Contemporary Democracies Participation Stability And Violence:

Contemporary Democracies G. Bingham POWELL, G. Bingham Powell, 2009-06-30 Why do some democracies succeed while others fail In seeking an answer to this classic problem G Bingham Powell Jr examines the record of voter participation government stability and violence in 29 democracies during the 1960s and 1970s The core of the book and its most distinguishing feature is the treatment of the role of political parties in mobilizing citizens and containing violence An Ecological Theory of Democracy William Collins, 2012-12-06 There are a number of people I wish to acknowledge for helping me write this book First the idea of politics as a nonequilibrium process owes its origins largely to a series of ongoing conversations I have had with Father Richard Telnack o c s o Our discussions of Augustine s city of God and Hegel s Phenomenology in the hours before the night office led me to think about the world more as an ongoing flux than as a static rational order The use of structurally unstable dynamical systems to model democratic politics was greatly enhanced by my interactions with Professor Alex Kleiner department of mathematics Drake University Professor Manfred Holler of the University of Aarhus provided a detailed critique of an earlier version His insights and remarks were invaluable in improving the work s content and structure I also wish to thank Dr Werner A Muller director of Physica Verlag for his confidence in my work and his efforts on my behalf Miss Jane Blevins was a patient and thorough typist I thank her for her attention to the production of the manuscript Finally writing a book is in one way a moral act It requires committment to pursue a line of thought to its conclusion when the final results are not clear without the encouragement and support of my wife over a long period of time I would have certainly faltered Whatever good emerges from the work is due largely to her example and patient endurance *The Democratic Experience and Political Violence* David C. Rapoport, Leonard Weinberg, 2013-04-03 An incisive analysis of the connections between democracy and violence by acknowledged experts in the field The connection between the two activities has often been largely ignored because of a widespread reluctance among democrats to consider the possibility that democratic forms perhaps encourage violence This challenging volume opens up the debate **The Resilience of Democracy** Peter Burnell, Peter Calvert, 2022-09-27 This volume brings together studies of the small number of previously established states that have retained and or restored democracy despite in many cases formidable economic social or political challenges It seeks to establish common themes whether or not they appear to fit a grand casual theory It is after all the very adaptability of democratic systems that characterises their persistence durability and resilience **Thinking about Democracy** Arend Lijphart, 2007-10-10 This book draws on Professor Arend Lijphart s lifetime experience of research and publication in democracy and comparative politics and collects together for the first time his most significant and influential work Deepening Democracy Latin America Kurt Von Mettenheim, James Malloy, 1998-07-15 Ten leading scholars of the region present original research to argue that theories of democratic consolidation or institutionalization are too often Euro and ethno centric that simple appeals for greater participation are insufficient and that

recent critics of populism patronage and presidentialism fail to capture new opportunities for democracies in the region

Kashmir in Comparative Perspective Sten Widmalm, 2014-04-08 This book investigates the factors that led to the breakdown of democracy and the rise of violent separatism in Jammu and Kashmir in the 1980s and how the risk of a large scale war has grown in South Asia in the 1990s Solutions to this conflict need to be based on knowledge about what caused it as well as perspectives on why this conflict is so particularly dangerous Widmalm offers answers in this book with systematic comparisons over time to establish the causes of the conflict He refutes the contention that ethnic factors are the main cause while acknowledging that ethnic dividing lines are salient features of the conflict today Interviews with representatives of the Indian government the ISI in Pakistan and separatist leaders in Jammu and Kashmir are also incorporated **Party**

Government in 48 Democracies (1945-1998) J.J. Woldendorp, Hans Keman, I. Budge, 2013-04-17 Since the 1980s political scientists have developed a renewed interest in the study of political institutions based on the assumption that institutions matter that is that formal governmental institutions and constitutional legal rules as well as informal institutions like parties and interest groups are crucial determinants of the shape of politics and policy outcomes In this respect the new institutionalism resembles the old institutionalism of pre behaviorist days but the crucial difference between the two is that the new institutionalists are committed to systematic empirical testing of their hypotheses at least in principle In practice however especially in comparative analyses this goal has often been frustrated by the lack of reliable data for a large number of countries Researchers have therefore usually been limited to testing their hypotheses with modest data sets collected for their own particular purposes Of all of the political institutions the executive branch of the government is by far the most important it can be regarded as the irreducible core of government and the principal embodiment of political authority with specific powers that are not lodged elsewhere in the political system Almost all countries in the world and certainly all modern democracies have an executive body called government cabinet or administration as in the term the Clinton administration that has the main responsibility for running the country's public affairs *Conflict, Cleavage, and*

Change in Central Asia and the Caucasus Karen Dawisha, Bruce Parrott, 1997-06-13 This volume examines the former Soviet states of Central Asia and the Caucasus *Encyclopedia of Government and Politics* M. E. Hawkesworth, Maurice

Kogan, 2004 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated

coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers Encyclopedia of Government and Politics Mary Hawkesworth, Maurice Kogan, 2013-11-07 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers *Democratic Changes and Authoritarian Reactions in Russia, Ukraine, Belarus and Moldova* Karen Dawisha, Bruce Parrott, 1997-06-13 Edited by two of the world's leading analysts of postcommunist politics this 1997 book brings together distinguished specialists on the former communist countries of Russia and the Western Newly Independent States Chapters on Belarus Moldova and Ukraine plus three chapters on Russia's regional politics its political parties and the overall process of democratization provide an in depth analysis of the uneven pattern of political change in these four countries Karen Dawisha and Bruce Parrott contribute theoretical and comparative chapters on postcommunist political development across the region This book will provide students and scholars with detailed analysis by leading authorities plus research data on political and economic developments in each country **The Democratisation Process in Zanzibar** Mohammed Ali Bakari, 2001 **Governance and Security in Nigeria's Fourth Republic** V. Adefemi Isumonah, Nathaniel Umukoro, 2025-10-30 This book explores the link between the nature of governance and various dimensions of security in Nigeria since the beginning of the fourth republic in 1999 The book begins by laying out the expectations of governance following the restoration of democratic rule Failure to meet these expectations of governance over the subsequent 25 years has led to resistance to authority structures and privileged groups who in turn in their effort at defending their positions employ coercion that has endangered the security of Nigeria This book is different from some previously published books in the field because it engages Nigeria's security challenges in their abstract and concrete forms and connects governance indicators with security or insecurity taking a cue from key themes in state society and intergroup relations This book juxtaposes different governance indicators against various dimensions of security including physical economic food and so on in order to assess whether there is a correlation between the quality of governance in Nigeria and the country's diverse security challenges At a time of increasing conflict in Nigeria this book's analysis will be valuable for researchers across Political Science History Security Studies Law and African Studies *The Anthropology of Africa: Challenges for the 21st*

Century Nkwi, Paul Nchoji, 2015-02-03 In 1999 August 30 September 2 the Pan African Anthropological Association PAAA marked the 10th anniversary of its creation by holding its 9th Annual Conference in Yaounde Cameroon the city and country of its birth The conference themed The Anthropology of Africa Challenges for the 21st Century was attended by some seventy participants mostly African Among the international participants was Dr Sydel Silverman President of the Wenner Gren Foundation at the time a long term partner of the PAAA she was present at the inaugural conference in 1988 The conference proceedings were initially published in 2000 with very limited circulation Given the continued relevance of the papers presented and in view of the call by the President of the PAAA for African anthropologists to reunite anthropological theory and practice in the teaching programmes of African universities the PAAA is pleased to republish the proceedings of its landmark 9th Annual Conference The book consists of forty three divided into eight parts namely i teaching anthropology in the decades ahead ii Health Challenges HIV AIDS Anthropological Perspectives iii NGOS Use and Misuse of Anthropology iv Anthropological Focus on Environment v Some Applied Issues in Anthropology vi The African Family in Crisis vii Ethnicity and Ethnic Conflicts and viii Population issues and anthropology Fertility Crisis Paul Nkwi concludes his introduction to the volume with these words The Anthropology of Africa will remain for a long time fundamentally applied if it is to meet the challenges of the 21st Century

National Counter-Terrorism Strategies R.W. Orttung, A. Makarychev, 2006-12-19 This publication discusses and compares various reactions to the challenges of mass scale terrorism Five countries are at the centre of the research The United States Great Britain France Turkey and Russia each of them being a victim of multiple terrorist attacks This volume is grounded in a conceptual presumption that the countries directly affected by terrorism produce different types of responses Of course there is much in common in all five country cases but the most interesting part of the research exercise is identifying the divergences Based upon this comparative analysis th , *Power-Sharing and Consociational Theory* Brighid Brooks Kelly, 2019-03-25 Fifty years ago academics and policymakers throughout the world agreed that it was impossible for certain sets of historically antagonistic groups to coexist peacefully on a long term basis This book examines the system of consociation which was identified by Arend Lijphart and ended that pessimistic consensus Lijphart s specific observations concerning the impact of consociation are assessed quantitatively and qualitatively facilitated through careful operationalization of his descriptions of consociation s four components grand coalition minority veto proportionality and segmental autonomy Insights derived from a dataset representing the experiences of eighty eight countries are examined further through case study analysis of the seven societies most often discussed in relation to consociation Austria Belgium Canada the Netherlands Northern Ireland South Africa and Switzerland The components of consociation are found to promote lasting peace in divided societies most successfully when combined with additional incentives for the encouragement of cross cutting cleavages and shared loyalties

Israel's Regime Untangled Gal Ariely, 2021-03-04 An examination of the Israeli regime looking at its diverse aspects in order to explore its democratic nature

or otherwise **After Neoliberalism?** Gustavo Flores-Macias, 2012-04-19 Gustavo Flores Macias After Neoliberalism offers the first systemic explanation of why the ever popular left wing governments in Latin American countries have become extremely radical or moderate once in power
