RICHARD DUNPHY

Contesting Capitalism Left Parties And European Integration

Fabien Escalona, Daniel Keith, Luke March

Contesting Capitalism Left Parties And European Integration:

Contesting Capitalism? Richard Dunphy, 2004 Keynes was an elitist and pro capitalist economist whom the left should embrace with caution But his analysis provides a concreteness missing from Marx and engages with critical issues of the modern world that Marx could not have foreseen This book argues that a critical Marxist engagement can simultaneously increase the power of Keynes s insight and enrich Marxism Dunn explores Keynes s work in the context of the extraordinary times in which he lived his philosophy and his politics By offering a detailed overview of his critique of mainstream economics and General Theory Dunn argues that Keynes provides an enduringly valuable critique of orthodoxy and develops a Marxist appropriation of Keynes s insights The book considers the prospects of returning to Keynes critically reviewing the practices that have come to be known as Keynesianism and the limits of the theoretical traditions that have made claim to his legacy

The Far Left: Killing American Capitalism and Raising of Socialism with More Enslavement of the Citizenry Gaines Bradford Jackson BS MS DrPH, 2023-05-08 This book was written to inform the reader that a few selected far left ideas of today s Democratic Political Party is simply poison for America or any nation for that matter As it leads to mass demonstrations and active shooter situations that are horrible in today s society in the mind of the author Hopefully the reading of this book will turn one s mind away from the far left back to the moderate right and rational sanity smaller Federal government and peace and tranquility for the American people The Impact of European Integration on Political Parties Dimitri Almeida, 2012 Introduction political parties and the politicization of Europe Approaches to the study of party responses to European integration An acquired taste for Europe social democratic parties and European Integration Between reluctant Europeanism and hard Euroscepticism radical left parties and European integration Separate ways liberal parties and European integration Diluted Europeanism Christian democratic parties and European integration Europeanized Eurosceptics radical right parties and European integration Conclusion The Palgrave Handbook of Radical Left Parties in Europe Fabien Escalona, Daniel Keith, Luke March, 2023-04-17 This profound and insightful handbook aims to promote critical reflection on the way we conceptualise and study the radical left and to advance research by asking new questions Radical left parties in Europe have been the subjects of significant study in the last decade aided by the demonstrable success of newer parties like the Greek Syriza and Spanish Podemos as well as the persistence of more established actors like the German Die Linke Nevertheless the emergent literature remains patchy and many elements of the party family still poorly understood This handbook brings together a range of leading analysts to provide a definitive compendium one that provides both students and scholars with an informative and easy to use guide to the radical left in Europe Through utilising a common analytical framework to analyse the radical left in 19 European countries within and outside the EU the Palgrave Handbook of Radical Left Parties in Europe provides a wealth of comparable data on a wide number of cases to provide a sound basis for future studies This rigorous comparative framework allied with the unprecedented in depth overview of the

development of the European radical left over the past two decades makes this handbook an essential starting place for those interested in all aspects of the radical left as a party family **European Integration and the Communist Dilemma**

Giorgos Charalambous, 2016-07-22 *European Integration and the Communist Dilemma* assesses the response of communist parties to European integration using three contrasting and comparatively significant case studies from Greece Cyprus and Italy These parties in common with other radical parties in Europe face a continuing strategic dilemma with regard to Europe through which larger questions about communist ideology and identity can be illuminated Exploring the tendency of communist parties to face a trade off between domestic legitimacy and electoral concerns and their nature as parties professing opposition to the systemic currents of capitalism and European integration the author provides a fascinating study of the nuances in deciding whether to adopt ideological consistency or undergo moderation Blending advances in party politics communist history and Europeanization research the book devises a framework that overcomes the deficiencies of uni dimensional approaches to the study of parties and Europe In this manner wider insights on the national party politics of European integration are drawn Crisis, Austerity and Transnational Party Cooperation in Southern Europe Vladimir

Bortun, 2023-10-23 The most internationalist of all party families the radical left has paradoxically always lagged behind in its cooperation at the EU level The previous decade however the transnational character of the Eurozone crisis and its austerity centred management provided a strong incentive to remedy that By focusing on the relations between three prominent members of this party family at the time SYRIZA Podemos Left Bloc this book shows how and why the transnational cooperation on the radical left largely failed to deliver in a propitious context With implications for the study of other party families the book lays out the key factors that prevented the European radical left from coming together to provide an alternative to the neoliberal status quo in the EU The Radical Left Party Family in Western Europe, 1989-2015 Paolo

Chiocchetti, 2016-10-04 This book provides an innovative analysis and interpretation of the overall trajectory of the Western European radical left from 1989 to 2015 After the collapse of really existing communism this party family renewed itself and embarked on a recovery path seeking to fill the vacuum of representation of disaffected working class and welfarist constituencies created by the progressive neoliberalisation of European societies The radical left thus emerged as a significant factor of contemporary political life but despite some electoral gains and a few recent breakthroughs SYRIZA in Greece PODEMOS in Spain it altogether failed to embody a credible alternative to neoliberalism and to pave the way for a turn to a different developmental model This book investigates why this was the case combining aggregate 17 countries case study Germany Italy and France and comparative methods It accurately charts the evolution of the nature strength cohesion and influence of the Western European radical left offering new insights in explaining its behaviour success and limits It is essential reading for scholars students and activists interested in the radical left and in contemporary European politics

Radical Left Parties in Europe Luke March, 2012-03-12 What has happened to the European radical left after the collapse

of the USSR How has it reacted reformed even revived This new volume is one of the first to provide an overview of the main developments in contemporary European radical left parties those defining themselves as to the left of and not merely on the left of social democracy which are now an increasingly visible phenomenon in European party politics Unlike many of the existing studies it focuses on communist and non communist parties addresses their non parliamentary and international activity and takes a pan European perspective focusing on both Eastern and Western Europe March focuses on key contemporary left parties the nature of their radicalism and their ideological and strategic positions and overall addresses their current dynamics and immediate electoral prospects The book argues that radical left parties are still afflicted by existential crises about the nature of socialism and the future of communist parties in particular is under threat The most successful left parties are no longer extremist but present themselves as defending values and policies that social democrats have allegedly abandoned focus on pragmatism rather than ideology and increasingly orientate themselves towards government Providing a significant contribution to existing literature in the field this book will be of interest to students and scholars of comparative politics political parties and radical politics

Ideology and the Microfoundations of Conflict

Veronika Muller, Thomas Gries, 2024 This book combines well known theoretical elements of various disciplines to form a broad picture of the role of ideologies in conflicts in particular the supply and demand side of the ideological market namely why individuals choose particular ideologies and how radical groups and organizations use them to address individuals specific needs for the purpose of recruitment This allows better understanding of the socio psychological dynamics of social conflicts why adopting particular ideologies is reasonable given certain socio economic conditions why individuals stick to destructive ideologies and why they embrace major personal risks to join radical groups and advance the goals of these groups

Europe's Radical Left Luke March, Daniel Keith, 2016-10-20 Although the most pernicious consequences of the crisis have apparently abated the long term political repercussions remain unclear Whereas most attention has focused on the right wing populist parties the rejuvenation of the left is an unwritten story of post crisis politics This volume addresses this story with three principal aims to examine the radical left intellectual response to the crisis i e how actors conceptualise the causes of crisis and its consequences to examine the radical left electoral response to the crisis i e how the crisis has aided or weakened the electoral success of radical left parties and movements to examine organisational responses i e whether the crisis has resulted in new party structures methods of organising and internal party tendencies The result is a comprehensive compendium drawing on cutting edge research from leading European experts to present the first comparative analysis of how the far left of the political spectrum has responded to the crisis It furthers our understanding both of the dynamics of European party systems and the wider consequences of the Great Recession

Political Parties and Euroscepticism L. Topaloff, 2012-07-06 An exploration of what drives party based Euroscepticism and why some parties are Eurosceptic This book looks at what makes mainstream opposition parties careful not to appear Eurosceptic and asks

whether Euroscepticism is an aberration of politics an extreme populist ideology or just politics as usual *New Challenges for Stateless Nationalist and Regionalist Parties* Eve Hepburn, 2013-10-18 Throughout Europe stateless nationalist and regionalist parties have moved from niche actors in party systems to mainstream political players No longer the outsider in party politics these parties have successfully entered government at the regional and state levels and many have been responsible for pushing the agenda for radical constitutional change in the United Kingdom Spain Italy Belgium Germany and France However the transformation of these parties from peripheral movements to established parties of government does not come without its problems Whilst these parties were once able to focus on the single issue of self determination they have been forced to change their strategies alter their behaviour and compromise on their principles in order to succeed in an era of electoral volatility partisan dealignment and multi level governance This book explores how stateless nationalist and regionalist parties across Western Europe have responded to the twin challenges of multi level politics i e operating at the regional state and European levels and a multi dimensional policy space whereby they must articulate policy proposals alongside their territorial demands Written by leading experts in the field this is a cutting edge collection of theoretical analytical and empirical work on the challenges currently facing nationalist and regionalist parties in Europe This book was previously published as a special issue of *Regional and Federal Studies* **Authoritarian Liberalism and the**

Transformation of Modern Europe Michael A. Wilkinson, 2021 Oxford Constitutional Theory has rapidly established itself as the primary point of reference for theoretical reflections on the growing interest in constitutions and constitutional law in domestic regional and global contexts The majority of the works published in the series are monographs that advance new understandings of their subject But the series aims to provide a forum for further innovation in the field by also including well conceived edited collections that bring a variety of perspectives and disciplinary approaches to bear on specific themes in constitutional thought and by publishing English translations of leading monographs in constitutional theory that have originally been written in languages other than English Book jacket [Interdisciplinary Research Methods in EU Law](#)

Rossana Deplano, Giulia Gentile, Luigi Lonardo, Tobias Nowak, 2024-06-05 This comprehensive Handbook provides a critical and analytical guide to the application of interdisciplinary research methods in EU law and explores the advancement of the EU legal landscape from an interdisciplinary research perspective Venturing beyond doctrinal legal scholarship it reflects on the cognitive synergies between EU law and other disciplines and advances the debate on contemporary trends in EU law research This title contains one or more Open Access chapters [Rethinking Democratisation in Spain, Greece and Portugal](#) Maria Elena Cavallaro, Kostis Kornetis, 2019-04-23 This edited collection explores the ways in which the 2008 2009 social and economic crisis in Southern Europe affected the interpretation of the transitional past in Spain Greece and Portugal Discussing topics such as public memory Europeanism and uses of the past by grassroots movements the volume showcases how the crisis challenged consolidated perceptions of the transitions as success stories It revisits the dominant historical

narratives around Southern European transitions to democracy more than forty years since the demise of authoritarian regimes bringing together contributors from history cultural studies political science and sociology *The Media, European Integration and the Rise of Euro-journalism, 1950s-1970s* Martin Herzer, 2019-12-11 This book explains how the media helped to invent the European Union as the supranational polity that we know today Against normative EU scholarship it tells the story of the rise of the Euro journalists pro European advocacy journalists within the post war Western European media The Euro journalists pioneered a journalism which symbolically magnified the technocratic European Community as the embodiment of Europe Normative research on the media and European integration has focused on how the media might help to construct a democratic and legitimate European Union In contrast this book aims to deconstruct how journalists as part of Western European elites played a key role in elite European identity building campaigns

Radical Left Parties and National Identity in Spain, Italy and Portugal Jacopo Custodi, 2024-01-19 This book investigates how the radical left navigates the terrain of nationalism Traversing Spain Italy and Portugal this in depth study examines how radical left parties either embrace rebuff or reshape nationalistic sentiments From Spain s Podemos grappling with Franco s legacy Italy s radical left switching from anti fascist patriotism to cosmopolitanism to Portugal s revolutionary echoes in left leaning banal nationalism the book offers comprehensive insight into the often overlooked relationship between radical left politics and national identity Through discourse analysis interviews and participant observation it delves into the reasons behind certain political positions and how they manifest discursively A must read for those eager to decipher the crossroads of national identity and left wing politics in contemporary Europe

Euroscepticism in Southern Europe Susannah Verney, 2013-09-13 Euroscepticism has emerged as a growing constraint on European integration starting with the Maastricht Treaty in the early 1990s continuing with the mid 2000s constitutional debacle and intensifying with the eurozone crisis a crisis in which Southern Europe has played a key role But is opposition to European integration really greater now than in the past The only way to answer this question is through diachronic studies focusing on change over time This is the gap in the literature which the present volume aims to fill through an examination of the origins evolution and prospects of opposition to integration focusing on a region traditionally regarded as exceptionally europhile As a laboratory for the study of attitudes towards European integration Southern Europe offers a particularly rich range of case studies including a founder member Italy three second generation states Greece Spain and Portugal two recent entrants Cyprus and Malta and a negotiating candidate Turkey The volume traces the evolution of euroscepticism in each South European country assessing its significance identifying key turning points and highlighting both continuity and change Covering party and popular euroscepticism the book illuminates similarities and differences between national experiences of euroscepticism This book was published as a special issue of South European Society and Politics

The Palgrave Handbook of Left-Wing Extremism, Volume 2 José Pedro Zúquete, 2023-09-21 This handbook provides a broad overview of left wing extremism and its associated key issues

and themes It breaks new ground by assembling a comparative analysis of the phenomenon that is both multidimensional and multidisciplinary Gathering a wide range of influential scholars who have worked at length in the field of extremism studies from different perspectives backgrounds and geographical settings the Palgrave Handbook of Left Wing Extremism presents an array of thought provoking and innovative as well as informative analyses and discussions both historical and contemporary about the phenomenon of left wing extremism and of how researchers conceive of and approach it in their study The Handbook is designed to be for the foreseeable future the reference work for all students researchers and general readers interested in achieving a comprehensive understanding of left wing extremism in all its manifestations subtleties and dynamics and both its current and its potential directions

Euroscepticism as a Transnational and Pan-European Phenomenon John FitzGibbon, Benjamin Leruth, Nick Startin, 2016-08-19 As the EU enters an increasingly uncertain phase after the 2016 Brexit referendum Euroscepticism continues to become an increasingly embedded phenomenon within party systems non party groups and within the media Yet academic literature has paid little attention to the emergence of and increased development of transnational and pan European networks of EU opposition As the gap between Europe's mainstream political elites and an increasingly sceptical public has widened pan European spheres of opposition towards the EU have developed and evolved The volume sets out to explain how such an innately contradictory phenomenon as transnational Euroscepticism has emerged It draws on a variety of perspectives and case studies in a number of spheres the European Parliament political parties the media civil society and public opinion Examining to what extent the pan European dimension of Euroscepticism is becoming increasingly influential it argues that opposition to European integration has for too long been viewed somewhat narrowly through the paradigm of national party politics This text will be of key interest to scholars students and professionals in EU politics European studies political parties and more broadly to comparative politics and international relations

Decoding **Contesting Capitalism Left Parties And European Integration**: Revealing the Captivating Potential of Verbal Expression
