ancestral memory The *Earth Memory Compass* traces this tradition as it is imparted from generation to generation and as it has been transformed and often obscured by modern modes of education An autoethnography of sorts the book follows Farina King s search for her own Din identity as she investigates the interconnections among Navajo students their people and Din Bik yah or Navajo lands across the twentieth century In her exploration of how historical changes in education have reshaped Din identity and community King draws on the insights of ethnohistory cultural history and Navajo language At the center of her study is the Din idea of the Four Directions in which each of the cardinal directions takes its meaning from a sacred mountain and its accompanying element East for instance is Sis Naajin Blanca Peak and white shell West Dook o oos d San Francisco Peaks and abalone North Dib Nitsaa Hesperus Peak and black jet South Tsoodzi Mount Taylor and turquoise King elaborates on the meanings

and teachings of the mountains and directions throughout her book to illuminate how Navajos have embedded memories in landmarks to serve as a compass for their people a compass threatened by the dislocation and disconnection of Din students from their land communities and Navajo ways of learning Critical to this story is how inextricably Indigenous education and experience is intertwined with American dynamics of power and history As environmental catastrophes and struggles over resources sever the connections among peoplehood land and water King s book holds out hope that the teachings guidance and knowledge of an earth memory compass still have the power to bring the people and the earth together Diné Peter Iverson,2002-08-28 The most complete and current history of the largest American Indian nation in the U S based on extensive new archival research traditional histories interviews and personal observation *The Legacy of Vietnam Veterans and Their Families* Dennis K.
