*Routledge Handbook of Modern Japanese Literature* Rachael Hutchinson, Leith Douglas Morton, 2025-08-29 This 2nd edition of the Routledge Handbook of Modern Japanese Literature provides a comprehensive survey of the field of modern Japanese literature and gives readers an overview of how we study Japanese literature today Including sections on space and time gender and sexuality politics war memory national and colonial identities and the production and dissemination of literature the Handbook examines the ways in which it is possible to read modern Japanese literature and situate it in relation to critical theory It also features updated and brand new chapters addressing the works of internationally renowned writers such as Futabatei Shimei and Murakami Haruki and defines the way writers produce literature in modern Japan as well as how those works have been read and understood by different readers in different time periods Written by an international team of experts the Handbook examines modes of literary production such as fiction poetry and critical essays as distinct forms of expression that nonetheless are closely interrelated and as such it will be a vital resource for students and scholars of Japanese Literature literature in translation and modern and contemporary literature

*Wordsworth and the Writing of the Nation* James M. Garrett, 2008 Examining Wordsworth's writing and publishing against the contemporaneous emergence of the national census national survey and national museum Garrett argues reveals Wordsworth not as a fading and withdrawn middle aged poet but as an engaged public figure attempting to write the nation and position himself as the nation's poet

*Literary Societies Of Republican China* Kirk A. Denton, Michel Hockx, 1955-01-01 Literary Societies in Republican China provides a new and comprehensive perspective on the fascinating literary world of the most turbulent period in recent Chinese history the Republican era of 1911-1949 Wedged between the fall of the Empire and the founding of the Communist state the Republican period witnessed enormous social political and cultural changes Traditionally the period is seen as one of transition from the country being partially colonized and occupied to being an independent nation state from Confucianism to socialism from writing in classical Chinese to writing in the everyday vernacular Modern scholarship however has become suspicious of such attempts to analyze history including cultural history as a journey from A to B via C Instead attention has turned to the thick description of complex historical phenomena without worrying about whether or not they fit into some neat linear scheme Inevitably such scholarship benefits from collaboration and teamwork from the juxtaposition of different insights and different materials in order to gain in overall breadth Literary Societies in Republican China represents such teamwork and such breadth The thirteen essays by eleven scholars from North America Europe and Asia present detailed discussions of particular literary groups active on the Republican era literary scene Some of these groups are familiar representatives of what used to be considered the mainstream while others

represent literary styles that have hitherto been considered marginal or that have been ignored altogether Each of the essays in this volume looks in detail at literary societies both as producers of literary views and texts and as organizations with sometimes very complex social structures The result is a unique blend of literary cultural and social history unrivalled in any English language scholarship on China to date      **Shakespeare Survey: Volume 58, Writing about Shakespeare** Peter Holland, 2005-11-03 Published with academic researchers and graduate students in mind this volume of the Shakespeare Survey presents a number of contributions on the theme of the play Macbeth
