African Immigrants in Contemporary Spanish Texts Debra Faszter-McMahon, Victoria L. Ketz, 2016-03-09 Around the turn of 21st Century Spain welcomed more than six million foreigners many of them from various parts of the African continent How African immigrants represent themselves and are represented in contemporary Spanish texts is the subject of this interdisciplinary collection Analyzing blogs films translations and literary works by contemporary authors including Donato Ndongo Equatorial Guinea Abderrahman El Fathi Morocco Chus Guti rrez Spain Juan Bonilla Spain and Bahia Mahmud Awah Western Sahara the contributors interrogate how Spanish cultural texts represent idealize or sympathize with the plight of immigrants as well as the ways in which immigrants themselves represent Spain and Spanish culture At the same time these works shed light on issues related to Spain s racial ethnic and sexual boundaries the appeal of images of Africa in the contemporary marketplace and the role of Spain s economic crisis in shaping attitudes towards immigration Taken together the essays are a convincing reminder that cultural texts provide a mirror into the perceptions of a society during times of change

Memory and Spatiality in Post-Millennial Spanish Narrative Lorraine Ryan, 2016-04-22 Focusing on literary texts produced from 2000 to 2009 Lorraine Ryan examines the imbrication between the preservation of Republican memory and the transformations of Spanish public space during the period from 1931 to 2005 Accordingly Ryan analyzes the spatial empowerment and disempowerment of Republican memory and identity

in Dulce Chac n s Cielos de barro ngeles L pez s Martina la rosa n mero trece Alberto M ndez s Los girasoles ciegos Carlos Ruiz Zaf n s La sombra del viento Emili Teixidor s Pan negro Bernardo Atxaga s El hijo del acordeonista and Jos Mar a Merino s La sima The interrelationship between Republican subalternity and space is redefined by these writers as tense and constantly in flux undermined by its inexorable relationality which leads to subjects endeavoring to instill into space their own values Subjects erode the hegemonic power of the public space by articulating in an often surreptitious form their sense of belonging to a prohibited Republican memory culture In the democratic period they seek a categorical reinstatement of same on the public terrain Ryan also considers the motivation underlying this coterie of authors commitment to the issue of historical memory an analysis which serves to amplify the ambits of existing scholarship that tends to ascribe it solely to postmemory

Spanish Cinema in the Global Context Samuel Amago,2013-09-11 Across a broad spectrum of media markets and national contexts self reflexivity continues to be a favored narrative mode with wide ranging functions In this book Amago argues that in addition to making visible industry and production concerns within the film text reflexive aesthetics have a cartographic function that serves to map the place of a film geographic and cultural within the global cinemascap and thus to bring into sharper relief images of the national Focusing on films in the contemporary Spanish context that in some way reflect back on themselves and the processes of their own production that purposefully blur the distinction between reality and fiction or that draw attention to the various modes of cinematic exhibition and reception Amago proposes ways in which these movies can be employed to understand Spanish national cinemas today as imbedded within a dynamic global system

Contemporary Hispanic Poets: Cultural Production in the Global, Digital Age John Burns,2015-03-15 Poets writing in Spanish by the end of the twentieth century had to contend with globalization as a backdrop for their literary production They could embrace it ignore it or potentially re imagine the role of the poet altogether This book examines some of the efforts of Spanish language poets to cope with the globalizing cultural economy of the late twentieth century This

study looks at the similarities and differences in both text and context of poets some major and some minor writing in Chile Mexico the Mexican American community and Spain These poets write in a variety of styles from highly experimental approaches to poetry to more traditional methods of writing Included in this study are Chileans Ra l Zurita and Cecilia Vicu a Spaniards Leopoldo Mar a Panero and Luis Garc a Montero Mexicans Silvia Tomasa Rivera and Guillermo G mez Pe a and Mexican American Juan Felipe Herrera Some of them embrace and are even embraced by media both old and new whereas others eschew it Some continue their work in the vein of national traditions while others become difficult to situate within any one single national tradition Exploring the varieties of strategies these writers employ this book makes it clear that Spanish language poets have not been exempt from the process of globalization Individually these poets have been studied to varying degrees Globalization has been studied extensively from a variety of disciplinary approaches particularly in the context of the Latin American region and Spain However it is a relative rarity to see poets being studied as they are in this work in terms of their relationship to globalization Taken as a sample or snapshot of writing tendencies in Latin American and Spanish poetry of the late twentieth century this book studies them as part of a greater circuit of cultural production by establishing their literary as well as extra literary genealogies and connections It situates these poets in terms of their writing itself as well as in terms of their literary traditions their methods of contending with neoliberal economic models and global information flows from the television and Internet Although many literary critics attempt to study the connections and relationships between poetry and the world beyond the page few monographs go about it the way this one does It takes a transatlantic approach to contemporary Spanish language poetry focusing on poets on poets from Spain and the American continent emphasizing their connections commonalities and differences across increasingly porous borders in the age of information The relationship between text and context is explored with a cultural studies approach more often associated with media studies than with literary studies Literature is not treated as a privileged object of isolated study but rather as a system of ideas and images that is deeply interwoven with other forms of human expression that have arisen in the last decades of the twentieth century The result is a suggestive analysis of the figure of the poet in the broader globalized marketplace of cultural goods and ideas Contemporary Hispanic Poets Cultural Production in the Global Digital Age is an important book for library collections in Spanish Latin American and Iberian Studies Chicano Studies

Masculine Virtue in Early Modern Spain Shifra Armon, 2016-03-03 Masculine Virtue in Early Modern Spain extricates the history of masculinity in early modern Spain from the narrative of Spain's fall from imperial power after 1640 This book culls genres as diverse as emblem books poetry drama courtesy treatises and prose fiction to restore the inception of courtiership at the Spanish Hapsburg court to the history of masculinity Refuting the current conception that Spain's political decline precipitated a crisis of masculinity Masculine Virtue maps changes in figurations of normative masculine conduct from 1500 to 1700 As Spain assumed the role of Europe's first modern centralized empire codes of masculine conduct changed to meet the demands of global rule Viewed chronologically Shifra Armon shows Spanish conduct literature to reveal three axes of transformation The ideal subject gendered male in both practice and law became progressively more adaptable to changing circumstances more intensely involved in currying his own public image and more desirous of achieving renown By bringing recent advances in gender theory to bear on normative rather than non normative masculinities of early modern Spain Armon is able to foreground the emergence of energizing new models of masculine virtue that continue to resonate today

Spanish Women Writers and Spain's Civil War Maryellen Bieder, Roberta Johnson, 2016-12-01 The Spanish Civil War 1936 1939 pitted conservative forces including the army the Church the Falange fascist party landowners and industrial capitalists against the Republic installed in 1931 and supported by intellectuals the petite bourgeoisie many campesinos farm laborers and the urban proletariat Provoking heated passions on both sides the Civil War soon became an international phenomenon that inspired a number of literary works reflecting the impact of the war on foreign and national writers While the literature of the period has been the subject of scholarship women's literary production has not been studied as a body of work in the same way that literature by men has been and its unique features have not been examined Addressing this lacuna in literary studies this volume provides fresh perspectives on well known women writers as well as less studied ones whose works take the Spanish Civil War as a theme The authors represented in this collection reflect a wide range of political positions Writers such as Maria Zambrano Merc Rodoreda and Josefina Aldecoa were clearly aligned with the Republic whereas others including Mercedes Salisachs and Liberata Masoliver sympathized with the Nationalists Most however are situated in a more ambiguous political space although the ethics and character portraits that emerge in their works might suggest Republican sympathies Taken together the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history *Approaches to Teaching Cervantes's Don Quixote* James A. Parr, Lisa Vollendorf, 2015-06-01 This second edition of *Approaches to Teaching Cervantes's Don Quixote* highlights dramatic changes in

Topographies of Fascism Nil Santiáñez-Tió,2013-01-01 Topographies of Fascism offers the first comprehensive exploration of how Spanish fascist writing essays speeches articles propaganda materials poems novels and memoirs represented and created space from the early 1920s until the late 1950s Nil Santi ez contends that fascism expressed its views on the state the nation and the society in spatial terms for example the state as a building the nation as an organic unity and society as the people s community just as its adherents celebrated fascism in its architecture public spectacles and military rituals While Topographies of Fascism centres on Spain a nation that produced a large number of fascist texts focused on space it also draws on works written by key German Italian and French fascist politicians and intellectuals Ultimately it provides an innovative model for analyzing the comparable yet often overlooked strategies of symbolic representation and production of space in fascist political and cultural discourse

The Edwardians and the Making of a Modern Spanish Obsession Kirsty Hooper,2020-05-14 What did the Edwardians know about Spain and what was that knowledge worth The Edwardians and the Making of a Modern Spanish Obsession draws on a vast store of largely unstudied primary source material to investigate Spain s place in the turn of the century British popular imagination Set against a background of unprecedented emotional economic and industrial investment in Spain the book traces the extraordinary transformation that took place in British knowledge about the country and its diverse regions languages and cultures between the tercentenary of the Spanish Armada in 1888 and the outbreak of World War I twenty six years later This empirically grounded cultural and material history reveals how for almost three decades Anglo Spanish connections their history and culture were more visible more colourfully represented and more enthusiastically discussed in Britain s newspapers concert halls council meetings and schoolrooms than ever before It shows how the expansion of education travel and publishing created unprecedented opportunities for ordinary British people not only to visit the country but to see the work of Spanish and Spanish inspired artists and performers in British galleries theatres and exhibitions It explores the work of novelists travel writers journalists scholars artists and performers to argue that the Edwardian knowledge of Spain was more extensive more complex and more diverse than we have imagined

Contemporary Spanish Prints ,1994 *The Uncanny Child in Transnational Cinema* Jessica Balanzategui,2025-10-01 The Uncanny Child in Transnational Cinema illustrates how global horror film depictions of children re conceptualised childhood at the turn of the twenty first century By

analysing an influential body of transnational horror films largely stemming from Spain Japan and the US Jessica Balanzategui shows how millennial uncanny child characters resist embodying growth and futurity unravelling concepts to which the child's symbolic function is typically bound The book proposes that complex cultural and industrial shifts at the turn of the millennium resulted in these potent cinematic renegotiations of the concept of childhood By demonstrating both the culturally specific and globally resonant properties of these frightening visions of children who refuse to grow up the book outlines the conceptual and aesthetic mechanisms by which long entrenched ideologies of futurity national progress and teleological history started to waver at the turn of the twenty first century *Daring Adaptations, Creative Failures and Experimental Performances in Iberian Theatre* María Chouza-Calo, Esther Fernández, Jonathan Thacker, 2023-05-15 In this volume we are particularly interested in approaching theatre and performance as a dynamic and evolving practice of continuous change regeneration and cultural mobility Neither the dramatic texts nor their stage versions should be viewed as finished products but as creative processes in the making Their richness lies in their unfinished and never ending potential energy and their openness to constant revision rehearsal revival and collective enterprise This edited collection aims to create a dialogue on the artistic processes implicated in the various ways of working with the play text the staging practices the way audiences and critical reception can impact a production and the many lives of Iberian theatre beyond the page or the stage That is its cultural and social legacies
