Confronting Educational Policy in

Neoliberal Times Stephanie Chitpin, John P Portelli, 2019-01-08 This volume explores how educational policy is changing as a result of neoliberal restructuring and how these issues affect educators practice Evidence based chapters present a sharp

analysis of neoliberal education policy while also offering suggestions and recommendations for future action to bring about change consistent with more robust understandings of democracy Covering issues relating to historical context philosophical assumptions policy implementation accountability teacher professionalism and standardization Confronting Educational Policy in Neoliberal Times critically engages the ways micro and macro neoliberal politics shapes the purposes and implementation of schooling *Re-reading Education Policies* Maarten Simons, Mark Olszen, Michael A. Peters, 2009 This book collects studies with a critical education policy orientation and presents itself as a handbook of matters of public concern The term critical does not refer to the adoption of a particular theoretical framework or methodology but rather it refers to a very specific ethos or way of relating to the present and the belief that the future should not be the repetition of the past This implies a concern about what is happening in our societies today and what could or should be happening in the future As a consequence the contributors to the book rely on a general notion of public policy that takes on board processes practices and discourses at a variety of levels in diverse governmental and non governmental contexts and considers the relation of policy to power to politics and to social regulation Following the detailed introduction that aims at picturing the landscape of studies with a critical education policy orientation the book presents re readings of six policy challenges globalization knowledge society lifelong learning equality democracy social inclusion accountability control efficiency and teacher professionalism It seeks to contextualise these in relation to issues of current global concern at the start of the 21st century Despite the diversity of approaches this collection of critical education policy studies shares a concern with what could be called the public and its education and represents a snapshot of education policy research at a particular time
