Contemporary Spanish Poetry:

Contemporary Spanish Poetry Cecile West-Settle, Sylvia Sherno, 2005 Debicki's illuminating application of varied critical methodologies and theoretical approaches in books such as *Poetry of Discovery* and *Spanish Poetry of the Twentieth Century* is reflected in all the essays included in this book *Contemporary Spanish Poetry (1898-1963)* Carl W. Cobb, 1976

Modern and Contemporary Spanish Women Poets Janet Pérez, 1996 This study gives a comprehensive overview of women poets of Spain from the Romantic era to the present. It aims to give a developmental perspective the sense of a whole poetry that spans more than a century. The breadth of the analysis is not only temporal. Catalans, Galicians, exiles, expatriates and women poets who lived and wrote in Spain all fall within the critical sweep. **The Victorious Expression** Howard T. Young, 1964 Spanish contemporary poetry Diana Cullell, 2016-05-16 Spanish contemporary poetry. An anthology presents a selection of Spanish peninsular poetry from the 1970s to the present day with an introductory study of the most relevant poetic trends and poetic groups of the period followed by guided and close readings of each poem. The anthology includes poems by twenty-two authors selected according to their literary rigour and with attention to the relevance of their work. A comprehensive introductory study, notes, thorough individual commentaries to the poems and lists of selected vocabulary and rhetorical terms that provide accessibility to the anthology. The poetic selection is divided into sections and subsections in order to aid its pedagogical intent: covering the poetry written during the transition to democracy, the emergence of poetry written by women in the 1980s, the Spanish poetic field of the 1990s, the poetry written at the turn of the new millennium and some of the youngest voices in Spanish poetry today. English speaking students working in the field of Hispanic literature but also a more general reader keen on literature written in Spanish language should thoroughly enjoy this work.

Contemporary Spanish Poetry Eleanor Laurelle Turnbull, 1968 A Study of Tendencies in Modern and Contemporary Spanish Poetry from the Modernist Movement to the Present Time Francis Monroe Kercheville, 1933

Contemporary Spanish Poetry, 1943 The Poetics of Self-consciousness Jonathan Mayhew, 1994 Twentieth century poetry engages in a highly self-conscious meditation on the nature of poetic language. Spanish poetry, however, has sometimes been considered an exception to this tendency. This book, with its focus on linguistic self-reflexivity, refutes the notion that major Spanish poets such as Jorge Guillén and Vicente Aleixandre are theoretically naive creators. In a series of nuanced readings, Jonathan Mayhew demonstrates the extent to which modern Spanish poets are conscious of their linguistic medium. Previous books on Spanish poetry published in English have been more limited in scope, usually including poets of a single generation. *The Poetics of Self-Consciousness* is the first to study well-known writers of the earlier part of the century along with more recent poets such as José Ángel Valente, Jaime Gil de Biedma, José María Álvarez and Juan Lamillar. Interpreting poetic texts written from the 1920s through the 1980s, Mayhew is able to trace the evolving function of literary self-consciousness in Spanish poetry while remaining attentive to the differences among writers of the same historical moment.

The modernist poets of the earlier part of the century are preoccupied by the problem of literary mimesis the representation of reality through language In the postwar years poets turned their attention to the social and ethical dimensions of poetic language The postmodernists of more recent decades finally are increasingly concerned with their own belatedness with respect to cultural traditions of the past Critics hailed Jonathan Mayhew s first book Claudio Rodriguez and the Language of Poetic vision as an enlightening and timely book on perhaps Spain s greatest living poet and a signal first effort from a critic with high scholarly standards and a penetrating insight into contemporary poetry With *The Poetics of Self Consciousness* Twentieth Century Spanish Poetry readers will discover another probing study of other modern and postmodern Spanish poets
