Capsule Overviews of Favorite Albums Martin Winfree, 2025-02-12 The hundreds of albums that I salvaged from Hurricane Katrina are gradually being passed along to a friend and the paragraphs that I gave him along with the first 399 LPs provide the genesis for *Capsule Overviews of Favorite Albums* I have written the stories behind the albums and the recording artists along with commentary on particular songs and other works by the same recording artists My goal is to flesh out information on the greatest music ever recorded particularly for younger people who didn't grow up with these records While not comprehensive the sections in the book give a good overview of the rock music scene over the past half century or so along with musicians in other genres that appeal to me *Encyclopedia of American Gospel Music* W. K. McNeil, 2013-10-18 The *Encyclopedia of American Gospel Music* is the first comprehensive reference to cover this important American musical form Coverage includes all aspects of both African American and white gospel from history and performers to recording techniques and styles as well as the influence of gospel on different musical genres and cultural trends

Another Way Kevin Brown, 2012-02-06 Like many young Christians Kevin Brown had what he believed to be a strong faith one that provided answers to all the questions he had and might encounter He even attended a Christian college and considered becoming a youth minister While there though he began having doubts about his faith began asking questions that came from discussions both in and out of the classroom questions he couldn't find answers to When the church told him he shouldn't be asking those questions he left the church and his faith behind He kept asking questions though and kept looking for a faith that would allow him to have questions and doubts yet still believe What he found may offer an answer to the religious divide in our society one that separates evangelical from progressive Christians one that separates sacred from secular In this memoir Brown describes his spiritual journey from his first faith to the loss of faith to the way he found back to a Christianity where he can ask those questions a different way than he knew before He still has questions and doubts but he also has faith in spite of and because of those questions and doubts ***Can I Really Know Jesus?* Cook Communications Ministries, 2004-03** Custom Curriculum allows you to address the issues that students face in today's world in a way that can be fully customized to be a perfect fit for your group ***My Favorite Records* Daniel Braun, 2019-04-11** There are hundreds of records that I have loved over the course of my life Some of these records have faded into the depths of my subconscious Fortunately most of them have stayed with me year after year remaining fresh in my memory alive in my heart I compiled my first Favorites List in 1983 and it contained about 600 recordings Most of the records on the original list are still there today My current list consists of about 900 recordings And the list is still growing as I continue to be introduced to more music You may be familiar with Rolling Stone's 2004 cover story The 500 Greatest Songs of All Time This is certainly a comprehensive compendium on the subject so why should I bother writing this book Because I'm taking a different approach a personal approach There's a difference between the greatest songs as determined by professional music critics and

someone's favorite records I'm not a music critic or a musicologist I'm just a guy who loves good music Nonetheless I believe my opinions have value because of the strong connection I have with each record The primary purpose of this book is to draw us together using our favorite music as the catalyst In the process of getting to know someone a commonly asked question is What kind of music do you like His or her answer usually reveals something about their personality Not only will you learn what my favorite records are you will learn about me why I like these songs and how I came to discover them I'm hoping to create conversations not only between you and I but between all American music lovers Thousands upon thousands of songs have been recorded over the past 60 years I've been an avid listener for most of my life but there are still a lot of hidden treasures out there I'd love to find I'm hoping you by sharing your favorites with me will help me to find them I'm also hoping that I will inspire you to listen to some of my favorites There is a treasure trove of great music out waiting to be enjoyed
