Das, Das, Arvind Verma, Verma, 2004-09-08 What is the best management style for the police Police Mission discusses the values and norms inherent in the American police mission and examines how police respond to challenges that arise while attempting to uphold this mission. It reveals that the way officers are being trained in ethics and human relations are not effective as they could be and argues that policing has to move towards a greater emphasis on human values moral sensitivity and discerning judgment A large number of themes ranging from personnel management occupational culture and innovative experiments in US policing techniques are examined Several organizational theories as well as examples of international policing efforts from England to Japan are also analyzed An important contribution to police literature this book will be a valuable aid to students of criminology as well as practitioners and researchers of police science Contemporary Issues in Law Enforcement and Policing Andrew Millie, Dilip K. Das, 2008-05-28 Rising terrorism and advances in technology along with new organizational strategies and investigative techniques have stretched the traditional role of the police officer Calls for strong intelligence driven paramilitary policing juxtaposed with a demand for softer community policing leave officers under increased pressure to be tough and **Administration** Gary W. Cordner, 2016-03-02 This national best selling text examines police administration from multiple perspectives a systems perspective emphasizing the interrelatedness among units and organizations a traditional structural perspective administrative principles management functions and the importance of written guidelines a human behavioral perspective the human element in organizations and a strategic management perspective communications and information systems performance evaluation strategies and tactics and prevailing and promising approaches to increasing effectiveness of police agencies Coverage of management functions and organizational principles is streamlined while providing a stronger emphasis on diversity principles and on developing police agencies as learning organizations A concluding chapter covers contemporary issues including community engagement collaboration globalization racial profiling mass media cybercrime terrorism and homeland security Case studies based on real life events invite students to practice managing the conflicting circumstances and Modern policing blog posts offer news and developments in the policing world Challenges of Contemporary Policing Vicente Riccio, Di Jia, Dilip K. Das, 2024-10-02 This edited collection reflects contemporary challenges faced by police forces across the globe and the role of technology in addressing them The use of science and technology raises questions about ethics training the well being of people and freedom New technologies promise to foster police practices based on intelligence accuracy and preparedness and are considered necessary to overcome challenges such as

declining budgets lack of personnel and legitimacy However technologies can also be used for authoritarian and nefarious purposes For those reasons this book aims to discuss related topics from various contexts to establish connections among common problems in the field of policing across the globe This book provides an internationally relevant assessment of the use of technology in the field of policing as well as the impact on training and police well being It is ideal for an academic audience at both graduate and undergraduate levels in the fields of criminal justice studies police studies legal sociology and public policy and will be of interest to police practitioners legal professionals social service workers and public sector managers

Trends in Policing Otwin Marenin, Dilip K. Das, 2010-12-13 Several years ago the Trends in Policing series unveiled insiders accounts of how police leaders perceive the work they do These volumes feature interviews with practitioners who speak candidly about their concerns and opinions They present their evaluations of programs and philosophies that worked and those that did not describe their concept

Policing and Security in Practice T. Prenzler, 2012-04-05 This volume addresses critical questions about how to achieve the best outcomes from police and security providers by reviewing and critiquing the scientific literature and identifying best practice guidelines Chapters cover a range of topical issues including legitimacy organised crime public protests and intelligence and investigations
