Contemporary Philosophy And Religious Thought An Introduction To The Philosophy Of Religion:

Contemporary Philosophy and Religious Thought Malcolm Luria Diamond, 1974-01-01 **The Routledge Handbook of Contemporary Philosophy of Religion** Graham Oppy, 2015-04-17 Philosophy of religion has experienced a renaissance in recent times paralleling the resurgence in public debate about the place and value of religion in contemporary Western societies The Routledge Handbook of Contemporary Philosophy of Religion is an outstanding reference source to the key topics problems and debates in this exciting subject Comprising over thirty chapters by a team of international contributors the Handbook is divided into seven parts theoretical orientations conceptions of divinity epistemology of religious belief metaphysics and religious language religion and politics religion and ethics religion and scientific scrutiny Within these sections central issues debates and problems are examined including religious experience religion and superstition realism and anti realism scientific interpretation of religious texts feminist approaches to religion religion in the public square tolerance religion and meta ethics religion and cognitive science and the meaning of life Together they offer readers an informed understanding of the current state of play in the liveliest areas of contemporary philosophy of religion The Routledge Handbook of Contemporary Philosophy of Religion is essential reading for students and researchers of philosophy of religion from across the Humanities and Social Sciences **Philosophy of the Muslim World** Joseph Kenny, 2003 *Philosophy of Religion* Paul Copan, Chad Meister, 2007-10-22 Philosophy of Religion Classic and Contemporary Issues offers a comprehensive and authoritative overview of the most important ideas and arguments in this resurgent field Provides a solid foundation on the history of religious philosophy while broadening our understanding of religion s significance in today s world Features 18 newly commissioned essays by well known scholars with varied viewpoints on the philosophy of religion Examines the evolution of religious philosophy from its roots to contemporary issues while expanding its analysis to include non Western religious themes Includes charts questions and annotated suggested readings to stimulate further study and reflection **The Study of Religion and its Meaning** J.E. Barnhart, 2011-11-21 Since its founding by Jacques Waardenburg in 1971 Religion and Reason has been a leading forum for contributions on theories theoretical issues and agendas related to the phenomenon and the study of religion Topics include among others category formation comparison ethnophilosophy hermeneutics methodology myth phenomenology philosophy of science scientific atheism structuralism and theories of religion From time to time the series publishes volumes that map the state of the art and the history of the discipline **Martin Buber** Sarah Scott, 2022-12-06 A new collection of essays highlighting the wide range of Buber s thought career and activism Best known for I and Thou which laid out his distinction between dialogic and monologic relations Martin Buber 1878 1965 was also an anthologist translator and author of some seven hundred books and papers Martin Buber Creaturely Life and Social Form edited by Sarah Scott is a collection of nine essays that explore his thought and career Martin Buber Creaturely Life and Social Form shakes up the legend of Buber by

decentering the importance of the I Thou dialogue in order to highlight Buber as a thinker preoccupied by the image of relationship as a guide to spiritual social and political change The result is a different Buber than has hitherto been portrayed one that is characterized primarily by aesthetics and politics rather than by epistemology or theology Martin Buber's *Creaturely Life and Social Form* will serve as a guide to the entirety of Buber's thinking career and activism placing his work in context and showing both the evolution of his thought and the extent to which he remained driven by a persistent set of concerns

The Routledge Companion to Philosophy of Religion Chad V. Meister, Paul Copan, 2013 The Routledge Companion to Philosophy of Religion Second Edition contains nine new entries and is an indispensable guide and reference source to the major themes movements and topics in philosophy of religion

The Metaphysics of Religion Michael S. Jones, 2006 Lucian Blaga was an early twentieth century European philosopher whose work was suppressed at the height of his career by the creation of the Romanian Socialist Republic Blaga's philosophical writings are rich and creative spanning metaphysics epistemology philosophy of science philosophical anthropology aesthetics philosophy of culture philosophy of history and philosophy of religion Mircea Eliade wrote that Blaga was the most gifted and critical original thinker in the history of Romanian philosophy Because of historical circumstances Blaga's philosophy has not become known outside of his own country although within Romania it continues to be read and discussed Were it to become known outside of Romania Blaga's philosophy could provide interesting contributions to contemporary philosophical discussions The thesis of this book is that Blaga's philosophy can make valuable contributions to contemporary Anglo American philosophy In order to support this thesis Blaga's philosophical system is explained in detail so that the reader may see how it can be applied to a variety of philosophical issues philosophy of religion in order to demonstrate that it can contribute to contemporary Anglo American discussions Michael S Jones is Assistant Professor of Philosophy at Liberty University

Philosophy of Religion for A2 Level Michael B. Wilkinson, Hugh N. Campbell, 2009-07-07

An Introduction to Modern Jewish Philosophy Norbert M. Samuelson, 2012-02-01 The book is divided into three sections The first provides a general historical overview for the Jewish thought that follows The second summarizes the variety of basic kinds of popular positive Jewish commitment in the twentieth century The third and major section summarizes the basic thought of those modern Jewish philosophers whose thought is technically the best and or the most influential in Jewish intellectual circles The Jewish philosophers covered include Spinoza Mendelssohn Hermann Cohen Martin Buber Franz Rosenzweig Mordecai Kaplan and Emil Fackenheim The text includes summaries and a selected bibliography of primary and secondary sources

The Hebrew Bible and Philosophy of Religion Jaco Gericke, 2012-11-01 This study pioneers the use of philosophy of religion in the study of the Hebrew Bible After identifying the need for a legitimate philosophical approach to Israelite religion the volume traces the history of interdisciplinary relations and shows how descriptive varieties of philosophy of religion can aid the clarification of the Hebrew Bible's own metaphysical epistemological and moral assumptions Two new interpretative methodologies are

developed and subsequently applied through an introduction to what the biblical texts took for granted about the nature of religious language the concept of deity the properties of Yhwh the existence of gods religious epistemology and the relation between religion and morality *Routledge Companion to Philosophy of Religion* Chad Meister, Paul Copan, 2010-02-25 The Routledge Companion to Philosophy of Religion is an indispensable guide and reference source to the major themes movements debates and topics in philosophy of religion A team of renowned international contributors provide sixty five accessible entries organized into nine clear parts philosophical issues in world religions key figures in philosophy of religion religious diversity the theistic conception of God arguments for the existence of God arguments against the existence of God philosophical theology christian theism recent topics in philosophy of religion Covering key world religions including Hinduism Buddhism and Islam and key figures such as Augustine Aquinas and Kierkegaard the book explores the central topics in theism such as the ontological cosmological and teleological arguments for God's existence Three final parts consider Catholicism Protestantism Eastern orthodoxy and current debates including phenomenology reformed epistemology religious experience and religion and science This is essential reading for anyone interested in philosophy religion and related disciplines **Kierkegaard for the Church** Ronald F. Marshall, 2013-08-30 Most of what is written on Kierkegaard today is for the college classroom and academic conferences The guiding question of this book is that if Kierkegaard's words about Christianity are true how do they change the way we learn and practice the Christian faith today This book is an answer to that question It does not enter into an extended critical discussion over the truth of Kierkegaard's ideas Instead it just believes what Kierkegaard said and runs with it It does that by showing how his ideas change our understanding of Christian identity suffering and illness worship and preaching the Bible baptism prayer marriage and divorce criticism and the Christian minister Interspersed are many quotations from Martin Luther whose thought significantly shaped Kierkegaard's At the end of the book is a hefty collection of sermons to show how all of this can be preached in the church What Kierkegaard for the Church adds to our understanding of Kierkegaard is the place of the church in his thought Because of his criticisms of the Danish state church and his stress on the need for the single individual to appropriate Christian teachings it could be imagined that he rejected the church But that would be to throw the baby out with the bath The fact is that Kierkegaard remained a loyal son of the church even while he attacked it And he did this only so he could strengthen what he loved **Basic Modern Philosophy of Religion** Frederick Ferré, 2013-06-19 This book provides a reasoned comprehensive understanding of what religion is as well as a clear and critical assessment of whether in the light of modern developments in philosophy contemporary thinking people can responsibly maintain religious belief in God The book is divided into three major sections the first deals with what all religions may be said to have in common the second discusses theistic religion and the issue of intellectually responsible belief in God the third examines current developments within a particular theistic religion Christianity Originally published in 1968 the book is basic both in the nature of the issues it discusses and in the

clarity and comprehensiveness of its presentation it is varied in the arguments and perspectives dealt with it provides an introduction to philosophical thinking through the problems of philosophy of religion and it deals seriously with controversial movements in theology *Faith and Philosophical Analysis* Harriet A. Harris, Christopher J. Insole, 2019-08-22 What tensions arise between philosophy of religion and theology What strengths and weaknesses of analytical methods emerge in relation to strongly confessional philosophical theologies or to Continental philosophies *Faith and Philosophical Analysis* evaluates how well philosophy of religion serves in understanding religious faith Figures who rarely share the space of the same book leading exponents of analytic philosophy of religion and those who question its legacy are drawn together in this book with their disagreements harnessed to positive effect Figures such as Richard Swinburne and Basil Mitchell reflect on their life long projects from a perspective which has not previously been seen in print A wide range of approaches found in contemporary philosophy of religion are explored including reformed epistemology traditional metaphysical theory building feminist methodologies Wittgensteinian approaches and American pragmatism Considering the trends in philosophy of religion as they are interacting across continents looking particularly at philosophical influences in North America Britain and Continental Europe this book will appeal to students scholars and general readers with an interest in philosophy of religion theology or analytical philosophy Classical Apologetics Robert Charles Sproul, John Henry Gerstner, Arthur Lindsley, 1984 This work on apologetics examines the classical arguments for the existence of God ontological and Thomistic arguments discusses the philosophical issues that confront contemporary apologetics and provides an incisive critique of presuppositional apologetics The Point of View Robert L. Perkins, 2010 Kierkegaard wrote four reflections on his literary production *On My Work as an Author* *The Point of View for My Work as an Author* *The Single Individual* and *Armed Neutrality* but he published only the first The essays in this volume of *International Kierkegaard Commentary* examine these writings not just as a public report to history but also as a revelation of Kierkegaard's deepest understanding of himself as an author *Books in Print*, 1979 **Contemporary philosophy and religious thought : an introduction to the philosophy of religion** Malcolm L. Diamond, 1974 **University of Michigan Official Publication** University of Michigan, 1973 Each number is the catalogue of a specific school or college of the University
