**Contingent Ardor** Denise Liddell Lawson, 2002 Poetry CONTINGENT ARDOR is a collection of poems about desire a series of love letters constructed through a surreal collage of compressed images Inspired by the palimpsest principle in HD s work many of the poems are composed over existing texts including interviews dialogues and liturgy Tell me about yourself Inflection expresses pleasure Where are you from A house with many drawers and in each one is a bird Your race Monarch orange and bristling from Voir Dire **The Fullness of the Logos in the Key of Life** Anna-Teresa

Tymieniecka, 2011-09-20 This highly personal account of a lifetime s spiritual and philosophical enquiry charts the author s journey of faith through contemporary culture Distinguishing between what she posits as the universal and the rhapsodic logos Tymieniecka interrogates concepts as varied as creativity and the media joy and suffering and truth and ambiguity She contemplates the possibilities and limits of communication between human beings and outlines what she calls the transnatural destiny of the human soul The book asserts that unlike theory which unfolds a logical continuity and unlike dialogue which is directed sequentially upward toward intellectual conclusions the mode of reflection of the rhapsodic logos imposes no limits or caps upon its understanding Instead the logoic flow interlaces the rhapsodic cadences of our reflections on reality in all their innumerable fluctuations and sifts them to mold the intimate mind soul inwardness that we experience as faith The radiative meditations of this rhapsodic logos weave their way through the entanglements of the mystery of incarnation the constitutive archetypes the inwardly sacred the transnatural destiny of the soul and finally ascend the rhapsodic scales toward culminating faith in the Christo Logos **U.S. Army Counterinsurgency and Contingency Operations Doctrine, 1942-1976** Andrew James Birtle, 2006 CMH Pub 70 98 1 This study examines the nature of

Rowe, 2008-08-20 William Miller was the founder of the modern American millennial tradition Using various dates found in scripture he sought to calculate the chronology of Christ s return to earth Although his prediction that Christ would visibly return in 1843 failed spectacularly followers reinterpreted his message and laid the basis for the modern Seventh day Adventist Church In this book David L. Rowe utilizes the vast collection of Miller primary materials to reconstruct Miller s life He relies on information found in correspondence Rowe gives special attention to the Miller family connections and to Miller s personal identity struggles documenting a deep tension between proclivities for both obedience and rebellion *A new Dictionary of the English Language. ... **The Metaphysics of Dante's Comedy** Christian Moevs,2008-10-13 The recovery of Dante s metaphysics which are very different from our own is essential argues Christian Moevs if we are to resolve what has been called the central problem in the interpretation of the Comedy That problem is what to make of the Comedy s claim to the status of revelation vision or experiential record as something more than imaginative literature In this book Moevs offers the first sustained treatment of the metaphysical picture that grounds and motivates the Comedy and the relation between those metaphysics and Dante s poetics Moevs arrives at the radical conclusion that Dante believed that all of what we perceive as reality the spatio temporal world is in fact a creation or projection of conscious being Armed with this new understanding Moevs is able to shed light on a series of perennial issues in the interpretation of the Comedy *Genesis 2000* Ysatis De Saint Simon,2000-01-01 *Genesis 2000* The Forbidden Initiatic Version is based on the original Hebrew Language lost six hundred years before Christ and in which Moses wrote Genesis *Genesis 2000* is a profound spiritual scientific text which has never been published before for good reasons The Bible which we possess is far from being the exact translation of the Genesis of Moses The French scholar who restored the tongue of Moses to its original purity knew very well that he would clash with old age accepted religious errors and prejudices if he did so He said In choosing to restore the Hebraic tongue to its original form I have not been ignorant of any of the difficulties nor any of the dangers awaiting me But if one had to listen always to those pusillanimous

Zwicker, 2018-05-31 Focusing on the turbulent years between the execution of Charles I and the triumph of William III Steven N Zwicker reads English literature as a series of brilliant and deeply engaged polemical contests Zwicker juxtaposes overtly polemical writings pamphlets broadsides and ballads with canonical works including epic historical verse tragedy and satire in order to demonstrate how literature not only reflected on political action but also formed an important site of political exchange Zwicker maintains that

the sources of Restoration culture lay within the civil war years of the 1640s and that the memory of those years shaped writing and politics for the remainder of the century In sensitive readings of such classic texts as Walton s Compleat Angler Marvell s First Anniversary and Last Instructions Milton s Paradise Lost Dryden s Annus Mirabilis and Absalom and Achitophel and Locke s Two Treatises of Government he shows how these texts both engaged with pamphlet squib and broadside and challenged one another over the possession of cultural authority Zwicker s analysis provides a new understanding of the connections between politics and aesthetics in the later seventeenth century and an appreciation for the texture of this culture Successfully integrating literary history and political analysis Lines of Authority will be valuable reading for a broad audience in the fields of Restoration and Protectorate literature literary history cultural and intellectual history and the history of political thought
