Contemporary Society An Introduction To Social Science

John A Perry, Erna K Perry

Contemporary Society An Introduction To Social Science:

Contemporary Society John Perry, Erna Perry, 2016-04-14 This best selling text emphasizes why social and cultural changes are the pervasive realities of our time. A key theme of *Contemporary Society* is that the transition from an industrial to a post industrial order in today's world is fraught with difficulties as was the transition from an agricultural to an industrial order in an earlier era. Within this framework we can observe the increasing fragmentation of the social order today which tends to lead people away from community and a common purpose more often bringing conflict and disunity. Still countervailing social forces are also at work providing some stability some shelter in a sea of change. Ever more societies are faced with the rapid and transformative power of information technology which helps propel separate groups of people into a global entity. This introduction to the social sciences shows what the authors have learned from such disciplines as anthropology geography history sociology psychology political science and economics and how to apply social science approaches to an ever faster tempo of change. The authors cover family life interaction with others racial and ethnic diversity education religion population environment and many other topics analyzed in a student friendly approach. New to this Edition The integration and flow of the text has been improved for better student comprehension. Expanded selection of Web Links to many more sites for student research many relevant to their interests and entertainment choices. Enriched focus on applying social science knowledge to current events transcending a complete reliance on assumptions from the media. New expanded coverage on topics throughout the book including New findings from global warming research and its implications for social life and policy. New developments in race relations in an integrated approach throughout many chapters. Deepening inequality and the implications that threaten family education and student futures nationally and globally. Gender including new developments in legal gay marriage and transgender. Expanded coverage of genetics and the medical potential of human genome sequencing. New developments in astrophysics and their potential implications for society. Updated Statistics throughout.

Contemporary Society John A. Perry, Erna K. Perry, 2015-10-02 This best selling text emphasizes that social and cultural changes are the pervasive realities of our era. One of the main themes of *Contemporary Society* is that the transition from an industrial to a post industrial order in the modern world is fraught with difficulties as was the transition from an agricultural to an industrial order in an earlier era. Within this framework we can observe the increasing fragmentation of the social order which tends to lead people away from community and a common purpose and often invites conflict and disunity. At the same time countervailing social forces are also at work providing some stability some shelter in the storm. Finally societies are faced with the rapid and transformative power of information technology a fact that propels separate groups of people into a global entity.

Contemporary Society John A. Perry, 1984 [Study Guide for Contemporary Society](#) John Ambrose Perry, Erna

Perry, 1972 **Contemporary Society** John Ambrose Perry, Erna K. Perry, 2002 This best selling text offers an overview of

how the various social sciences perceive the world around us emphasizing social change and how it impacts society

Contemporary Society Tenth Edition uses a journalistic writing style but does not skimp on scholarly data and references The authors reinforce the idea that the transition from an industrial to a post industrial order is fraught with difficulties as was the transition from an agricultural to an industrial order This framework also illustrates the increasing fragmentation of the social order which leads people away from community and a common purpose to conflict and dissension

Contemporary Society John Perry,1998-03 *Contemporary Society* John A Perry,Erna K Perry,2016-04-14 This best selling text emphasizes why social and cultural changes are the pervasive realities of our time A key theme of Contemporary Society is that the transition from an industrial to a post industrial order in today s world is fraught with difficulties as was the transition from an agricultural to an industrial order in an earlier era Within this framework we can observe the increasing fragmentation of the social order today which tends to lead people away from community and a common purpose more often bringing conflict and disunity Still countervailing social forces are also at work providing some stability some shelter in a sea of change Ever more societies are faced with the rapid and transformative power of information technology which helps propel separate groups of people into a global entity This introduction to the social sciences shows what the authors have learned from such disciplines as anthropology geography history sociology psychology political science and economics and how to apply social science approaches to an ever faster tempo of change The authors cover family life interaction with others racial and ethnic diversity education religion population environment and many other topics analyzed in a student friendly approach New to this Edition The integration and flow of the text has been improved for better student comprehension Expanded selection of Web Links to many more sites for student research many relevant to their interests and entertainment choices Enriched focus on applying social science knowledge to current events transcending a complete reliance on assumptions from the media New expanded coverage on topics throughout the book including New findings from global warming research and its implications for social life and policy New developments in race relations in an integrated approach throughout many chapters Deepening inequality and the implications that threaten family education and student futures nationally and globally Gender including new developments in legal gay marriage and transgender Expanded coverage of genetics and the medical potential of human genome sequencing New developments in astrophysics and their potential implications for society Updated Statistics throughout

Contemporary Society John Ambrose Perry,1974 This best selling book combines up to date information historical background social science concepts research and down to earth explanations in an accessible journalistic style Contemporary Society offers an overview of the social sciences by presenting a perspective on how the social science disciplines perceive the world around us The book has been completely updated to reflect the shifts in contemporary society while retaining the centralized theme of change The authors reinforce the idea that the transition from an industrial to a postindustrial order is fraught with difficulties as was the transition from an agricultural

to an industrial order The increasing fragmentation of the social order which leads people away from community and a common purpose to conflict and disunity is also shown in this framework For anyone interested in the social sciences and the shifting of contemporary society Contemporary American Society Willard Sloshberg, William C. NesSmith, 1988

Contemporary Society; an Introduction to Social Science [Compiled By] John A. Perry [And] Murray B. Seidler John Ambrose Perry (1931- Comp), Murray Benjamin Seidler (1924- Joint Comp), 1972 *Contemporary Society* John Ambrose Perry, Erna Perry, 1980 **Patterns of Contemporary Society** John Ambrose Perry, Murray Benjamin Seidler, 1978
